(Copy.)

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *October 12, 1864.*

[SEAL.]

Col. HERMAN BIGGS,

Quartermaster's Dep't.

SIR:—The premises on Christian street, recently used for hospital purposes by the U. S. Government, were originally designed for the accommodation of the sick and wounded of the Philadelphia Home Guard, when in May, 1861, it was supposed that such organization would have active service.

These premises were afterwards used by the Government without any formal assent thereto from the City, but with its full acquiescence.

I do not feel authorized to sanction the occupancy of this property as quarters for a Provost Guard, but if the Government desires to retain it for such purpose, and will obtain the consent of the City Councils, I shall gladly con-

cur, and in the meantime I trust that the necessary oversight of the building will be continued.

I am, very respectfully, &c.

(Signed.) ALEXANDER HENRY,
Mayor of Philadelphia.

QUARTERMASTER'S OFFICE,
PHILADELPHIA, *October 12th, 1864.*

To the Common Council
of the City of Philadelphia.

GENTLEMEN:—The Christian Street U. S. A. General Hospital having been vacated by the Medical Department, I respectfully request to be informed if you will authorize its use by the government for other than hospital purposes.

I enclose herewith a copy of a letter from his honor, Mayor Henry, to whom application was made, and who will gladly concur, if the sanction of Councils is obtained.

I am very respectfully your obedient servant,

HERMANN BIGGS,
Colonel, Quartermaster's Department.

The following message was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *October 20th, 1864.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN :—Major General David Bell Birney, U. S. Vols., died on the night of Tuesday last, at his residence in this city.

Four weeks ago your Chamber adopted a joint resolution of welcome to General Birney, tendering to him the Hall of Independence that he might receive the merited congratulations of his fellow citizens.

The conspicuous and successful military career of Gen-

eral Birney since the beginning of the rebellion, has reflected honor upon the city of his adoption, and it is proper that Philadelphia should evince a grateful appreciation of his eminent self-devotion and patriotism, and should manifest a sense of the public loss, in the decease of this able soldier and honored citizen.

Respectfully,

ALEXANDER HENRY,

Mayor of Philadelphia.

Mr. Sulger thereupon, (on leave,)

Read in his place and presented to the Chair the following

RESOLUTIONS

In honor of the late Major-General David B. Birney.

Whereas, It has pleased Almighty God to remove by death from our midst Major-General David B. Birney, at a time when our citizens were seeking an opportunity to do honor to his worth and bravery; when his many deeds of valor had commended him to our highest consideration and warmest sympathy; when with Hancock and Meade and Grant, and a long list of worthies, he had gained for himself undying honors and ranked himself a brave, bold, and courageous officer; when, after slow advances, flank movements, dashing charges and severe battles, the "Army of the Potomac," under fearless and able generals, had driven the *Confederates* within the rebel capital, and when Richmond was almost within the grasp of the *Union* forces. And

Whereas, It is but due to the memory of the deceased that our citizens should honor him with a public *burial*; therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the use of Independence Hall be tendered to the family of the late Major-General David B. Birney, for the purposes of a public funeral.

Resolved, That we deeply deplore the loss of a brave general, a courageous soldier, a distinguished civilian; his many deeds of valor, his many sacrifices, his bold and

fearless example will be held in grateful esteem by us his fellow-citizens. And while we regret his departure from amongst us, at a time when his courage, his efficient services, his best energies, together with those of his honored associates of the "Army of the Potomac," were about to be crowned with success, and victory was about to be proclaimed in the occupation and possession of the rebel capital, we humbly submit to the decree of Heaven in this sore and afflictive dispensation,

Resolved, That we tender to the family of the deceased our heartfelt sympathy and condolence, and hereby testify our sincere appreciation of his worth and merit, his valor and courage, his many sacrifices and services in defence of our firesides and homes, our flag and our country.

Resolved, That a Committee of five members from each branch of Councils be appointed, together with the President of each Chamber and the Mayor of the City, to make arrangements for a public funeral of the deceased from Independence Hall, if agreeable to the wishes of his family. And that a copy of these resolutions be engrossed and presented to his consort in grateful appreciation of the distinguished courage, bravery and devotion that marked her husband's promotion from the Lieutenant-Colonel to a Major-General of Volunteers in the United States Army.

And moved to proceed to the second reading and consideration of the same.

Which was agreed to.

The first resolution was again read and adopted.

The second resolution was again read and adopted.

The third resolution was again read and adopted.

The fourth resolution was again read and adopted.

The preamble was again read and adopted.

The title was agreed to.

The President appointed Messrs. Sulger, Everman, Gratz, Loughlin, and Wolbert, the Committee on part of Common Council.

The President

Presented the following Certificate of Election.

PHILADELPHIA, *October 12th*, 1864.

HENRY C. ORAM, ESQ.,

SIR:—At an election held in the City of Philadelphia, on Tuesday, October 11th, 1864, you were duly elected to represent the Fourteenth Ward in Common Council for the unexpired term.

SAML. SCHEIDE,	[L. S.]
GEORGE JONES,	[L. S.]
SAML. C. HENSZEY,	[L. S.]
JOHN S. CROMBARGER,	[L. S.]
R. T. McCARTER,	[L. S.]
J. PRESTON WILLIAMS,	[L. S.]
JOHN A. SCOTT,	[L. S.]

Mr. Oram

Presented himself before the Clerk's desk, and was duly qualified by the President.

Also,

Communication from the City Commissioners asking for additional appropriation to items to pay election officers.

Which was referred to the Committee on Finance.

Mr. Loughlin

Presented the following communication :

604 N. Thirteenth St., (Fourteenth Ward.)

To the President and Members
of the Common Council of the City of Philadelphia.

GENTLEMEN:—Feeling that I can no longer conscientiously support the policy of the National Administration touching the question of Slavery, I deem it my duty to resign my membership in your body.

In order that what I have just written may not be misconstrued, allow me to add, that I am willing that the whole resources of the country shall be placed at the disposal of the President for National defence, but not a cent for Emancipation, except it be in the line of a military necessity.

The letter of the President "*To whom it may concern*," in which he intimates that he will not consider "any proposition which embraces the restoration of Peace" except upon "*the abandonment of slavery*," I assuredly do not endorse.

I am now, as I have always been, opposed to slavery, and am an ardent friend of emancipation ; but hold to the opinion that the consummation of the latter should be left to the teachings of Christianity and the onward march of civilization, and not be made the pretext for the continuance of the war ; involving as it will the further sacrifice of the lives of our fellow-citizens, to say nothing of the tremendous National debt which is daily augmenting, and other kindred burdens which the people will have to bear.

However desirable emancipation may be when effected in a proper way, we should not, for one hour, jeopard the lives of our fellow-citizens on that account alone.

Entertaining these views, and believing them to be at variance with those held by a majority of my constituents, I cease henceforth to be a member of your body.

With considerations of high regard, I remain

Yours very truly,

AMOS BRIGGS.

October 24th, 1864.

Mr. Evans, (thereupon on leave,)

The following message was received from the Mayor:

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *November 3d, 1864.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—I transmit herewith a communication received from the Commissioners of the City Bounty Fund, relative to continuing the offer of bounty to volunteers and to enrolled citizens who shall furnish substitutes.

The suggestions made by the Commission are timely and should commend themselves to your immediate action. In other cities and districts, whose quotas are full under all requisitions of the President, steady efforts are making to procure additional recruits for the army and navy, and a like policy should be pursued in Philadelphia. The scale of bounties recommended for your adoption is deemed more equitable than the existing system of payments in

which there is no discrimination of amount between enlistments for one or for three years' service.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

OFFICE OF THE CITY BOUNTY FUND COMMISSION,
NO. 412 PRUNE STREET.
PHILADELPHIA, *November 1st, 1864.*

To the Hon. ALEX'R HENRY, Mayor, &c.

SIR:—The quota of Philadelphia, under the call of July 18, 1864, is probably full, and it rests with the authorities of the City to determine whether we shall cease recruiting or not.

Of the appropriation of July 18th, there is still unexpended about \$650,000, the naval credits which we have secured having saved us, at the present rates of bounties, over two millions of dollars.

If it should be decided to continue recruiting, we would suggest a reduction in the bounty offered for short terms of service. Under the Ordinance of September 30th, we have been paying \$450 for twelve months recruits. We think it would be advisable to offer for twelve months men \$150; for two years men \$300; for three years men \$450; and for enrolled citizens who furnish substitutes, \$100, \$200, and \$300, for the respective terms of service.

Recruiting is now very active, and there is a prospect that for the next month or two it will continue brisk.

The machinery is working effectively, there is little competition from other districts, and the approach of winter throws men out of employment. At no period, therefore can we have a better prospect of supplying men for our armies.

If recruiting is to continue, we would earnestly urge that it be determined upon at once. If it is stopped for a week or two, it will be difficult to resume. The system which is now working so successfully will be deranged, and weeks of valuable time will be lost in bringing it up again to its present condition.

Should Councils determine to discontinue recruiting, we shall gladly be relieved from labors which have been

arduous and prolonged far beyond what we anticipated when we undertook the duties imposed upon us.

Very respectfully, &c.

(Signed,) HENRY C. LEA,
Corr. Sec'y B. F. Com.

The following message was received from the Mayor, returning, with his objections, a bill entitled “An Ordinance supplementary to an Ordinance entitled ‘An Ordinance to locate Steam Fire Engines : ’”

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *November 21st, 1864.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN :—For reasons repeatedly communicated to you, I withhold my assent from the Ordinance herewith returned entitled “An Ordinance supplementary to an Ordinance entitled ‘An Ordinance to locate Steam Fire Engines.’” There are no peculiar circumstances as in the case of the Manayunk Engine Company, whose location was approved by me on the 12th inst., which makes such addition to the Fire Department necessary for the due protection of property in the vicinity. The First Fire District, comprising that portion of the City south of Spruce

street, has already ten steam fire-engines, which, with the aid of steamers from the adjoining districts, are ample for any emergency. The least reflection, as well as every day's experience, will make it apparent that the protective value of a steam fire-engine is greater at a distance from its location than close at hand—simply because in the former case its steam is more rapidly generated by the draft incident to its locomotion, and hence it can go sooner into service at a distance of a mile from its starting point, than if taken out of premises adjoining to the scene of fire. The great expense which is being entailed upon the City by the unnecessary increase of the Fire Department certainly demands the consideration of your Chamber.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

Which having been read.

And Council proceeded to a reconsideration of said bill.

The bill was again read.

Mr. Eckstein

Moved that the further consideration of the bill be postponed for the present.

Which was agreed to.

Select Council inform Common Council that they have concurred in the bill entitled "Resolution to authorize the grading of Wildey and Clarion streets, with the following amendments, viz.: amend resolution by striking out the words 'from Broad street to,' and inserting in that place the words 'between Broad street and.'"

Mr. Simpson

Moved that Common Council concur in Select Council's amendment.

Which was agreed to.

So Common Council concurred in the amendment.

Also,

That they had concurred in the bill entitled "Resolution to authorize the repaving of Winfield Place in the Tenth Ward," with the following amendment: strike out the words "with tramway stone," in the fifth line of the resolution. Also,

A communication of similar import.

Which was referred to the Committee on Markets.

The following messages was received from the Mayor :

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *December 15th*, 1864.

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—On the 12th inst, E. D. Saunders, D D., Chairman of the Commission appointed under the Ordinance of May 12, 1864, for payment of bounties to re-enlisted veterans, addressed to me his resignation of such office. Whilst actively engaged in promoting the enlistments of volunteers, and thus averting from our City the necessity of military draft, Dr. Saunders, in the early part of November, was injured by a railway accident, so that he has ever since been confined to his residence.

In communicating to Councils the resignation of this gentleman from such an important commission, I deem it but justice to record his extraordinary devotion of time, energy, and influence in behalf of this City, and thus officially to acknowledge the obligations of this whole community for his patriotic and disinterested services.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

Mr. Potter, (thereupon on leave,)

Read in his place and presented to the Chair the following:

RESOLUTION

Of thanks to E. D. Saunders, D. D.

Resolved by the Select and Common Councils of the City of Philadelphia, That the energetic and untiring efforts of the Rev. E. D. Saunders, D. D., as Chairman of the Commission for the payment of bounty to re-enlisted veterans, and more particularly his successful exertions in procuring the enlistment of volunteers to the recent credit of this City are justly entitled to special acknowledgment and thanks, and that the clerks of Councils shall furnish him with a copy of this resolution.

And moved to proceed to the second reading and consideration of the same.

Which was agreed to.

The resolution was again read and adopted.

The title was agreed to.

Also,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *December 15, 1864.*

To the President and Members of
the Common Council of the City of Philadelphia.

GENTLEMEN:—I have been informed that a resolution has been recently adopted by a majority of the Trustees of the Philadelphia Gas Works, authorizing a contract for the delivery of forty thousand tons of coal for the use of those works after July 1st, 1865, at eleven dollars per ton, a price said to exceed the present market value, and beyond that which may reasonably be anticipated at the time of the proposed delivery. I am also informed that no public advertisements for proposals to furnish such coal have been made, and moreover, that no security for the fulfillment of such designed contract was demanded by the resolution authorizing its execution. The interests of the City as well as of individual gas consumers demand that a rigid economy should be exercised in the supplies purchased for the use of the Gas Works, and that the provisions of the law relating to contracts by the municipality, if applicable

to these trustees, should be rigidly adhered to, and I have therefore, communicated the alleged facts for your investigation.

Respectfully,

ALEXANDER HENRY,
Mayor of Philadelphia.

Mr. Potter

Moved to refer the Message to the Committee on Law.

Which was agreed to.

Also,

OFFICE OF THE MAYOR OF THE
CITY OF PHILADELPHIA, *December 15, 1864.*

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—I have approved and signed the following Ordinances and Joint Resolutions, to wit:

Dec. 9th, 1864.—Resolution to authorize the paving of Carpenter street from Gray's Ferry road westward, about 128 feet.

Dec. 9th, 1864.—Resolution directing an adjustment of the lines of Wharton street, between Broad and Twenty-fourth Street.

JOURNAL OF COMMON COUNCIL

OF THE

CITY OF PHILADELPHIA,

FOR THE YEAR 1864.

VOL. II

PHILADELPHIA :

KING & BAIRD, PRINTERS, No. 607 SANSOM STREET.

1864.

APPENDIX No. 1.

CITY SOLICITOR'S OFFICE,
No. 212 South Fifth street,
Philadelphia, June 27th, 1864.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I am in receipt of a copy of a resolution adopted by your honorable bodies on the 23d instant, in which you request my opinion “as to the right of the Trustees of the Gas Works to increase the price of gas above the rate fixed by ordinance without the assent of Councils.

I have carefully considered the question thus presented, and am of opinion that the Trustees of the Gas Works have the undoubted right to increase the price of gas above any rate fixed by ordinance, and without the consent of Councils.

The City of Philadelphia has committed to the Trustees of the Gas Works “the *whole* control and management of said works.” (Ord. June 17, 1841, sect. 3.) This grant clearly carries the power to fix the rates of gas to be furnished to consumers.

As I understand your resolution of last week, stress is however laid upon the fact that Councils subsequently to the passage of the Ordinance I have quoted of 1841, viz.: on the 10th of May, 1858, prohibited a higher rate than two dollars and twenty-five cents per 1,000 feet. The question is thus presented as to the effect of the Ordinance of May 10, 1858, upon the Ordinance of June 17, 1841.

The ordinance first adopted gives to the Trustees “the *whole* control of the works.” The subsequent ordinance attempts to hamper that control by fixing a limit to the power of charge.

But in my opinion the Ordinance of 1841 was no temporary legislation which the corporation could change at pleasure.

It was published to the world as “for the further secur-

ity of the loan-holders," whose money built the works, and upon the faith of that grant to these Trustees, the City has since that date borrowed \$2,270,000.

If a man should invite another to lend money upon the pledge of property over which a certain trustee, created by the mortgage, should have, according to the terms of the contract, "the whole control," how could the borrower after he had received the loan, dictate to the trustee that only a certain rent should be charged for the property?

It is clear, therefore, that the Councils cannot now interfere without the consent of those whose funds they borrowed upon the faith of this pledge. To do so would be to strike a dangerous blow at all public credit, which it should ever be our anxious study to strengthen and uphold.

Accordingly we find that the Supreme Court has twice pronounced against any interference by Councils with the management of this trust. *Western Saving Fund v. City*, 7 Casey, 175. *Id. v. Id.* 7 Casey, 185.

I am for these reasons of the opinion that the Trustees cannot, as to the control and management of the Works, be interfered with by any ordinance of Councils, and that they are entirely independent of any such legislation.

I am very respectfully,

Your obedient servant,

F. CARROLL BREWSTER,

City Solicitor.

APPENDIX No. 2.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom were referred the claims of Dr. Rogers and others, respectfully report that they have carefully examined the same, and find them correct, and sustained by proper vouchers.

Dr. Rogers' claim is for services rendered in making a chemical analysis of the remains of J. Hackett, at the request of the Coroner.

The claim of B. F. Mifflin is for printing legal blanks for the use of the District Attorney.

George F. Lewis' claim is for a seal, press and table for the Clerk of the Orphans' Court, ordered by the Judges, and

The claim of Messrs. Franks & King is for the hire of carriages for the use of the Grand Jury in making their customary visits to the various public institutions of the city and county.

The Committee recommend the passage of the Ordinance annexed, making an appropriation to pay these claims.

H. W. GRAY, *Cl'n*,
WM. LOUGHLIN,
JOSEPH F. MARCER,
JAMES BARRETT,

WILSON KERR,
E. SPENCER MILLER,
S. G. KING,
HENRY G. HARRISON.

AN ORDINANCE

To make an appropriation to pay the claims of Dr. R. E. Rogers and others.

SECTION I. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of seven hundred and thirty dollars and fifty cents be and the same is hereby appropriated to pay the following claims:

1. To pay Dr. R. E. Rodgers for professional services to the Coroner, in making a chemical analysis of the remains of J. Hackett, two hundred and fifty dollars.

2. To pay B. F. Mifflin for printing blanks for the District Attorney's office, one hundred and thirty dollars and fifty cents.

3. To pay George F. Lewis for seal, press and table for the Orphans' Court office, one hundred and fifty dollars.

4. To pay Franks & King for carriage hire for the Grand Jury, two hundred dollars.

SECT. 2. Warrants for the said appropriation shall be drawn by the City Commissioners in conformity with law.

APPENDIX No. 3.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the "Resolution to enter satisfaction on the

official bond of Edward Wiler," respectfully report that this resolution may be passed with propriety, as it contains the usual proviso that it shall not be executed until a certificate is obtained from the Chief Commissioner of Highways that Mr. Wiler's accounts are correct. They therefore report the resolution as committed, and recommend its adoption.

H. W. GRAY, <i>Ch'n</i> ,	WILSON KERR,
WM. LOUGHLIN,	E. SPENCER MILLER,
JOSEPH F. MARCER,	S. G. KING,
JAMES BARRETT,	HENRY C. HARRISON.

RESOLUTION

To enter satisfaction upon the official bond of Edward Wiler.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be directed to enter satisfaction upon the official bond of Edward Wiler, late License Clerk in the Highway Department, provided the late Chief Commissioner of Highways shall certify that his accounts are correct, and that there is no default.

APPENDIX No. 4.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, in accordance with the joint resolution of Councils, respectfully report the annexed ordinance creating a loan of one million of dollars for the further extension of the Water Works of the City, with the usual resolution providing for its publication according to law. As Councils have already expressed their conviction that such a loan is necessary, your Committee need not urge, by any argument of their own, the propriety of its passage. They therefore simply recommend the adoption of the resolution, feeling assured that the loan will be authorized at the proper time.

HENRY W. GRAY, <i>Ch'n</i> ,	WILSON KERR,
WM. LOUGHLIN,	E. SPENCER MILLER,
JOS. F. MARCER,	S. W. KING,
JAMES BARRETT,	H. C. HARRISON.

RESOLUTION

Of Instruction.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be and they are hereby instructed to report an ordinance creating a loan for one million of dollars for the extension of the Water Works from time to time as Councils may direct.

We hereby certify that the foregoing is a true and correct copy of the Resolution duly passed both branches of Councils.

BENJAMIN H. HAINES,

Clerk of Select Council.

Attest—ABRAHAM STEWART,

Assistant Clerk of Common Council.

AN ORDINANCE

Creating a loan for the further extension of the Water Works.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain,* That the Mayor of Philadelphia be and is hereby authorized to borrow on the credit of the city, from time to time, such sums of money as may be necessary for the further extension and improvement of the Water Works, not exceeding in the whole the sum of one million of dollars, for which interest, not to exceed the rate of six per cent, per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before without the consent of the holders thereof; and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned, and the interest thereof, are payable free from all taxes.

SECT. 2. Whenever any loan shall be made by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates and from the sum raised by taxation, a sum sufficient to pay

the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates, so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a Loan Bill.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this city daily for four weeks, the ordinance presented to the Common Council on Thursday, July 7th, 1864, entitled "An Ordinance creating a loan for the further extension of the Water Works." And the said Clerk, at the stated meeting of Councils after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 5.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance to whom was referred the petition of Henry Bunker, Messenger in the office of the City Controller, asking an increase of salary, with the recommendation of the City Controller thereon, respectfully report that they consider the increase asked for reasonable and proper, and therefore submit the annexed ordinance, and recommend its passage.

H. W. GRAY, <i>Ch'n</i> ,	JAMES BARRETT,
WM. LOUGHLIN,	WILSON KERR,
JOSEPH F. MARCER,	S. G. KING,
HENRY C. HARRISON.	

A SUPPLEMENT

To an "Ordinance prescribing the powers and duties of the City Controller,"
and for other purposes.

SECTION 1. *The Select and Common Councils of the City*

of Philadelphia do ordain, That from and after the first day of July, 1864, the annual salary of the Messenger in the Department of the City Controller shall be eight hundred dollars.

SECT. 2. That the further sum of eighty-seven dollars and fifty cents be and the same is hereby appropriated to item 2 of an Ordinance to make an appropriation to the City Controller for the expenses of the year 1864, approved January 12, 1864, to pay the advance of salary herein made by Sect. 1.

APPENDIX No. 6.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom were referred the petitions for the increase of salaries of the High Constables, Detectives, and Clerks to the Mayor, respectfully report, that they are satisfied that the demands of these officers are just and proper, and should be allowed at a similar rate and at the same time that other officers of the municipal government have been advanced in their compensation. In consideration that these claims have been pending for many months, and are of equal merit with those first allowed by Councils, your committee submit the annexed ordinance, dating the advance from the first of the year, and recommend its adoption.

H. W. GRAY, <i>Ch'n</i> ,	WM. LOUGHLIN,
JOS. F. MARCER,	JAMES BARRETT,
WILSON KERR,	S. G. KING,
HENRY C. HARRISON.	

AN ORDINANCE

Increasing the salaries of the High Constables, Detectives, and Clerks to the Mayor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*: That in consequence of the advance in prices on all the necessaries of life, the salaries of the High Constables of the City shall be increased to one thousand dollars, and that of the Detective officers of the

Police, to one thousand dollars a year, and that the salary of the Chief Clerk of the Mayor shall be fourteen hundred dollars, and that of the Assistant Clerk to the Mayor, twelve hundred dollars a year, said increase to date from the first day of January, 1864.

SEC. 2. That the sum of three thousand three hundred dollars, be and the same is hereby appropriated, to meet the advance of salaries herein provided for.

APPENDIX No. 7.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, in conformity with the joint resolution of Councils on the subject of a loan to aid the enlistment of volunteers under the calls of the President for troops to suppress the existing rebellion, respectfully report the annexed bill, authorizing a loan of one million five hundred thousand dollars for the purpose stated. The committee deem this sum sufficient at present, as the number of men which will probably be required from this city, as its proper quota under a draft, will not exceed five thousand.

They therefore recommend the adoption of the resolution authorizing the publication of the bill.

H. W. GRAY, *Ch'n*,
WM. LOUGHLIN,
JOSEPH F. MARCER,
JAMES BARRETT,

WILSON KERR,
G. SPENCER MILLER,
S. G. KING,

AN ORDINANCE

Authorizing an Additional Loan to encourage the Enlistment of Volunteers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That the Mayor of Philadelphia, be and he is hereby authorized to borrow on the credit of the city, from time to time, such sums of money as may be necessary to pay bounties to volunteers under the several calls of the President of the United States, made or to be made, not exceeding in the whole the sum of one million five hun-

dred thousand dollars, for which interest not to exceed the rate of six per cent. per annum shall be paid half yearly on the first days of January and July at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years from the date of the same, and not before without the consent of the holders thereof; and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned, and the interest thereof, are payable free from all taxes.

SECTION 2. Whenever any loan shall be made by virtue thereof, there shall be by force of this ordinance annually appropriated out of the income of the corporate estates and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates so issued shall be appropriated quarterly out of said income and taxes to a sinking fund, which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a Loan-Bill.

Resolved, That the Clerk be authorized to publish, in two daily newspapers of this city, daily, for four weeks, the ordinance presented to Common Council on Thursday, July 7th, 1864, entitled "An Ordinance authorizing an additional loan to encourage the enlistment of volunteers;" and the said Clerk, at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 8.

To the President and Members of the
Select and Common Councils.

GENTLEMEN:—The Committee on Trusts and Fire, beg leave to offer the following report, with an ordinance annexed.

APPENDIX No. 19.

To the President and Members of
Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations beg leave to report a bill authorizing the construction of a sewer on Sixteenth street from Thompson to Master, an application therefor having been presented to and approved by the Board of Surveyors, which application was signed by a majority of the owners of property upon the line asked for.

The cost over and above the amount to be collected from the property upon the line of sewer will be about \$775 00.

We recommend the adoption of the bill.

ISAAC SULGER, <i>Ch'n</i> ,	JOHN Q. ADAMS,
OWEN McDONALD,	JOHN W. EVERMAN,
WILSON KERR,	H. MARCUS,
P. O'ROURKE.	

AN ORDINANCE

To authorize the construction of a Sewer in Sixteenth street, Twentieth Ward.

Whereas, A majority of the property owners on the line of Sixteenth street, between Thompson and Master streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Sixteenth street as aforesaid, which application has been

approved by the Board of Surveyors; and at a meeting held June 6th, 1864, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Sixteenth street, from Thompson to Master street, with an inside diameter of three feet, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon, shall be paid from item 22 (for construction of branch culverts,) of the ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of seven hundred and seventy-five dollars, and the cost of the inlets and man-holes shall be paid from the item for that purpose designated in same ordinance of appropriation.

· APPENDIX No. 20.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, herewith offer a bill to authorize the construction of a sewer on the line of Seventh and Wharton streets, the property holders upon said streets having complied with the Act of Assembly, and filed in the Department of Surveys, their application therefor.

The cost of this sewer will exceed the amount that can be assessed against the property, about \$1,100, which can be paid from Item No. 22, of appropriation made to the Highway Department, for the present year, said Item being for such purpose. The length of this sewer will be about 640 feet.

ISAAC SULGER, <i>Ch'n</i> ,	OWEN McDONALD,
WILSON KERR,	JOHN Q. ADAMS,
JOHN W. OVERMAN,	H. MARCUS,
P. O'ROURKE.	

AN ORDINANCE

To authorize the construction of a sewer in the First Ward.

Whereas, a majority of the property owners on the line of Seventh street, and on Wharton street, between Reed and Wharton streets, and on Wharton street, east of Seventh street, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of said streets, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held June 20th, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11th, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or drains." *And whereas*, owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of*

Philadelphia, do ordain; That the Department of Highways, be and is hereby authorized to construct a sewer on the line of Seventh street, from Reed to Wharton street, thence on said Wharton street to a point about one hundred and sixty feet eastward of Seventh street, with an inside diameter of two feet six inches, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SEC. 2. The Chief Commissioner of Highways, shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly, approved April 8th, 1864, and in manner and form provided by Sections 3 and 4 of ordinance, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11th, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways, for the year 1864: *Provided*, That the said excess shall not exceed the sum of eleven hundred dollars, and the cost of the inlets and manholes shall be paid from the Item for that purpose designated in same ordinance of appropriation.

APPENDIX No. 21.

To the President and Members of
the Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations have had presented to them the Report of the Board of Surveyors, in effect that the majority of property owners on Twelfth street, between Girard avenue and Oxford street, have, in accordance with law, filed their petition in the Department of Surveys, but that the cost of constructing said sewer will exceed the amount that

can be assessed upon the property as authorized by Act of Assembly.

Your Committee therefore presents annexed a bill authorizing the construction of this sewer nearly 2,200 feet long, provided the cost to the City shall not exceed the sum of \$3,300.

OWEN McDONALD,
WILSON KERR,
JOS. MANUEL,

JOHN W. EVERMAN,
H. MARCUS,
P. O'Rourke,
JOHN Q. ADAMS.

AN ORDINANCE

To authorize the construction of a Sewer on Chestnut street in the Twenty-fourth Ward.

Whereas, a majority of the property owners on the line of Chestnut street, between Thirty-ninth and Forty-second streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Chestnut street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held July 19th, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11th, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That the Department of High-

ways be and is hereby authorized to construct a sewer on the line of Chestnut street from Forty-second street eastward to Thirty-ninth street, from Forty-second to Fortieth street to be three feet in diameter and from Fortieth to Thirty-ninth street, two feet six inches diameter, to be built of brick, circular in form, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Highways.

SECTION 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall receive the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8th, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11th, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of three thousand dollars and the cost of the inlets and manholes shall be paid from the Item for that purpose designated in same ordinance of appropriation.

APPENDIX No. 28.

To the President and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed bill "To authorize the construction of a certain sewer in the Fifteenth Ward," report, That this sewer is necessary in connection with improvements to the Fairmount Park, and will allow the

removal of two very objectionable gutters at the Green street Park gate. We recommend its adoption.

OWEN McDONALD,	P. O'ROURKE,
WILSON KERR,	JOSEPH MANUEL,
JOHN W. EVERMAN,	HENRY DAVIS,
JOHN Q. ADAMS.	

AN ORDINANCE

To authorize the construction of a certain Sewer in the Fifteenth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Engineer of the Water Works is hereby authorized to construct a sewer on Twenty-fifth street from Green street to the sewer on Pennsylvania avenue, with an inlet at the northeast corner of Twenty-fifth and Green streets, and after the completion of the same to pave the street at the Green street entrance to the Park, so that the gutters at that point may be avoided; specifications to be prepared by the Chief Engineer and Surveyor, and the sum of eight hundred and fifty dollars is hereby appropriated, the warrants thereto to be drawn by the Chief Engineer of the Water Works.

APPENDIX No. 29

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Highways have had under consideration an ordinance to make a further appropriation to the Department of Highways, Bridges, Sewers, &c., for the purposes of the several items therein named, and after careful and due consideration, we are decidedly of opinion that the appropriation asked for is made necessary for the following reasons:

First. Your Committee have discovered in their investigations, that there are many miles of streets and roads in the City so much out of repair, as to be quite impassable, and the citizens are daily demanding of the Department such necessary repairs as will enable them to enjoy the privilege of safe traveling.

Secondly. There are a large number of small bridges in the rural portion of the city which are in such a state of dilapidation, that if not repaired soon, they will be in the streams over which they are erected.

Thirdly. The increased cost of labor, material and supplies have exhausted the items, and the work contemplated by the Department is not finished, nor can it be without the appropriation asked for. The daily complaints of the citizens of the bad condition of the streets and culverts constitutes one of the grievances over which the Chief Commissioner has no control without the proper means placed in his hand to execute the ordinances of the City relating to this department.

Therefore we offer the following ordinance and ask its adoption in place of the ordinance presented.

AMOS BRIGGS, Ch'n,	ENOCH TAYLOR,
JOHN B. HAINES, M.D.,	ISAAC SULGER,
ANDREW ZANE, JR.,	JOHN Q. GINNODO,
JOSHUA SPERING.

steward, clerk, house agent, storekeeper, matron, and steward's clerk, to Item 39, salaries of doorkeeper, engineer, plumber, gas fitter, baker, general watchman, and police officer, the sum of one hundred and fifty dollars. From Item 38, salaries of steward, clerk, house agent, store keeper, matron, and steward's clerk, to Item 61, salaries of farmer and gardener, the sum of one hundred and fifty dollars.

APPENDIX No. 55.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Poor, to whom was referred a communication from the Guardians of the Poor, asking for an additional appropriation to defray the expenses of that Department for the year 1864, respectfully report, That they have considered the subject, and are satisfied that the appropriation asked for should be allowed, on account of the advanced price of provisions and materials required in the management of the Department. They therefore report the annexed Ordinance, and recommend its passage by Councils.

APPENDIX No. 56.

To the Common Council
of the City of Philadelphia.

GENTLEMEN:—The Committee on Schools of the members of Common Council to whom was referred the Ordinance entitled “An Ordinance to authorize a loan for School purposes,” respectfully report that after a careful investigation of the requirements of several school sections, they recommend that deductions be made from five of the sections and that the amounts so deducted be added to the fifteenth section as follows:

From the Eighth section, ten thousand dollars.

From the Fifth section, five thousand dollars.

From the Eleventh section, nine thousand dollars.

From the Twentieth section, five thousand dollars.

From the Twenty-fourth section, six thousand dollars.

Making in the aggregate thirty-five thousand dollars, to be added to the appropriation to the fifteenth section, and that the bill be amended accordingly, viz.: Strike out the word “sixty” in the appropriation to the fifth section and insert the words “fifty-five”; strike out the words “fifty-eight” in the appropriation to the eighth section and insert the words “forty-eight”; strike out the words “thirty-eight” in the appropriation to the eleventh section and insert the words “twenty-nine”; strike out the words “seventy-five” in the appropriation to the twentieth section and insert the word “seventy”; strike out the words “sixty-eight” in the appropriation to the twenty-fourth section and insert the words “sixty-two,” and strike out the words “twenty-five” in the appropriation to the fifteenth section and insert the word “sixty.”

Respectfully submitted,

GENTLEMEN:—The Committee on Finance, to whom was referred the report of the Committee on Schools, with a bill for creating a loan of one million of dollars for the erection of new school houses, respectfully report that they have given the subject a careful consideration, and are

satisfied that the proposed loan is absolutely necessary. The facts set forth in the report of the Committee on Schools are familiar to every citizen having any knowledge of the condition and wants of the Public Schools, and the Committee on Finance feel that they can add nothing to the force of these statements. The necessity for erecting new School Houses, to take the place of many of the temporary, inconvenient and unhealthy buildings now in use in some of the sections, is immediate and pressing, and, unless the City government intends, virtually, to abandon the School system, which has conferred so much good upon, and added so much to the reputation of Philadelphia, it is incumbent upon us to provide more adequate means for the education of those children who are now suffering for the want of these accommodations.

The Committee therefore report the bill as committed, with a resolution for its publication according to law.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Common Schools have had under consideration the matter of a loan for the purpose of erecting new School Buildings.

The investigation has been induced by various resolutions of Councils and communications from the Board of Controllers of Public Schools, but especially by the overwhelming importance of the subject.

In order to obtain all possible light, letters were addressed by your Committee to the various sectional School boards of the district, the answer to which have been published and will be laid before Councils for their information.

The Board of Controllers as well as the members of Councils from the different Wards of the City, have been consulted at the different stages of the investigation and the result is embodied in the ordinance herewith submitted, creating a loan of one million dollars.

The amount asked for is imperatively needed if it is the intention of Councils to maintain the efficiency of the School system.

Many children are absolutely excluded from the benefits of education, by the positive want of space to accommodate them. In many schools, class rooms fifteen by twenty feet with correspondingly low ceilings are crowded to suffocation by as many as seventy children. In many there is no yard room for recreation, the water closets are separated from the School rooms by only a slight partition, the methods of ventilation are altogether imperfect and the means of ingress and egress so restricted as to insure a frightful loss of life in case of accident by fire.

The passage of the ordinance proposed would impose relatively a very small addition to the yearly expense now incurred by the City in the payment of exorbitant rents for buildings utterly unsuited for School purposes and would secure new buildings which would provide the increased accommodations demanded by the growth of the City and in which the flagrant defects already pointed out would be entirely remedied.

At present, education is obtained by many of our children at the costly sacrifice of their health. Teachers and pupils are, in many instances hastened to early graves and in others are permanently enfeebled by diseases from the fact that the private dwellings, basements of churches and other make-shifts which are used as school houses, scarcely allow the inmates the privileges of breathing and as the Controllers say in one of their communications, "If the public knew how their children were housed, in what are termed school houses, one of two things would be demanded: either new buildings or the abandonment of our public schools."

AN ORDINANCE.

To authorize a loan for School purposes.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor is hereby authorized to borrow at not less than par on the credit of the corporation, the sum of one million dollars to provide for the erection, extension and completion of buildings for school purposes in the First School District of Pennsylvania, for which interest not to exceed the rate of six per centum per annum, shall be paid half yearly on the first day of January and July at the office of the City Treasurer. The principal of the said loan shall be payable and paid at the expiration of thirty years from the date of the same and not before, without the consent of the holders thereof; and certificates therefor in the usual form of certificates of city loan shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred dollars or one thousand dollars; and it shall be expressed in said certificates that the said loan therein mentioned and the interest thereof, are payable free from all taxes.

SECT. 2. The amount of said loan shall be appropriated, distributed and apportioned for the purposes and in amounts as follow, to wit:

Item 1. To the several school sections nine hundred and thirty-four thousand five hundred dollars, as follow:

First Section, forty thousand dollars;

Second Section, thirty-five thousand dollars;

Third Section, thirty thousand dollars;

Fourth Section, thirty-five thousand dollars;

Fifth Section, sixty thousand dollars;

Sixth Section, thirty thousand dollars;

Seventh Section, fifty-three thousand dollars;

Eighth Section, fifty-eight thousand dollars;

Ninth Section, forty thousand dollars;

Tenth Section, twenty-five thousand dollars;

Eleventh Section, thirty-eight thousand five hundred dollars;

Twelfth Section, thirty-four thousand dollars;

Thirteenth Section, thirty-eight thousand dollars;

Fourteenth Section, fifty thousand dollars;

Fifteenth Section, twenty-five thousand dollars;
Sixteenth Section, twenty thousand dollars;
Seventeenth Section, forty-five thousand dollars;
Eighteenth Section, thirty-five thousand dollars;
Nineteenth Section, twenty thousand dollars;
Twentieth Section, seventy-five thousand dollars;
Twenty-first Section, twenty thousand dollars;
Twenty-second Section, eleven thousand dollars;
Twenty-third Section, fourteen thousand dollars;
Twenty-fourth Section, sixty-eight thousand dollars;
Twenty-fifth Section, twenty-three thousand dollars;
Twenty-sixth Section, twelve thousand dollars.

Item 2. To reimburse the City Treasury, for appropriations already made, chargeable to this loan, forty-nine thousand nine hundred and eight dollars.

Item 3. For contingencies, fifteen thousand five hundred and ninety-two dollars.

SECT. 3. Whenever any loan shall be made by virtue hereof, there shall be, by force of this ordinance, annually appropriated out of the income of the Corporate Estates, from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates shall be appropriated quarterly out of said income and taxes, to a sinking fund; which fund and its accumulations are hereby specially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a Loan bill for Public Schools.

Resolved, That the Clerk be authorized to publish in the daily newspapers of this city, daily, for ten weeks, the Ordinance presented to Common Council, on Thursday, June 30th, 1864, entitled "An Ordinance to authorize a loan for School Purposes," and the said Clerk, at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 57.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Poor who were requested by resolution passed July 14th, 1864, to inform Councils what the average population of the Children's Asylum, Blockley Almshouse, has been during the last two years, dating back from June 1st, 1864, together with the mortality during that period ; also, the average population, during the two years dating back from June 1, 1862, together with the mortality during said period, beg leave to report,

That they have obtained the information requested, and herewith present the report of the Board of Guardians of the Poor upon the said subject, and respectfully ask to be discharged from the further consideration of the same.

WM. M. UHLER,	JOHN Q. ADAMS,
GEO. F. OMERLY,	MICHAEL MULLIN,
GEO. INMAN RICHE,	EDWIN RAFSNYDER.

Resolved, By the Select and Common Councils of the City of Philadelphia, That the Committee on Poor be discharged from the further consideration of the subject.

To the Select and Common Councils
of the City of Philadelphia.

The Board of Guardians of the Poor having been requested by a resolution of Councils, to report the rate of mortality in the Children's Asylum of the Alms House, during the last four years, beg leave to submit the following report, in reply to the said request.

To have furnished a mere statement of the number of inmates and number of deaths in the Children's Asylum, during those four years—without giving some other items of information in explanation of what might have appeared a very high rate of mortality—would have scarcely answered the spirit and design of the inquiry. In order to afford to Councils all the light upon the subject within our control, the Board of Guardians requested the Medical Board of the Alms House to supply them with the statistics, as well of

the Children's Asylum of the Alms House, as also of such other kindred establishments elsewhere as they had knowledge of, and also with such other information as they might think useful to Councils, or to the public, upon the inquiry presented.

The delay in this Board making their report to Councils has been caused mainly by our body not receiving the report of their Medical Board until some ten days since; this latter report is hereto annexed, and reference thereto requested, as presenting the statistics called for, and the material facts necessary for a proper understanding of the causes which produce the large proportion of deaths in the inmates of the Children's Asylum.

These causes may be reduced to the following heads:

I. The very low physical condition of one class of the inmates at the time of coming into the asylum—viz.: the Foundlings.

II. The defects of the sewerage and ventilation of the portion of the Alms House building used for the Children's Asylum.

III. The proximity of the Asylum to the Surgical and Medical Wards of the Alms House.

The first of these causes no effort on the part of this Board or its medical officers can remove. It is the history of all establishments, receiving and caring for Foundling children, that a very large proportion of them die in infancy, by reason of the diseased constitutions they have inherited from their parents; it seems so ordered by Providence. Even with the utmost care and attention which can be afforded by good medical attendance and nursing, this result is certain to follow, as the facts detailed in the Medical Report will demonstrate. Yet, our duty is plain, to sustain and preserve these lives, feeble, imperfect and diseased as they may be, by all means and efforts within our reach.

The second of these causes, this Board, through its Committee having charge of the Children's Asylum, have done and are doing all that lies in their power to remedy, with the means at their command for the purpose. When it is borne in mind that no other location for this Asylum was

open to the Board than one of the Wards of the Alms House, which in its original construction was deficient in the important items of proper sewerage and ventilation, Councils can well understand that though subsequent alterations may make some improvement, this Board cannot, while occupying their present quarters for the children, properly provide in these respects for the wants of the inmates as they could in a separate building designed exclusively for these objects of the public care, with the improvements which modern science and present experience have proved to be necessary for supplying an abundance of fresh air and proper drainage.

In respect to the third cause, as above stated—this Board have long since been impressed with the conviction that no alteration of the apartments in the present Alms House building, now used for the Children's Asylum, will ever render them suitable for the purpose for which they are now used. And that the health of the children can only be properly provided for in a building separate and apart from the Wards now occupied by the sick and infirm adults. Acting under this conviction, this Board heretofore applied to Councils for authority to construct such a building.

This authority was granted by an Ordinance passed the 19th day of April, 1862, upon the terms therein prescribed, and a special appropriation of the surplus realized on the sale of the old copper roofing (after defraying the cost of a new roof,) was made towards the construction of such building.

The Board of Guardians, after the passage of this Ordinance, proceeded to have plans matured and prepared of a plain, substantial building, of a capacity suitable to the wants of that particular portion of the Alms House population, the estimated cost of which was, at that time, \$50,000. The work was actually commenced, so far as with the labor at our command from the inmates of the house, to grade and prepare the site and to quarry the stone to be used in the building. But when the time had arrived for the purchase of other materials, and the employment of skilled mechanics, the prices had advanced to such a point as to deter us from further prosecution of the work, as the cost of the building would probably have reached nearly twice the original estimate.

While the Board have refrained, under present circumstances, from pressing upon the attention of Councils the

great want felt for this new building, they still express the hope that the time will soon come when an adequate fund can be placed at their disposal to ensure its completion; and that the claims of these children upon us can be met and discharged in a manner worthy of our City, which has won a name for its efforts to relieve the poor and the helpless, in which the citizens take a just pride.

It is proper, in conclusion, that the Guardians should add, that as to the care and treatment which the children receive at the hands of the medical attendants, matron and nurses, they appear to be as well provided in those respects as they can be while occupying such apartments in the Alms House as it is in the power of the Guardians to at this time devote to their accommodation.

All which is respectfully submitted on behalf of the Board of Guardians of the Poor.

GEORGE ERETY,
President.

Attest:

CHARLES T. MILLER,
Secretary.

Philadelphia, October 10th, 1864.

PHILADELPHIA, *October, 1864.*

To the Guardians of the Poor in and for
the City and County of Philadelphia.

GENTLEMEN:—At the request made by the Board of Guardians, through its committee having charge of the Children's Asylum, that some inquiry should be made into the rate of mortality in the Children's asylum in the last four years, I beg leave to submit the following report as the result of my investigations.

It will be right, however, to remark in anticipation, that the principal mortality in the Children's Asylum, is due to the presence of foundlings; and these foundlings were not admitted to its wards until the 10th of August, 1861, hence the ratio of deaths in 1860 differs in so marked a degree from that exhibited in the following years.

The annexed table will demonstrate the relative population and mortality for the four years immediately preceding June 1st, 1864.

Population and Mortality of Children's Asylum from June 1st, 1860, to June 1st, 1864.

YEARS.	POPULATION.	MORTALITY.	OF WHICH WERE FOUNDLINGS.
1860—1861	352	28	00
1861—1862	462	79	37
1862—1863	460	91	33
1863—1864	486	111	36

It might, perhaps, be proper here to state, as explaining the great mortality exhibited by these figures as occurring among the foundlings, that these children come into the Institution under the most unfavorable circumstances. They are generally the children of the vicious and diseased, and the constitution which they inherit from their parents is such as to make early death unavoidable.

But in addition to this large class of foundlings, others are admitted, reduced to the lowest extremity by many other causes, such as starvation, exposure, improper clothing, and the free use of narcotic poisons—most of these are dying when admitted into the Institution—few survive one month, notwithstanding the utmost care.

Finally a class (small in numbers) is admitted, which is composed of fine, healthy, and well-developed infants, and these are really the only fair subjects to be benefitted by the Institution.

Statistics of infant mortality show us, that of all the children born, one in three dies before the completion of the first year. It is easy to understand, therefore, that the mortality among infants in an institution devoted exclusively to their care must necessarily be very large, even under the most favorable circumstances. But when we bear in mind, that these infants instead of being put in our care under the most favorable circumstances, are brought to us under conditions the very reverse, we can easily perceive that the rate of mortality must be greatly increased.

Without occupying space with a disquisition on infant hygiene, I will merely state, that the mortality among infants artificially fed, or reared by hand (as it is usually termed), particularly in our climate is very great, so much so, that no

experienced physician in private practice will ever permit a child in the city to be reared in this way when it is possible to procure a wet-nurse.

Unfortunately, however, all of our foundlings necessarily are artificially fed. This artificial feeding added to the other causes of disease, which I shall presently show you exist in the Children's Asylum, has necessarily produced even in the healthy class of foundlings a great mortality.

It might not in this connection be amiss to give the statistics of some of the European foundling hospitals.

Extract from the British and Foreign Medical Review, April, 1842. Page 306.

"It still remains for us to examine into one of the most important questions connected with the foundling hospitals, namely,

"The high rate of mortality among the inmates thereof.

"The mortality of early infancy varies greatly in different countries, being as low as 14.6 per 100 births in England and Wales for children under one year, and 21 per cent. for children under five years.

"As a contrast to this we may mention some of the Eparchies of Russia, as Nischini, Novogorod, where 31 per cent. die during the first year; and according to Hermann's Researches, the mortality during the first twelve months of existence, averages 27 per cent. throughout the whole Russian Empire.

"We shall probably not underrate the mortality throughout Europe during the first year, by estimating it at 21 per cent., the average yielded by data furnished by Burdach, which refers to five different countries.

But if with this we compare the mortality of foundling hospitals, we shall be forced to allow that they signally failed in one great object of their institution: *the preservation of the lives of infants.*

"The great mortality among foundlings is not observed merely in one country, nor is it owing to defection in arrangements peculiar to some hospices, but is alike common to all.

"The proportion of deaths at Turin is estimated at 75 per cent. of the total admissions. At Moscow the admissions during ten years, averaged 5255 annually, and the deaths

3471. During the ten years from 1822 to 1831, inclusive, 39,114 children were received into the hospital at St. Petersburg, and 31,799 died. And M. M. Lenne and Monfalcon state, that 317 died out of 417 who were admitted into the hospital at Arch-Angel.

“At the close of the last century, the mortality of foundlings during the first year was, at St. Petersburg, 40 per cent.; at Paris, 80 per cent.; at Florence, 40 per cent.; at Marseilles, 90 per cent.; at Barcelona, 60 per cent.; at Dublin, 91 per cent.

“In the year 1824, Chateaurif stated the mortality of foundlings throughout France during the first year, to be 57.6 per cent. And the statistical table appended to the work of Mr. Remacle, show that after fourteen years it has not undergone any important diminution.”

From the extract which I have here given, it will be evident to any one, that a high rate of mortality is to be expected in all institutions where infants are reared, and that the rate is very much the same in all countries and under all circumstances.

In some of the Foreign Foundling Hospitals, where the rate of mortality is lowest, the most extraordinary care is taken to save the lives of the children.

Doctor West tells us in his *Treatise on the Diseases of Children*, page 410: “Much care, much patience, judicious management, in all respects, may, indeed, counteract the otherwise inevitable evils that result from the attempt to bring up infants by hand. The statement, however, just made, with reference to the hazard of such an experiment, and to the evil consequences that almost of necessity attend it, is by no means overcharged. M. Villermé, one of the most distinguished statisticians of France, has compared the results of the two systems, as followed in three of the principal Foundling Hospitals in that country.

“At Lyons, each infant on its reception, is given into the charge of a wet-nurse, and its stay in the Hospice does not exceed a very few days, after which it is sent to be nursed in the country. At Rheims, the stay of the infant in the Hospice, is equally short, but neither while there, nor afterwards when at nurse in the country, is it brought up at the breast. At Paris, the stay of the children in the Hospice is often very much longer; but they are usually, though not

invariably suckled by wet nurses. The mortality under one year of the children admitted into these institutions is—

At Lyons.....	33.7	per cent.
“ Paris.....	50.3	“
“ Rhiems.....	63.9	“

“These results need no comment, and render it almost unnecessary to adduce any further evidence of the dangers that are inseparable from the attempt to bring up infants on artificial food. One more illustration of the fact, however, may be adduced from the work of a benevolent ecclesiastic, M. Guillard, on the Foundling Hospitals of France. He observes:

“At Parthenay, in the department of Deux Sèvres of 153 foundlings 54 died between the ages of one day and twelve months, or 35 per cent., which is a higher proportion than that presented at Poitiers.

“At X—— of 244 new born infants 197 or 80 per cent. had died by the end of the first year. Struck by the enormous difference between this rate of mortality and that afforded by the Hospices at Poitiers and Parthenay, I determined to investigate its cause. I ascertained that in this Hospice as much attention is paid to the children, and the nurses are under strict oversight as at Poitiers and Parthenay. But at X—— none of the children are suckled, but all are fed, and the reason assigned for so doing, is the fear of infecting the nurses with syphilis. Be this as it may, I have been assured by many persons connected with the Institution, that the fearful mortality just mentioned can be attributed to no other cause, than the practice of not suckling the children. The officers of the Hospice have tried all means to remedy this evil, but neither their own efforts, nor those of some most excellent female assistants have been of the slightest service, and the only measure by which they could reduce the mortality, was by having recourse to suckling the children by wet-nurses.”

To return to the Foundling Wards of Blockley Hospital I find the whole number of foundlings admitted into the Children's Asylum up to June 1st, 1864, was 154, of which 126 died or nearly 82 per cent.

In addition to the facts above stated, which will satisfy

any inquirer, that the mortality in the Children's Asylum must, under the most favourable treatment and careful attention, be very large. Yet, there are other circumstances which doubtless increase the mortality to some extent, and which, by making some improvement, might be removed.

I speak of the sewerage and ventilation of the building now used for the Children's Asylum, both of which are defective in their present condition.

This building was originally constructed for manufacturing purposes, as I am informed, with no view to its use for the purpose to which it is at present devoted, and without sufficient provision being made for such ventilation, as apartments used for children in considerable numbers should have.

I would suggest that in respect to the sewerage, sundry improvements be made to render it more complete. Of these improvements I have conferred with the Committee of your Board in charge of the Asylum, and they were convinced of the propriety of the suggestions made.

When the heating apparatus, now in course of construction shall be completed, if a connection can be made by proper flues with the Asylum, great improvement over the present means of ventilation may be anticipated.

It has always been a matter of regret, that the building occupied by the children could not be disconnected from the other Almshouse building so as to give the children all the advantages of light, air and exercise. While they are retained in their present quarters, I am unable to offer any recommendation to improve their condition, except in the matters of sewerage and ventilation to which I have above referred.

The proximity of the Asylum to the Medical and Surgical Wards of the Almshouse, the effluvium from which cannot with all possible care be wholly excluded, must always affect the health of the children unfavorably.

The experience of all Hospitals in every part of the world proves, that such emanations from decomposing animal matter and filth, constitute one of the most fatal poisons that can exist. A poison capable of converting the usually most simple diseases, into the most malignant, or even of generating the most malignant form of nervous and typhus fever.

The statistical table already given, shows an increase in the mortality in the Asylum for the past year. This in-

creased mortality is owing to an epidemic of malignant measles which prevailed in the Asylum during the months of April and May, and which seemed to so poison the atmosphere of the entire building, that all diseases rapidly assumed a typhus form.

This influence will be rendered more palpable by making a comparison between the Children's Asylum and the white nursery. Thus in the months of April, May and June last there occurred in the nursery over thirty cases of measles, of which all recovered. At the same time there occurred in the asylum, fifty-two cases of which twenty-three proved fatal. To render this difference more striking, it must be remembered that these cases occurred at the same time and under the charge of the same medical attendance. The action of the causes is strongly shown, by comparing, not the mortality of the same diseases as I have just done, but the general mortality of all diseases.

Thus, in the nursery, there were treated in the three months to which I have just referred, 77 cases of various diseases, of which but four proved fatal, which is a mortality of but 5 per cent.

In the same time of three months, in the Children's Asylum, there were treated of all diseases 238 cases of which 51 proved fatal, a percentage of 21. These cases too, it must be borne in mind, occurred at the same time as those of the nursery and were under the same medical attendance.

In fine, therefore, I would state as my opinion that the increased mortality in the Children's Asylum in the years succeeding the year 1860 is due to the fact that since August, 1861, the foundlings formerly sent to the Nursery have been sent to the Asylum, of whom, for the reasons already given, so large a number inevitably die, and also because there exist in the building, growing out of its original construction, causes of atmospheric poisoning, capable of rendering diseases usually mild, malignant and fatal.

All of which is respectfully submitted,

R. M. GIRVIN,
Recording Clerk Medical Board.

AN ORDINANCE

To authorize the construction of a Sewer, on Tenth street, Twentieth Ward.

Whereas, A majority of the property owners on the line of Tenth street between Poplar street and Girard avenue, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Tenth street, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held October 3d, 1864, they authorized the construction of a sewer in accordance with the provisions of the ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipu-

lated by law as payable by the said property owners ; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Tenth street, from Girard avenue to Poplar street, to be built of brick, circular in form, and of two feet six inches diameter in the clear, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise, according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864. *Provided*, that the said excess shall not exceed the sum of one thousand dollars.

AN ORDINANCE

To authorize the construction of a Sewer on Eleventh street, Twentieth Ward:

Whereas, A majority of the property owners on the line of Eleventh street, between Girard avenue and Poplar street, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Eleventh street, as aforesaid, which application has been approved by the Board of Surveyors ; and at a meeting held September 19, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to

provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION I. *The Select and Common Councils of the City of Philadelphia, do ordain*, That the Department of Highways, be and is hereby authorized to construct a sewer on the line of Eleventh street, from the line of the late District of Spring Garden, northward to Girard avenue, with one man-hole. Sewer to be built of brick, circular in form, and of two feet six inches diameter in the clear, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly, approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864. *Provided*, That the said excess shall not exceed the sum of five hundred dollars.

AN ORDINANCE

To authorize the construction of a Sewer on Frankford Road, Eighteenth and Nineteenth Wards.

Whereas, A majority of the property owners on the line of Frankford Road, between Allen street and the summit, north of Willey street, have filed their petition in the Department of Survery, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer

on the line of Frankford Road, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held July 19, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Frankford Road, from the sewer in Allen street to the summit, north of Wildey street, to be circular in form with an inside diameter of three feet, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains, approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864. *Provided*, That the said excess shall not exceed the sum of thirteen hundred dollars.

AN ORDINANCE

To authorize the construction of a sewer on Twenty-fifth street, Fifteenth Ward.

Whereas, A majority of the property owners on the line Twenty-fifth street, between Hamilton and Brandywine

streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8th, 1864, for the construction of a sewer on the line of Twenty fifth street, as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held July 19, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Twenty-fifth street, from the north side of Hamilton street to the north side of Brandywine street, with inlets at the northeast and northwest corners of Twenty-fifth and Biddle streets, one at the northeast corner of Twenty-fifth and Spring Garden streets and one at northeast corner of Twenty-fifth and Brandywine streets, having a manhole near Hamilton street and one near Brandywine street. Sewer to be built of brick, circular in form, with an inside diameter of three feet, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer, as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That

the said excess shall not exceed the sum of Nineteen hundred dollars.

AN ORDINANCE

Authorizing the construction of a Sewer on Callowhill and Twenty-second street, in the Fifteenth Ward.

Whereas, A majority of the property owners on the line of Callowhill street, between Twenty-first and Twenty-second, and on Twenty-second between Callowhill and Wood streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8, 1864, for the construction of a sewer on the line of Callowhill and Twenty-second streets as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held October 3, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Twenty-second street, from Wood street to Callowhill street and in Callowhill street from Twenty-first to Twenty-second street; that on the line of Twenty-second street to be three feet inside diameter, and that on the line of Callowhill street to be two feet six inches diameter, with two manholes and with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An

Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22. (For construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of one thousand dollars.

AN ORDINANCE

To authorize the construction of a Sewer on Green street, Fifteenth Ward.

Whereas, A majority of the property owners on the line of Green street, between Twenty-second and Twenty-fourth streets have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 3, 1864, for the construction of a sewer on the line of Green street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held October 3, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Green street, from the sewer on Twenty-fourth street to Twenty-second street, to be circular in form, with an inside diameter of three feet, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on

the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (for construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of sixteen hundred dollars.

AN ORDINANCE.

To authorize the construction of a Sewer on Wallace street, Fourteenth Ward.

Whereas, A majority of the property owners on the line of Wallace streets, between Ridge avenue and Broad street, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8, 1864, for the construction of a sewer on the line of Wallace street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held October 3, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Wallace street, from the sewer on Ridge avenue to the west curb line of Broad street, to be circular in form, and three feet inside diameter, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall

allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (for construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of one thousand dollars.

AN ORDINANCE

To authorize the construction of a Sewer on Brighton street, Eighth Ward.

Whereas, A majority of the property owners on the line of Brighton street, between Broad and Fifteenth streets, have filed their petition in the Department of Surveys, as directed by the Act of Assembly, approved April 8, 1864, for the construction of a sewer on the line of Brighton street as aforesaid, which application has been approved by the Board of Surveyors; and at a meeting held August 2, 1864, they authorized the construction of a sewer in accordance with the provisions of the Ordinance approved November 11, 1858, entitled "An Ordinance to provide for the construction of Branch Culverts or Drains." *And whereas*, Owing to the enhanced price of materials and labor, the cost per linear foot will exceed the amount stipulated by law as payable by the said property owners; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of said Brighton street, from the sewer on Fifteenth street, and extend eastwardly to the west line of Broad street with inlets at the northwest corner of Broad and Brighton streets, and the northeast corner of Fifteenth and Brighton streets. Sewer to be brick, circular in form, three feet in diameter, having one manhole, in accordance with

a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts and Drains," approved November 11, 1858. The excess of the cost of said sewer over and above the amount assessed upon the property fronting thereon shall be paid from Item 22, (for construction of Branch Culverts,) of the Ordinance to make an appropriation to the Department of Highways for the year 1864: *Provided*, That the said excess shall not exceed the sum of eight hundred and fifty dollars.

APPENDIX No. 59.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed petition of owners of property on Bridge street, asking for relief from the overflow occasioned by a sewer terminating upon their land, have given the matter their attention, and find that a sewer on the line of Bridge street, under the Pennsylvania Railroad, taking the water from the street west of that road, empties directly upon property in the market for improvement, and owned by Mrs. R. B. Newell and others; the effect of which is injury to buildings now erected on the western side of Bridge street, and keeping the vacant ground unimproved. This sewer should be extended to the river upon Bridge street, and if constructed now, will be less expensive than at any future time, owing

to the construction of the approach wing walls now going on. We offer a bill asking its adoption.

AN ORDINANCE

To authorize the construction of a Sewer on Bridge street, Twenty-fourth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on the line of Bridge street, from the Pennsylvania Railroad to the river Schuylkill; to be of brick, circular in form, and an interior diameter of three feet, with the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of Ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The sum of three thousand dollars be and the same is hereby appropriated to pay for the construction of said culvert. Warrants for the same shall be drawn by the Chief Commissioner of Highways, in conformity with law.

APPENDIX No. 60.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed communication

from Eli K. Price and others, asking that the sewer under the Reading Railroad, near Thompson street, and under Thompson street on line of old creek, as directed by Act of Legislature, may be built; find that this bill has already received the sanction of Councils, but was vetoed by the Mayor; since that time the Legislature has removed the points objected to by the Mayor, and it is therefore again before us. The importance of the work is, without question, as the report of the Chief Engineer and Surveyor attached will show. We, therefore, append a bill and ask its adoption.

DEPARTMENT OF SURVEYS,
Philadelphia, October 22, 1864.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—With reference to the necessary culverting at Thompson street and Pennsylvania avenue, I beg leave to report that in the general plan for drainage the northwestern portion of the City, an intercepting sewer emptying below the Dam has already been constructed on the line of Pennsylvania avenue as far as Thirtieth street. the intention being to extend this sewer northward on that street, as the extension of improvements requires sub-drainage; therefore, all that is now necessary at the locality in question, is a provision for storm water equal to what has already been provided by private enterprize.

The old Columbia Railroad (now the Reading Railroad) was embanked across the valley at this point, and built there a circular sewer two and a half feet diameter. Thompson street was also embanked across, under which a circular three feet sewer was built shortly after consolidation. From the north line of Thompson street, upon the line of creek, a culvert has been constructed upon private property some five hundred feet, with a diameter of five feet. This, then, should be the proportions to be constructed upon City property, as it is evident that both the

two and a half and three feet old constructions are too small for any extraordinary storm. It is, therefore, recommended that the City enlarge the sewer under Thompson street to a diameter of five feet, and that an arrangement be made with the Reading Railroad Company, by which a sewer of the same diameter may be constructed across and under the Pennsylvania avenue.

Owing to the difficulty and danger of performing such work under a railroad, having such continued traffic as the Reading Road, it is respectfully urged that the Reading Company be permitted to take the charge and responsibility of its construction across Pennsylvania avenue, the City paying their proportion of the cost; a contract to that effect being entered into by the City with said Railroad Company. This plan has worked admirably in two instances before, and is deemed most advisable.

Respectfully submitted,

STRICKLAND KNEASS,

Chief Engineer and Surveyor.

AN ORDINANCE

Authorizing the construction of a Sewer under Pennsylvania avenue and the Reading Railroad, and upon the line of creek, near Thompson street, Twentieth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain,* That the City Solicitor be, and he is hereby authorized and directed to draw a contract with the Philadelphia and Reading Railroad Company, to construct a sewer under the line of Pennsylvania avenue and their railroad at a point where the creek crosses said Pennsylvania avenue, three hundred and fifty feet southward from Thompson street; to be of brick, circular in form, five feet clear diameter, with nine inches thickness of arch, for the sum of thirty-five hundred dollars. Said sewer to be one hundred and eighty-five feet long, with stone facing at ends.

SECT. 2. It shall be specified in said contract, that for the sum above noted, and hereinafter authorized to be paid the said Railroad Company, they shall complete the said work to the satisfaction and acceptance of the Chief Engineer and Surveyor of the City; place the street surface in the same condition as previous to the commencement of

the work, and assume all risk of flood, injury to, or detentions of trains upon said railroad during construction, and shall relieve the City of Philadelphia from any liability consequent upon imperfect work in the construction of said sewer.

SECT. 3. That the Department of Highways, &c., be and is hereby authorized and directed to construct a sewer across the line of Thompson street, from the termination of sewer built at the expense of property owners upon the line of creek to the open channel of creek, south of said Thompson street, being a distance of about seventy-five feet; said sewer to be circular in form, and five feet in interior diameter. Advertisements for proposals shall be made and the work let in accordance with law.

SECT. 4. That the sum of five thousand dollars be and the same is hereby appropriated, for the purposes hereinbefore mentioned; thirty-five hundred dollars of which shall be for the payment of the sum named in the contract with the Philadelphia and Reading Railroad Company.

Warrants for the same shall be drawn by the Chief Commissioner of Highways upon estimates duly signed by the Chief Engineer and Surveyor.

APPENDIX No. 61.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the annexed resolution, requesting the Department of Surveys to report upon the proper mode of providing for the depression of grades at Eighteenth and Master streets, state that a revision of grades in that locality now would injure the property west of Eighteenth street, unless a lighter gradient be adopted than in the judgment of the Department would be proper; and, therefore, it is recommended that a sewer be constructed from Seventeenth and Thompson upon Seventeenth to Master, thence westward on Master to Eighteenth, the cost of which to the City would be about \$3,000. This will bring into use a square of ground upon which it is

intended to erect eighty-four houses, the assessed value of which will be \$1,000 each, thus giving an annual revenue to the City of some \$1,600. These buildings cannot go on until some provision is made for the water which now collects in the basin at Eighteenth and Master. We, therefore, offer the annexed bill, and ask its approval.

AN ORDINANCE

To authorize the construction of a Sewer on Seventeenth and Master streets, Twentieth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be and is hereby authorized to construct a sewer on Seventeenth and Master streets, beginning at Thompson street, thence northward to Master, and thence west to Eighteenth. To be brick, circular in form, with an inside diameter of four feet; to have three manholes and the necessary inlets, for the proper surface drainage, in accordance with a plan and specifications to be prepared by the Department of Surveys.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that proposals will be received for the construction of said sewer, and he shall allot the work to the lowest bidder, and it shall be a condition of said contract that the contractor shall accept the sums assessed upon and charged to the properties lying on the line of said sewer as authorized by the Act of Assembly approved April 8, 1864, and in manner and form provided by Sections 3 and 4 of ordinance entitled "An Ordinance to provide for the construction of Branch Culverts or Drains," approved November 11, 1858. The sum of three thousand dollars be and the same is hereby appropriated to pay for the construction of said culvert. Warrants for the same shall be drawn by the Chief Commissioner of Highways in conformity with law.

APPENDIX No. 62.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Highways, to whom was referred the petition to repave Hampton street, Palo Alto street, and Brinkley place, respectfully report, that they have considered the same, and submit for your consideration the following resolution and recommend its passage.

RESOLUTION

To authorize the Grading of Clarion street.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways is hereby authorized and directed to grade Clarion street, between Thirteenth and Broad street, in the Twenty-sixth Ward, to the established grade of the City, and the whole cost thereof not to exceed the sum of fifty dollars, (\$50.)

APPENDIX No. 64.

To the President and Members of the
Select and Common Councils.

The Committee on Highways, to whom was referred the petitions for paving Vienna, Artson, Newkirk, Latimer, Montgomery and Leopard streets, respectfully report, that they have considered the same, and submit for your consideration the following resolution, and recommend its passage.

ENOCH TAYLOR, <i>Ch'n pro tem.</i> ,	ISAAC SULGER,
JOSHUA SPERING,	ANDREW ZANE, JR.,
F. A. WOLBERT,	JOHN B. HAINES, M. D.

RESOLUTION

To authorize the paving of Vienna, Artson, Newkirk, Latimer, Montgomery and Leopard streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways is hereby authorized and directed to enter into a contract with a competent paver or pavers, for the paving of the following streets, viz.: Vienna street, from Frankford road to Cedar street, in the Eighteenth Ward; Artson street, from Hancock to Mascher street, and Newkirk street, from Artson to Putnam street, in the Nineteenth

Ward; Latimer street, from Ash to Otis street, in the Eighteenth Ward; Montgomery street, from Phillip street to the line of the Philadelphia and Trenton Railroad, in the Eighteenth and Nineteenth Wards; and Leopard street, from Richmond street to Otter street, in the Sixteenth Ward; the conditions of which contracts shall be that the contractor shall collect the cost of said paving from the owners of property fronting on said streets, respectively, and that the city shall be liable only for the intersections; also, that the contractor shall enter into an obligation to the city to keep the said streets in good repair for two years after the paving is finished, and that the water pipes be laid in said streets before the paving is commenced.

APPENDIX No. 65.

RESOLUTION

Of Instruction to the Finance Committee.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Finance Committee be directed to take the necessary steps to provide a system for the assessment of personal property, made subject to a tax for municipal purposes, by a late Act of Assembly, entitled "A further supplement to an Act to incorporate the City of Philadelphia," and for the collection of taxes thereon, and to report an ordinance therefor.

A FURTHER SUPPLEMENT

To an Act to incorporate the City of Philadelphia.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That the Select and Common Councils of the City of Philadelphia shall have the power to levy a tax for municipal purposes, on all subjects of taxation specified by the thirty-second section of Act of April 29, 1844, and to provide by ordinance a system for the assessment thereof, and collection of taxes thereon.

RESOLUTION

To authorize the Commissioner of City Property to lease Moyamensing Hall.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Commissioner of City Property be and he is hereby authorized and directed to let the Moyamensing Hall in the Second Ward of the said City to the United States Government for a Provost Barracks, at an annual rent of one thousand five hundred dollars, and that the Mayor be directed to execute a lease, on the part of the City, to that effect.

APPENDIX No. 67.

RESOLUTION

Relative to the death of the late Lieutenant-Colonel John B. Kohler.

Whereas, The late Lieutenant-Colonel John B. Kohler, of the 98th Regiment, Pa. Vols., served in the army of the Union with exemplary and distinguished gallantry, and was killed while engaged with the enemy, in the battle near Middletown, in the Shenandoah Valley, on the 19th instant: *And whereas,* It is proper that the Councils of Philadelphia should unite with the personal friends of the deceased, in paying just and appropriate honors to his memory. Therefore

Resolved by the Select and Common Councils of the City of Philadelphia, That in the death of the late Lieutenant-Colonel Kohler, the City of Philadelphia has lost a valuable citizen, and the country an able and distinguished soldier, and that as a slight tribute to his memory, Councils will attend his funeral, and that a copy of these resolutions be transmitted to his family.

RESOLUTION

Authorizing the City Solicitor to release a certain property.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be, and he is hereby authorized and directed to release unto Thomas Shaw, his heirs and assigns, all that certain lot or piece of ground, with the three story brick messuage or tenement thereon erected, situate on the east side of Mervine street, at the distance of one hundred and sixty-four feet southward from the south side of Master street, in the Twentieth Ward of the City of Philadelphia, containing in front or breadth on the said Mervine street fourteen feet, and extending in length or depth eastward of that width, at right angles with the said Mervine street sixty feet, to a certain three feet wide alley leading southward into another three feet wide alley, together with the free use and privilege of said alleys, of and from the lien, operation and legal effect of a certain judgment, entered in the District Court, for the City and County of Philadelphia, at the suit of The City of Philadelphia against Thomas Shaw, et al., on the sixteenth day of March, A. D. 1864, as of March Term, 1864, No. 39, D. S. B.: *Provided*, The co-defendants of the said Thomas Shaw concur therein, and that ten dollars be paid for the publication of this resolution.

APPENDIX No. 71.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance to whom was referred the accompanying "Ordinance to take possession of the Northern Liberties Gas Works," report the same without amendment and recommend the passage of the resolution attached to said Ordinance. By the Act of 1846, incorporating these Gas Works, power was given to the municipal predecessors of the City to take them after July 1st, 1865, by giving for the capital stock of the company, bonds of the municipal corporation redeemable in fifteen years. The impolicy of having a private corporation in our City, manufacturing and distributing gas must be evident to all, and this ordi-

nance, which is in exact accordance with the Act of Assembly, is submitted.

The Committee on Gas Works, to whom was referred the following resolution :

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Gas be and they are hereby instructed to report an Ordinance "To take possession, after the first day of July, 1865, of the Northern Liberties Gas Works, and to convert the stock of the company into a loan, redeemable in fifteen years from the date of such conversion, bearing an interest at the rate of six per cent per annum, payable half-yearly,"

Report the annexed Ordinance and recommend its adoption.

GEO. F. OMERLY,
SAMUEL G. KING,

Committee on Gas Works.

AN ORDINANCE

To take possession of the Northern Liberties Gas Works, and to create a loan therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain:* That the Trustees of the Philadelphia Gas Works, are hereby authorized to take possession of the Works of the Northern Liberties Gas Works. so soon after the first day of July, 1865, as can be; in accordance with the terms of an Act approved April 1, 1846. [P. L. 264.]

SECT. 2. That for the purpose of enabling the trustees of the Philadelphia Gas Works to take possession of the Gas Works authorized by the first section hereof, the Mayor of the City is hereby authorized to borrow on the credit of the City, at a rate of interest not exceeding six per cent. per annum, such sums of money as the trustees may require not exceeding four hundred thousand dollars, and without requiring the payment of any money therefor; the

City Treasurer is hereby directed on the requisition of the trustees to issue certificates of the loan of the City of Philadelphia in such amounts and to such parties as they shall designate not exceeding said sum. Said loan to be used for the conversion of the stock of the Northern Liberties Gas Works, and the principal thereof to be payable at the expiration of fifteen years from the date of such conversion, and not before, without the consent of the holders thereof. The certificates of said loan shall be in the usual form, in which certificates heretofore have been issued on the requisition of said trustees and shall be transferable at the office of the City Treasurer.

SECT. 3. That the said trustees shall set apart out of the profits of said Gas Works, the sum of twelve per centum per annum, on the amount borrowed by virtue of this Ordinance, for the purpose of paying the interest thereon, and for reimbursing the principal thereof, when the same shall be payable; and on or before the thirty first day of December and the thirtieth day of June in every year, until the said loan is redeemed, the sum of six per centum on the amount of said loan shall be paid by the said trustees to the City Treasurer, who shall apply three per centum thereof to the payment of the interest on said loan, as the same may fall due, and to no other purpose, and the remaining three per centum shall be paid over by the said Treasurer to the Commissioners of the Sinking Fund, who shall invest the same and its accumulations in the loans to the said Gas Works, or in the other loans of the City of Philadelphia as a sinking fund, which is hereby specifically pledged to the repayment of said loan; and any surplus remaining after the payment of said loan, shall be applied by the Commissioners of the Sinking Fund toward the extinguishment of the other loans to the said Gas Works, if any, otherwise of the funded debt of the City of Philadelphia.

SECT. 4. Upon taking possession of the works, pipes, &c., conveyed under authority of this ordinance, it shall be the duty of the Trustees of the Gas Works, to make a detailed report to Councils of the property, real and personal, so conveyed and its assessed value; and the said trustees shall have with respect to said works, pipes, &c., the same powers and authority, in all respects as they now have, or

hereafter may have, with respect to the work already intrusted to their care.

SECT. 5. For the purpose of enabling the trustees of the Philadelphia Gas Works to carry out the various trusts confided to them by Ordinances of Councils, and to increase, extend, locate and improve in the most economical manner the pipes, meters and works under their care, so as to meet the increasing wants of the citizens for gas light, the said trustees are hereby authorized and required so to regulate the price of gas, and the several products of its manufacture, as may from time to time be necessary; the said price of gas to be the same in all the Wards of the City supplied by the Gas Works under the control of the trustees.

SECT. 6. Anything in any other Ordinance contrary to this Ordinance is hereby repealed.

RESOLUTION

Directing the Clerk of Common Council to publish a Loan Bill.

Resolved, That the Clerk of Common Council be authorized to publish in two daily newspapers, daily, for four weeks, the Ordinance presented to Common Council at a stated meeting thereof, held on the twenty-seventh day of October, 1864, entitled "An Ordinance to take possession of the Northern Liberties Gas Works, and to create a loan therefor;" and the said Clerk at the stated meeting of Councils next after the expiration of four weeks from the said publication, shall present to Councils one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 72.

To the Select and Common Councils
of the City of Philadelphia.

The Finance Committee to whom were referred the claims of Jesse Johnson, James B. Smith & Co., and of the Recorder of Deeds, respectfully report

That they have examined the same and the vouchers in support of them, and are satisfied that they are just and should be paid.

The claim of Jesse Johnson is for labor and material furnished and performed in repairing Catharine street, from Second to Fifth streets, in the Third Ward, in the year 1863. Suit was brought to recover this claim, when it was proved that the work was done and materials furnished in good faith by Mr. Johnson, under a written order from the Chief Commissioner of Highways. It was also shown that one of the Assistant Commissioners of Highways saw or inspected the work while in progress, but it did not appear that it had been ordered in the usual and proper way by the Board of Commissioners. A verdict was rendered by the jury in favor of the claimant, but it was held in suspense by a question of law touching the formality of the order for the work. As the conduct of the claimant appears to have been just and proper, and his claim, therefore, an equitable one, your Committee report favorably thereon, and think he should be allowed the amount awarded to him by the jury, but without interest.

The claim of James B. Smith & Co., is for books ordered and binding done during the year 1863, for the Clerks of Councils. The books consist of a large Minute book for the Clerk of Select Council, and a very large printed and ruled book for the pay rolls of the Clerk's office. The binding was a number of volumes of original Ordinances. The prices appeared high, but seemed to be justified by the advances in labor and materials, as well as by the size and character of the work.

The claim of Lewis R. Broomall, Recorder of Deeds, is for a new set of Index Books rendered necessary by the demands of his office and ordered by him. The law requires the city or county to purchase and pay for such books, but they should be ordered by the City Commissioners on proper requisitions. In this case, it was represented that the exigencies of the Recorder's office required immediate action, and the Committee therefore include the claim in the annexed Ordinance, the passage of which they recommend.

AN ORDINANCE

To make an appropriation for repairing Catharine street, and to pay for books furnished to Clerks of Councils and Recorder of Deeds.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of two thousand and one dollars and nine cents be and the same is hereby appropriated to pay the following claims:

1. To pay Jesse Johnson for work and material done and furnished in repairing Catharine street, from Second to Fifth streets, in 1863, the sum of six hundred and seventy-six dollars and nine cents.

2. To pay James B. Smith & Co., for books furnished and bound for the Clerks of Councils in 1863, the sum of one hundred and twenty-five dollars.

3. To pay for indices for the office of the Recorder of Deeds, the sum of twelve hundred dollars.

SECT. 2. That warrants for the same shall be drawn as follows: Item 1, by the Chief Commissioners of Highways; Item 2, by the Clerks of Councils, and Item 3, by the City Commissioners.

APPENDIX No. 73.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Highways to whom was referred the petitions for repaving Hope and Wilmer streets and Rowland court, respectfully report that they have considered the same, and submit for your consideration the following resolution, and recommend its passage.

RESOLUTION

To authorize the repaving of Earl street.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized to enter into a contract with a competent paver or pavers, for the paving of Earl street from Thompson street to Belgrade street in the Eighteenth Ward. Said repaving to be done with tramway stone in the track of the wheels, and if the cartway is too

wide for a single track the said Commissioner is hereby authorized to reduce the width thereof by taking an equal quantity from each side.

APPENDIX No. 75.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Highways, to whom their annexed report, relative to the grading, culverting and bridging of Broad street, from Germantown road to Fisher's lane, was referred, to procure specifications, &c., respectfully report, that they have obtained from the Chief Engineer and Surveyor, specifications of the nature and character of the work to be done, and an estimate of the cost of the same, which with a certified copy of the Act of Assembly, referred to in the said annexed report, are herewith presented.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways, to whom was referred the communication of the Chief Commissioner of Highways, in regard to the grading, culverting and bridging of Broad street, from Germantown road to Fisher's lane, respectfully report, that they have considered the same, and find, upon examining the estimates of the Chief Engineer and Surveyor, that the required improvements will cost about twenty-five thousand dollars, and would therefore submit for your consideration the following ordinance, and ask its adoption.

AMOS BRIGGS, <i>Ch'n</i> ,	JOHN B. HAINES, M. D.,
ENOCH TAYLOR,	ANDREW ZANE, JR.,
ISAAC SULGER,	GEO. W. WILLIAMSON,

AN ORDINANCE

To authorize the grading, curbing, and bridging of Broad street from Germantown road to Fisher's lane.

WHEREAS, By Act of Assembly, approved the sixth day of May, A. D. 1861, it is made the duty of the Department of Highways, Bridges, Sewers, &c., of the City of Philadelphia, to cause Broad street to be graded for public use, from Germantown road to Fisher's lane, and the culverts to be enlarged under the Philadelphia and Reading Railroad, near Thompson street, and near Thirty-first street, in connection with said railroad company. All said work to be approved by the Chief Engineer of the said City of Philadelphia. Therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia*, do ordain that the sum of twenty-five thousand dollars be and the same is hereby appropriated to the Department of Highways, Bridges, Sewers, &c., for the purpose of carrying the said law into effect.

AN ACT

Relating to certain Public Improvements in the City of Philadelphia.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same*, That it shall be the duty of the Commissioners of Highways of the City of Philadelphia forthwith to cause Broad street to be graded for public use, from the Germantown road northward to Fisher's lane, and the culverts to be enlarged under the Philadelphia and Reading Railroad near Thompson street and under Thompson street, in connection with said railroad company, all said work to be approved by the Chief Engineer of said City.

HENRY C. JOHNSON,

Speaker of the House of Representatives.

JOHN P. PENNEY,

Speaker of the Senate.

Approved the sixth day of May, Anno Domini one thousand eight hundred and sixty-four.

A. G. CURTIN.

OFFICE OF THE SECRETARY OF THE COMMONWEALTH,
Harrisburg, May 20th, A. D. 1864.

Pennsylvania, ss.:

I do hereby certify, that the foregoing and annexed is a full, true, and correct copy of the original Act of the General Assembly, entitled "An Act relating to certain public improvements in the City of Philadelphia, as the same remains on file in this office.

In testimony whereof, I have hereunto set my hand, and caused the seal of the secretary's office to be affixed, the day and year above written.

W. H. ARMSTRONG,
 Deputy Secretary of the Commonwealth.

DEPARTMENT OF SURVEYS,
Philadelphia, October 27th, 1864.

ISAAC SULGER, ESQ.

DEAR SIR:—The estimate cost of grading and bridging Broad street, from Germantown road to Fisher's lane, exclusive of bridge over the Reading Railroad, which I am advised will be built by that company, is \$23,500, making the roadway sixty-three feet wide, and the bridge at Wingochocking ninety feet, *i. e.*, abutments ninety feet long.

Very respectfully,

STRICKLAND KNEASS,
Chief Engineer and Surveyor.

This is, of course, approximate.

SPECIFICATIONS

For grading and bridging Broad street, from Germantown road to Fisher's lane.

The street shall be graded to a width in excavations of 34 feet, with side slopes neatly trimmed in earth, to a slope of 1 to 1, and in rock, with a slope of $\frac{1}{4}$ to 1. On embankments the top surface to be 34 feet wide, with side slopes $1\frac{1}{2}$ to 1. The depths of cutting to be as shown upon the profile in the office of the Chief Engineer and Surveyor.

The masonry will be rough rubble, laid in lime mortar, with stone which shall generally contain not less than four cubic feet, so arranged as to make substantial work and no

stone will be admitted in the walls containing less than two cubic feet, unless for filling interstices between the larger blocks.

There shall be a header in the face for every six feet of length of wall, each header to be at least 3 feet long, 8 inches thick, and 15 inches wide, holding their full size in the wall.

The back headers to be arranged between the headers on face. The filling of the wall to be of same character of stone as shown on face.

The walls to be levelled off at the required height to receive the wall plate of superstructure, and wooden blocks shall be set in the wing walls for receiving the roof coping.

All foundations to be below the stream, and if necessary to secure a safe foundation, a platform of timber will be laid of sills 6×10 , $2\frac{1}{2}$ feet apart and two layers of 3-inch hemlock plank laid diagonally and reversed.

The bridge over the Wingohocking will be 25 feet span, a plain stringer superstructure; stringers to be about 9 feet from centre to centre, and each composed of two timbers 5×14 scantling, securely bolted together with screw bolts, 3×10 joist, 2 feet from centre to centre, 20 feet long, will be set on the stringers and lapped, which shall be covered with two courses of 2-inch plank laid diagonally and reversed.

The whole work to be subject to the approval of the Chief Engineer and Surveyor. Estimates will be prepared monthly during the progress of the work by the Chief Engineer and Surveyor, which will be paid in warrants drawn upon the City Treasurer by the Chief Commissioner of Highways, and at the completion of the work and its acceptance by the Chief Engineer and Surveyor, a final estimate will be made of all amounts due, including the retained per centage, which will be paid as above noted.

All masonry will be estimated at 25 cubic feet to the perch.

The entire work will be completed on or before the 15th day of October next.

STRICKLAND KNEASS.

August 6th, 1864.

APPENDIX No. 76.

AN ORDINANCE

To make an appropriation to the Superintendent of Trusts for the purpose herein named.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one thousand and seven hundred dollars be and the same is hereby appropriated to the Superintendent of Trusts, out of moneys, received on account of the Dr. Boudinot Trust, to invest the same for the use of the aforesaid trust, in the loan of the City of Philadelphia.

SECT. 2. Warrants for the same shall be drawn by the Superintendent of Trusts, in accordance with existing ordinances.

APPENDIX No. 77.

AN ORDINANCE

To encourage further Enlistments in the Military and Naval Service of the United States.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the balance of the several appropriations heretofore made to the Commissioners appointed under the Ordinance of December 12, 1863, "to make an appropriation for the payment of bounty to volunteers under the recent call of the President," be and the same is hereby appropriated for the payments under the provisions of the said Ordinance, upon the certificates of such Commission to all volunteers who shall be duly enlisted and enrolled into the military, marine, or naval service of the United States, and who shall therefore be credited to the City of Philadelphia, of the bounties hereinafter named; that is to say, to every such volunteer for the term of three years the sum of \$450, to every such volunteer for the term of two years the sum of \$300, and to every such volunteer for the term of one year the sum of \$150.

SECT. 2. There shall also be paid from such appropriation, upon the certificate of the said Commission, to each enrolled citizen who shall furnish a substitute for military service, if such substitute is not himself liable to a draft, and who shall thereupon be duly credited to the City of Philadelphia, if such substitute be enlisted in the military, marine or naval service, for the term of three years, the sum of \$300, if such substitute be enlisted as aforesaid for a term of two years the sum of \$200, and if such substitute be enlisted as aforesaid for a term of one year the sum of \$100.

SECT. 3. *Whereas*, An Ordinance, approved September 30, 1864, authorized an extra bounty of \$50 to each of the thousand men who should first enlist and be credited to the quota of either of the Wards of the City of Philadelphia which at the date of such enlistment should be deficient in the full number of its quota. *And whereas*, Owing to the temporary discrepancies between the enlistments reported to the Commissioners of the Bounty Fund and the credits for recruits awarded by the several provost marshals upon returns of mustering officers, there is an excess of claimants for the said extra bounty, all of whom are equitably entitled to the same, the said Commissioners are hereby authorized to continue the payment of such extra bounty of \$50 upon due verification of claims made by persons who have enlisted prior to the official notification of the quotas of the several Wards having been filled, to not exceed one hundred and fifty claimants—and the amount that shall be required therefor shall be first taken from the balances of appropriations named in the first section hereof.

SECT. 4. The said Commissioners shall be vested with the like powers to those granted them by the aforesaid Ordinance of December 12, 1863, and the warrants for the payments herein authorized shall be signed by the Clerk or Assistant-Clerk of the Mayor, upon the due approval by the Mayor of the certificate of proper claims furnished him by the said Commissioners, and the said warrants shall thereupon be countersigned by the City Controller, and shall be forthwith paid by the City Treasurer out of any moneys in the City Treasury applicable thereto.

APPENDIX No. 78.

RESOLUTION

Requesting the Mayor to offer a reward for the murderers of James Campbell.

Whereas, James Campbell, an aged citizen, was murdered on the night of the 29th of October last, in Chestnut above Sixth, by some person or persons unknown, therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor be and he is hereby requested to offer a reward of five hundred dollars for the arrest and conviction of the murderers of the said James Campbell.

APPENDIX No. 79.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance, to whom was referred the communication from the City Commissioners, asking an additional appropriation to pay expenses incurred, and to be incurred, in conducting the elections of the present year, by the increase of elective divisions, and by the recording and computation of the soldiers' vote, have considered the same, and are satisfied that these additional expenses are unavoidable and should be provided for. They therefore recommend the passage of the annexed Ordinance.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized to regrade and repave Dock street, from Third street to Delaware avenue, in the Fifth Ward.

APPENDIX No. 82.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Highways, to whom was referred the petition for repairs to the trunk on the line of Reynolds and Garden streets, respectfully report, that in their judgment it would be better to carry the water off by grading those streets, as that would be a permanent remedy; and if a trunk were put in it would require renewal in a year or two, and the cost will be about the same as for grading. We, therefore, submit for your consideration the following resolution recommending its passage.

RESOLUTION

To authorize the grading of Reynolds street from Richmond street to Garden street, and Garden street from Reynolds to Kirkbride streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized to grade to the established grade of the City, Reynolds street from Richmond street to Garden street, and Garden street from Reynolds street to Kirkbride street, at a cost not exceeding four hundred and two dollars and thirty cents.

APPENDIX No. 83.

COMMITTEE ROOM, }
November 3, 1864. }

To the Common Council
of the City of Philadelphia.

GENTLEMEN:—The Joint Committees on Surveys, Regulations and Port Wardens, to whom was referred the communications from the Master Warden, and the Chief Engineer and Surveyor, have given the matter their careful consideration, and are impressed with the necessity of having, at the earliest day, such authority given as will enable the surveys and soundings called for, to be made upon the ice of the coming winter.

The Warden's line above and below the city is imperatively called for to prevent encroachments upon the river, which, if once constructed in the form of wharves, may interfere greatly with any arrangement of wharf line that may afterward be called for. Applications have already been made to the Board of Wardens for permits to construct extensions into our water-way south of the limits of the fixed line, which applications invariably lead to difficulty between the land owners and the authorities. An arbitrary line of low water is most important to secure to the city, that length of dock now so necessary by the increased dimensions adopted for steam vessels, whose visits to our port should be encouraged and invited. The establishment of a new Warden's line in 1856, greatly improved

our harbor in that particular, but unless the authority vested in the Board of Wardens, to prevent the extension of an artificial low water line, occasioned by the filling up of the dock-heads, is in practical operation, we will soon be reduced to the same condition of things, which in 1856, called for the new wharf line and which now, is so highly valued by shipping merchants.

The numbering of wharves is and has been adopted for many years in our neighboring cities, and although apparently a very simple matter, is of the utmost importance in the business negotiations of our shipping men.

OFFICE OF PORT WARDENS OF PHILADELPHIA,
No. 119 Walnut Street,

Philadelphia, January 27, 1864.

To the President and Members of the
Select and Common Councils.

GENTLEMEN:—In compliance with the desire of the Board of Wardens for the Port of Philadelphia, as expressed at their last stated meeting, Monday, January 4, 1864. I would most respectfully call your attention to the Act of Assembly, approved February 2, 1854, (P. L. 37,) in which among other matters it is provided that "It shall be the duty of said Councils of Philadelphia, after the requisite surveys and soundings shall have been made, to fix the lines beyond which no wharf or pier shall be constructed," and would respectfully suggest the propriety of immediate action being taken, to extend the wharf line already established to the Point House, *to the southern limit*

of the City, and also to extend the same from its northern terminus at Frankford Creek to the northern line of the corporation. The southern extension is most imperatively demanded in view of the improvements which will be in progress in the course of a year or two, and in the event of applications for extension of wharves or piers, it will be absolutely necessary for this Board to have such a line determined.

Asking your very serious and early attention to this whole subject, believe me,

Very respectfully and sincerely,

Your obedient servant,

CHAS. S. WAYNE,

Master Warden Port of Philadelphia.

AN ORDINANCE

To establish wharf and low water lines on the river Delaware.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be and is hereby authorized and directed to have such surveys, soundings and plans prepared as will enable Councils to establish a Warden's line, (as per Act of Assembly, February 2 1854,) from Poquessing Creek to Frankford Creek, and from the Point House to Cobb's Creek: and also a *low water line*, as authorized by Act of Assembly, May 20, 1864, along the entire Delaware front of the City, said plans to exhibit the numbers by which wharves now constructed, may be designated; on such system as may be found most practicable by the Board of Port Wardens, and that the Board of Wardens for the Port of Philadelphia be, and are hereby authorized and requested to carry out said system of numbering.

SECT. 2. That the sum of three thousand dollars be, and is hereby appropriated to the Department of Surveys for specific purpose herein designated. Warrants therefor to be drawn by the Chief Engineer and Surveyor in accordance with existing laws.

APPENDIX No. 84.

RESOLUTION

To release certain property of Samuel Pugh.

Resolved by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby authorized to release the following described property of Samuel Pugh from the lien and operation of the judgment (D. C., D. S. B. March '64. No. 47,) entered on the official bond of Jonathan H. Pugh, that is to say all that certain lot or piece of ground with the three story brick messuage or tenement with double three story back buildings thereon erected, situate on the east side of Eleventh street, in the late District of Spring Garden, now in the Fourteenth Ward of the City of Philadelphia, commencing at a point at the distance of one hundred and twenty-five feet northward from the north side of Green street, containing in front or breadth on the said Eleventh street seventeen feet, and extending of that width in length or depth eastward, between parallel lines at right angles with said Eleventh street on the south line thereof eighty-nine feet and one-quarter of an inch and on the north line thereof eighty-eight feet seven inches and three-eighths of an inch to a three feet wide alley leading northward into Mount Vernon (late Washington) street: *Provided,* His co-sureties agree thereto: *And provided further,* That the said Samuel Pugh shall pay to the City Solicitor for the use of the City the sum of ten dollars to defray the expenses incurred in the publication of this resolution.

APPENDIX No. 85.

APPENDIX No. 90.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the bill entitled “Resolution to revise the Tax Laws of the City of Philadelphia,” respectfully report the same as an “Ordinance,” and recommend its passage.

In order to accomplish the object proposed in the recent Act of Assembly, authorizing the City to tax certain personal property not subject to taxation heretofore, it is desirable that some consistent and practical system of assessment should be adopted, and the Committee are inclined to believe that a Commission of intelligent citizens, judiciously selected by the Mayor, will be able to devise and perfect such a system.

AN ORDINANCE

Creating a Commission to revise the Tax Laws of Philadelphia.

Whereas, There are serious inequalities in the assessment of property liable to municipal taxation: *And whereas*, By a recent Act of Assembly the City of Philadelphia is authorized to levy taxes upon certain personal property not hitherto liable to taxation: *And whereas*, It is desirable

that a proper system for the correction of the inequalities referred to, and the extension of assessments to new objects of taxation should be established: Therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of the City be and he is hereby authorized to appoint a Commission of five citizens of said City, whose duty it shall be to revise the tax laws, so far as they relate to the City of Philadelphia; and that the said Commission be directed to fix upon and report some uniform rule or system upon which the actual value of all property made taxable may be ascertained, so that the same relative value, in the aggregate of property may be obtained in all the Wards of the City; and that the said Commissioners be requested to report the result of their labors to Councils at as early a day as possible.

APPENDIX No. 91.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Finance Committee respectfully report that they have duly considered the subject referred to them by Councils, of the increase of the salaries of certain municipal officers, and recommend the passage of the annexed bill, increasing the salaries of the Mayor, City Solicitor, and City Controller. These offices impose great responsibilities upon the incumbents, and while the public expect from them the exercise of their functions with scrupulous fidelity to the interests of the City, the Committee believe that they are willing to pay them remunerative salaries. With these views, and also in accordance with a system of advance upon the salaries of public officers, rendered necessary by the exigencies of the times, the Committee have prepared the accompanying bill, and trust it will receive the sanction of Councils.

AN ORDINANCE

Fixing the Salaries of certain Municipal Officers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the first day of January, A. D. 1865, the salaries of the Mayor of the City shall be five thousand dollars per annum; that of the City Solicitor shall be thirty-six hundred dollars per annum, and that of the City Controller shall be three thousand six hundred dollars per annum, payable monthly; and warrants therefor shall be drawn in conformity with existing ordinances.

 APPENDIX No. 92.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance to whom was referred the bill entitled “An Ordinance to increase the revenue of the City of Philadelphia,” respectfully report that they have given to the subject the consideration to which its importance entitled it, and report the bill, with a few modifications. The Committee could not hope, nor could they be expected, to digest a complete and perfect system for carrying out the provisions of the recent act of Assembly, relative to the taxation of personal property, in consequence of the difficulty of selecting those subjects of taxation which can properly bear the increased burden, and of ascertaining what the burden should be. Time and experience can only determine these questions. In the meanwhile, your Committee trust that the bill now presented for the action of Councils may elicit discussion and invite examination, and that it may, at least, result in the development of some plan by which the object of the Legislature may be realized in a more equal distribution of the weight of municipal taxation.

THOMAS POTTER, *Ch'n*,
JOSEPH F. MARCER,

JOSHUA SPERING,
HENRY C. HARRISON,

AN ORDINANCE

To increase the revenue of the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That in pursuance to "A further supplement to an act to incorporate the City of Philadelphia," passed August the 25th, 1864, the following annual tax is assessed on estate, other than real, for municipal purposes, that is to say :

1. On each horse or mule, one dollar.
2. All pleasure carriages, both of two or four wheels, one per cent. on the assessed value thereof.
3. On the salaries of officers (not judicial or federal), one per cent. thereof.
4. On the income of officers (not salaried), one per cent. on the sum which said officers shall return under oath to the City Commissioners, as their annual income and in case of a failure to make such return before the first day of September in each year, the City Commissioners shall rate such income.
5. One mill on each one per cent. of dividend declared by any bank, institution or company, incorporated in pursuance of any law of this Commonwealth, said dividend being declared on business done in this city.
6. Two mills on each one per cent. of dividend declared by any bank, institution or company incorporated in pursuance of any law of any one of the United States (except this Commonwealth) or any foreign State, said dividend being declared on business done in this city.
7. One per cent. on the assessed value of all furniture.
8. One per cent. on all gold and silver plate exceeding *in value* the sum of three hundred dollars.
9. One-tenth of one per cent. on all moneys at interest.

SECTION 2. That it shall be the duty of the City Commissioners to conform the precept issued by them to the assessors so that the subjects of taxation specified in the first section hereof shall be accurately and fully returned by them in their annual returns, and the City Commissioners are hereby authorized in the month of _____ to appoint a competent person at an annual salary of twelve hundred dollars to assess all property and estate

herein made subject to taxation and not assessed and returned by the assessors.

SECT. 3. That the provisions of "An Ordinance to facilitate the collection of taxes, approved January 5th, 1864," shall apply to the collection of taxes assessed in pursuance hereof, except on the tax upon dividends declared.

AN ORDINANCE

Supplementary to An Ordinance entitled "An Ordinance providing for the granting of permits to make openings into the Common Sewers," approved May 3d, 1855.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain,* That in all cases where sewers have been constructed at individual expense under authority of the Board of Surveys, the cost thereof having been filed in the Department of Surveys; no license shall be

granted by the Department of Highways for connections therewith, until the applicant shall exhibit a receipt, showing that he has paid his proportion of the cost of said sewer, said cost not to exceed the sum of seventy-five cents per foot linear of property frontage.

APPENDIX No. 96.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report the annexed resolution, approving the sureties of William H. Meneely, Supervisor of the Eighteenth Ward, and recommend its adoption, as they are satisfied of the competency of the same.

RESOLUTION

Approving the Sureties of William H. Meneely.

Resolved, By the Select and Common Councils of the City of Philadelphia, That Joseph Meneely and George C. Hogg be and they are hereby approved as the sureties of William H. Meneely, Supervisor of the Eighteenth Ward, and that the City Solicitor be directed to prepare the usual bonds and warrants of attorney, and, when executed, to have the same entered of record.

APPENDIX No. 97.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred a communication addressed to City Councils by

the Commission for erecting a Municipal Hospital, requesting an appropriation to be made for the purpose of equipping and furnishing a portion of said hospital as soon as the Building shall be finished, respectfully report, That they have considered the subject, and agree that immediately after the building is finished it should be placed under the supervision of the Board of Health, and be prepared by said Board for the reception and treatment of such patients as it may be necessary to place therein.

The furniture for such an institution cannot be found ready made, but must be ordered in advance; it is, therefore, necessary to give to the same department authority to contract for the furniture immediately, as the building will be finished by the first of July.

Your Committee believe the Board of Health to be the proper department, and that not less than five thousand dollars will be needed for this service; they, therefore, report an ordinance making an appropriation to the Board of Health of five thousand dollars for the purpose named, and ask its adoption.

THOMAS POTTER, *Ch'n*,
JOSEPH F. MARCER,

JAMES BARRATT,

S. G. KING,
WM. LOUGHLIN,
JOSHUA SPERING,
JAMES A. FREEMAN.

AN ORDINANCE

To make an appropriation to the Board of Health for furnishing and equipping the Municipal Hospital.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of five thousand dollars be and the same is hereby appropriated to the Board of Health, for the purpose of providing the necessary furniture and equipments for the Municipal Hospital, now nearly completed, in such manner as may be deemed by said Board most conducive to the comfort and recovery of the patients who may be admitted into said Hospital; and that warrants for said appropriation shall be drawn by the Board of Health, in conformity with existing Ordinances.

APPENDIX No. 98.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to whom was referred the communication of the City Commissioners, asking an additional appropriation to meet deficiencies in their annual appropriation for the present year, respectfully report, That they have examined the subject carefully, and are satisfied that the appropriation should be made. Several of the items are required to meet advances on the salaries of officers of the Courts, made by the Judges, in pursuance of law. The items comprising the Coroner's fees, and the salaries of the Coroner's Clerk, are rendered necessary by an extraordinary increase of the business of that office, which do not, however, increase the income of the Coroner, and by an Act of Assembly fixing the salaries of the Clerk of that Department. The other items are required to meet deficiencies in printing, &c., caused by extra and military assessments. The Committee, therefore, recommend the passage of the annexed Ordinance providing for these deficiencies.

AN ORDINANCE

To make an appropriation to the City Commissioners to pay deficiencies for the year 1864.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of eight thousand and eighty-seven dollars and seventy cents, be and the same is hereby appropriated to the City Commissioners to pay deficiencies in the following items of appropriation to that Department for the year 1864, to wit:

To Item 1. To pay additional compensation to six officers of the District Court, fixed by the Judges, two hundred and nineteen dollars and sixty cents.

To Item 5. To pay additional compensation to four officers of the Court of Common Pleas, fixed by the Judges, one hundred and sixty-seven dollars and twenty cents.

To Item 12. To pay additional compensation to thirteen officers of the Court of Quarter Sessions, fixed by the Judges, five hundred and forty-three dollars and forty cents.

To Item 15. To pay the Interpreter to the Court and jurors additional compensation allowed by the Judges, one hundred and two dollars.

To Item 22. To pay Coroner's fees, three thousand five hundred dollars; and to pay the salaries of the Coroner's Clerk, as fixed by Act of Assembly, six hundred dollars.

To Item 30. To pay for books and stationery for Assessors, sixty-seven dollars.

To Item 32. To pay for indexing Assessors' books, thirteen dollars.

To Item 40. For printing Assessors' lists, one thousand five hundred and thirty dollars.

To Item 43. For stationery, blanks and printing, one thousand one hundred and forty-five dollars and fifty cents.

To Item 47. For advertising, two hundred dollars.

And warrants for the same shall be drawn by the City Commissioners in conformity with existing Ordinances.

APPENDIX No. 99.

To the Select and Common Councils of the City of Philadelphia.

The Committee on Finance, to whom were referred the estimates of the City Commissioners of their expenditures for the ensuing year, respectfully report—

That they have carefully considered the same, and have revised the several amounts asked for with a due regard to the public interests and the absolute wants of the Department. The annexed Ordinance they believe will meet

both these objects, and they therefore recommend its passage.

APPENDIX No. 104.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance have had under consideration the appropriation to be made to the Trustees of the City Ice Boat, and report the accompanying Ordinance, making said appropriation, also providing for a certain deficiency that has occurred in said department, which is fully explained by the annexed communication from the Trustees.

THOMAS POTTER, <i>Ch'n</i> ,	HENRY W. GRAY,
JAMES BARRATT,	JOSHUA SPERING,
WM. LOUGHLIN,	HENRY C. HARRISON,
JOSEPH F. MARCER.	

To the Select and Common Councils.
of the City of Philadelphia.

The undersigned, Trustees of the City Ice Boat, respectfully represent, that in making the usual annual repairs to the Boat, the cost of which they had no reason to think before they begun would exceed the sum of three thousand dollars—the unexpended amount of appropriation for that purpose—it was discovered that her timbers and planking were seriously affected by dry rot, and that the heavy arms of the wheels were very defective.

This unexpected condition of the boat, involved the question of her condemnation or renewal at a serious expenditure. To leave the commerce of the port during the approaching winter without the aid of an Ice Boat, the Trustees were aware would neither comport with the true

interest of the City, nor the wishes of Councils, and as the Boat was on the Dry Dock stripped, and the question had to be determined, without the possibility of consulting your Honorable Bodies, there seemed to be no other course to be pursued, than to render the boat effective for service. This is being done with the strictest economy, and when finished the Trustees believe that the boat will be strong and sound, and require but little repairs for several years to come. To meet the expenditure thus incurred, the undersigned respectfully pray that your Honorable Bodies will appropriate the sum of thirty thousand dollars, the probable cost thereof.

JOHN DEVEREUX,

E. C. KNIGHT,

H. WEIR WORKMAN,

JOHN WELSH,

WM. J. TAYLOR,

PHILIP FITZPATRICK.

Philadelphia, November 22nd, 1864.

AN ORDINANCE

To make an appropriation to the Trustees of the City Ice Boat for the year 1865, and for other purposes.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of forty-seven thousand three hundred and fifty dollars be and the same is hereby appropriated to the Trustees of the City Ice Boat to defray the following expenses:

Item 1. For repairs to and equipment of our boat and machinery, three thousand dollars.

Item 2. For fuel, seven thousand five hundred dollars.

Item 3. For wages, five thousand dollars.

Item 4. For provisions, one thousand two hundred and fifty dollars.

Item 5. For insurance, wharfage, stationery and incidentals, six hundred dollars: *Provided*, That all the fuel, provisions and other supplies shall be obtained by advertisement therefor.

Item 6. For extraordinary repairs to the Ice Boat ordered during the year 1864, thirty thousand dollars. The warrants to be drawn by the Trustees of the City Ice Boat.

APPENDIX No. 105.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Finance respectfully report the annexed Ordinance making the annual appropriation to the Department of City Property, for the year 1865. The bill has been examined by the Committee on City Property and approved by said Committee and has also received the approval of this Committee.

APPENDIX No. 106.

To the Select and Common Councils
of the City of Philadelphia

The Committee on Finance respectfully report two ordinances to provide for the expenses of 1865, and the deficiencies of the present and former years.

By one of these ordinances the tax rate for the ensuing year is fixed at two dollars and fifty cents in the hundred dollars of valuation, and the other authorizes a loan of two millions, five hundred thousand dollars to pay a portion of existing deficiencies.

With a due regard to the interests of the tax-payers of the City, already burthened to sustain the Government in the existing war, and believing that much of the deficiencies now to be provided for, have been occasioned by circumstances arising from, and incident to, that war, the Committee present these measures to Councils with great confidence in their justness and propriety, believing that if they are adopted, the revenues of the City for the coming year will be amply provided for, and its present financial embarrassments relieved and removed.

Accompanying this report is a printed statement prepared by the City Controller, with great care, showing the financial condition of the City on the 1st of January, 1865.

From this statement the following "balance sheet" has been prepared upon which the action of the Committee in the bills now reported, has been based.

Outstanding warrants.....		\$3,125,173	59
Estimated expenses for 1865.....		6,099,935	96
Temporary loan.....		500,000	00
Ice boat deficiencies.....		30,000	00
		<hr/>	
		\$9,755,109	55
Cash in Treasury.....	\$48,699	80	
Loan authorized but not sold.....	1,500,000	00	
Estimated receipts from registered taxes to be collected in 1865.....	300,000	00	
Sources other than taxation, receipts therefrom in 1865.....	1,703,781	44	
Payments of gas trust on account of interest on loans.....	219,000	00	
		<hr/>	
		3,771,481	24
		<hr/>	
		\$5,983,628	31
Amount proposed to be raised by loan.....	2,500,000	00	
By taxation at \$2 50 on \$159,147,568 the assessed valuation of real and personal property less discounts \$200,000, and allowances \$100,000.....	\$3,678,689	20	\$6,178,689 20
Which leaves a margin of \$195,060 89 beyond the apparent demands of the City for the year 1865.			

From this statement it is obvious that by funding two

millions, five hundred thousand dollars, and fixing the tax at two dollars and fifty cents, existing deficiencies can be paid, and an ample revenue secured to pay the expenses of the Municipal Government for the year 1865, without imposing any extraordinary debt or assessment upon the citizens.

The Committee feel justified in recommending this addition to the funded debt of the City at this time, by the fact that the amount is nearly balanced by that received during the year, from the "stock dividend" declared by the Pennsylvania Railroad Company, and now held by the Commissioners of the Sinking Funds. namely,

27,284 shares of Pennsylvania Railroad stock	
at market value, \$67	\$1,828,028
Add privilege of subscribing for additional	
stock, say 11,000 shares at \$17	187,000
	<hr/>
Making a total of	\$2,015,028

The estimated expenditures for the year 1865, are largely augmented over former years, because of the increase in the salaries of the officers of the City Government, and also because of a large increase of the City debt, contracted in a spirit of patriotism and liberality which few will reproach, and all may justify, for the defence and protection of the City; for the encouragement of enlistments, by offering bounties to volunteers, and by appropriations made for the support of families of volunteers. These amount to about nine millions of dollars and constitute what may be properly termed a "war debt."

Appended to this report are two paper marked A. and B. showing the increase of salaries and expenses for the war purposes referred to.

The rapidly increasing expenses of the City Government, in consequence of the enhanced value of labor and supplies of all kinds demand, on the part of those entrusted with the management of the several Departments, the strictest economy, while they impose upon Councils additional responsibility to act with wisdom and firmness in making appropriations. Every expense that can be avoided or reduced should be curtailed, and every item of expenditure placed at as low a sum as may be consistent with the public good, and every official, assistant, or laborer, whose services are not

absolutely necessary to the public interests, should be dropped from the municipal pay roll.

The Committee append to this report the following statement of the expenditures of the City Government since the year 1859, to wit:

	Appropriations.	Outstanding warrants.
1860	\$4,015,462 62	\$936,410 42
1861	3,927,941 17	1,099,444 52
1862	4,292,194 04	724,301 02
1863	5,270,201 10	1,421,243 87
1864	5,890,356 63	3,000,000 00
	Estimated Appropriations.	
1865	6,099,935 90	

This statement is submitted for a twofold purposes: first to show that the expenses of the present and ensuing years are little, if at all, greater than the increase of population and the extension of the public streets and of all public works, seem to justify; and secondly, to show that it is neither wise nor economical to make appropriations which are manifestly less than the wants of the City demand, and which have a large amount of warrants in the hands of public servants and creditors who are compelled to sell in the street on terms which diminish their securities and impair the credit of the City.

AN ORDINANCE

To levy and fix the rate of taxes for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain;* That the City Commissioners are hereby authorized and required forthwith to levy on the taxable property returned by the assessors, as the assessment made in the year 1864 (except such as is marked “rural,”) a tax of two hundred and fifty cents in the hundred dollars on the assessed value thereof, and upon every taxable inhabitant of the City the sum of twenty-five cents.

SECT. 2. The said tax to be levied for the year 1865 as one City and County tax, and is hereby voted for the following objects for the said year, viz :

Item 1. For the relief and employment of the poor, the sum of fourteen cents.

2. For the Public Schools, the sum of forty-four cents.

3. For lighting the City, the sum of twenty-two cents.

4. For the payment of the interest on the funded debt, and for the sinking fund, the sum of one dollar and twenty cents.

5. For the care of the public highways, the sum of twenty-three cents.

6. For the remaining expenses of the municipality, the sum of twenty-seven cents.

And said amounts are hereby declared to be appropriated for said objects, subject to further direction by ordinance ; and it shall be the duty of the Receiver of Taxes to cause to be printed on the tax bills the rates voted for the objects hereinbefore mentioned.

SECT. 3. On all such portions of assessed property marked "rural," only two-thirds of the tax shall be levied; and no part of that set apart for the relief and employment of the poor, shall be levied on the assessed property situate in the Wards where houses for the accommodation of the poor are provided, as required by the eighteenth section of the Act of February 2, 1854.

SECT. 4. That in pursuance to the power vested in the Councils of Philadelphia, by "a further supplement to an act to incorporate the City of Philadelphia," approved April 17th, 1861, there shall be the following allowance made to the payers of taxes, and penalty added for the non-payment, by the Receiver of Taxes, to wit: at the rate of twelve per cent. per annum from the date of payment until the first day of January, if paid before the first day of September; if paid after the first day of September, and on or before the first day of October, an addition of one per cent., and if not paid until after the first day of October, then an addition of two per cent. shall be added to and payable on the same; and if not paid until after the first day of December, then an addition of three per cent. shall be added to and payable on the same.

APPENDIX No. 107.

AN ORDINANCE

Creating a loan to pay certain deficiencies of the year 1864, and previous years.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of Philadelphia be and is hereby authorized to borrow on the credit of the city, from time to time, such sums of money as may be necessary for the payment of such deficiencies as now exist, or which may exist on the first day of January, 1865, in the appropriations to the several departments of the City Government, for the eighteen hundred and sixty-four, or for previous years, not exceeding in the whole the sum of two millions five hundred thousand dollars, for which interest, not to exceed the rate of six per cent. per annum, shall be paid half yearly, on the first days of January and July, at the office of the City Treasurer. The principal of said loan shall be payable and paid at the expiration of thirty years

from the date of the same, and not before without the consent of the holders thereof; and the certificates therefor, in the usual form of the certificates of City loan, shall be issued in such amounts as the lenders may require, but not for any fractional part of one hundred dollars, or if required in amounts of five hundred or one thousand dollars; and it shall be expressed in said certificates that the loan therein mentioned, and the interest thereof, are payable free from all taxes.

SECT. 2. Whenever any loan shall be made by virtue thereof, there shall be, by force of this ordinance, annually appropriated out of the income of the corporate estates and from the sum raised by taxation, a sum sufficient to pay the interest on said certificates; and the further sum of three-tenths of one per centum on the par value of such certificates so issued, shall be appropriated quarterly out of said income and taxes to a sinking fund; which fund, and its accumulations, are hereby especially pledged for the redemption and payment of said certificates.

RESOLUTION

To publish a loan bill to pay deficiencies.

Resolved, That the Clerk be authorized to publish in two daily newspapers of this City daily, for four weeks, the ordinance presented to the Common Council on Thursday, December 1, 1864, entitled "An Ordinance creating a loan to pay certain deficiencies of the year 1864, and previous years." And the said clerk, at the stated meeting of Councils after the expiration of four weeks from the first day of said publication, shall present to this Council one of each of said newspapers for every day in which the same shall have been made.

APPENDIX No. 113.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Markets, to whom was referred numerous petitions for the removal of the street markets, would respectfully report that in view of the many complaints of citizens along the line of said streets, as well as those renting and occupying stalls in the public market houses, and believing that the many stalls now vacant would be occupied if said street markets were abolished, thereby increasing the revenue of the City, we would therefore respectfully ask the adoption of the following ordinance.

AN ORDINANCE

To abolish the Street Markets of the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That all ordinances or parts of ordinances establishing street markets, and allowing persons to sell meats, produce and other articles on the footways of said streets be and the same are hereby repealed.

SECT. 2. Any person or persons who shall hereafter expose for sale, on any of the streets, lanes or alleys, or upon any footway thereof, any meat, vegetables, fish or other articles, he, she, or they shall forfeit and pay the sum of twenty dollars for the first offence, and for each and every offence thereafter, thirty dollars, to be collected with the cost of suit, as debts of like amount are recoverable.

APPENDIX No. 114.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee to whom was referred the bill entitled “An Ordinance, to make an appropriation to the Department of Highways, Bridges, Sewers and Cleansing the City to pay deficiencies for the years 1862 and 1863,” would respectfully submit the following as their report: The Committee have had frequent meetings, extending over a period of five months and during that time have given the subject a careful and patient examination, they have advertised the time and place of meetings in the *Public Ledger* and have given the parties interested in the several items of the bill every facility and opportunity to appear before them and substantiate their claims under oath, and produce their books and vouchers, they also prepared a special notice to each of the parties interested who failed or neglected to appear before them, which was properly served, and all who appeared were given every opportunity of proving their claims, so that no one can complain of want of notice or of an opportunity to be heard: they would further state that they submitted a partial report to Councils embracing the Supervisors’ claims in July last, and a bill passed at that

time entitled "An Ordinance to make an appropriation to the Department of Highways, &c., to pay deficiencies in the pay rolls of Supervisors for the year 1863, which appropriated nine thousand two hundred and twenty-nine dollars and twenty-eight cents, part of the claims in the original bill referred to them. Also that all the claimants in the bill who appeared before your Committee were severally examined under oath as to the correctness of their bills, and those that were properly vouched for and signed by the proper officers, viz: the Supervisor, Surveyor or Commissioner of Highways and proved to the satisfaction of your Committee have been passed by them as correct, and those that have not passed through this form have been rejected.

The course pursued by the Committee seemed to them to be the proper one, viz; to examine the parties under oath and where they had a book of original entries to require its production, and in the absence of such books to require the best evidence in the power of the parties, viz; the foreman or person who superintended the work or furnished the materials.

Councils will perceive the amount of labor the committee performed when they mention that there were some three hundred bills to examine, with of course the corresponding number of witnesses, all of whom were examined and their testimony written out and given a careful and patient consideration.

The amount of money necessary to pay the claims in the original bill referred to them was \$35,294 21 cents, of which the bill to pay Supervisors, already referred to, amounting to \$9,229 28 cents was a part. Your Committee have approved of the bills contained in the annexed ordinance, amounting to \$17,047 02 cents as correct. They have disapproved of bills contained in the original ordinance referred to them to the amount of \$9017 91 cents. Of this sum bills to the amount of \$4754 94 cents were rejected, because the parties although appearing, failed in making out their claims to the satisfaction of the Committee, or because they had been previously paid by suit brought against the City, or had been paid by the Department, and the bills brought before the Committee by error. The claims stricken out by reason of parties not appearing before the Committee amounted to \$4262 97 cents.

Your Committee deem it advisable to give the reasons or striking out the claims in the bill, which the parties failed to prove, and also a short synopsis of the evidence produced before them in regard to these claims.

The claims of D. McNichol for repaving gutters at Crown and Julianna sts. and Sixth street south of Willow st.			
Item No. 39, for			\$45 87
Also Item 71, repaving gutters Broad and Green sts.			43 31
“ “ 73, “ “ 16th Hamilton sts.			117 48
“ “ 218, “ “ 21st & Cherry sts.			51 56
“ “ 219, “ “ 9th from Chesnut to Sansom st.			60 95

These claims from the evidence of Mr. McNichol, as well as the late Commissioners of Highways, were for repaving gutters, where the curb was reset by private parties and not by order of the Highway Department. And it was, as appeared by the oath of the late Chief and Assistant Commissioners, the custom in that department not to pay for repaving gutters where private individuals made the improvement for their own convenience, the City not being responsible for such repairing, except where they ordered the work. Your Committee therefore rejected these claims.

The claim of John Kain for repaving Bedford street between Thirteenth and Broad streets for \$231 73 cents. Mr. Kain was examined in regard to this bill; the work was done in October, 1863. Mr. Kain procured the contract from the Highway Department, and gave it out to a Mr. Cunningham at 15 to 17 cents per yard, when he Mr. Kain, was to receive 33 cents per yard. Cunningham stated he was to do it at the lower price and Mr. Kain was to furnish the materials. After the work was finished Mr. Cunningham measured it at the request of Mr. Kain. When, according to law, it should have been measured by the Surveyor of the District, which was not done. Mr. Daly, the Surveyor of the District was produced, who stated that he had never been called upon to measure it; that it would be impossible to give a correct measurement on account of the time which had elapsed, as it was now covered with dirt, and it was impossible to tell the amount of work done; also that it was a poor job. The Committee therefore rejected this claim.

(Item No. 75. Thomas Cunningham, for repaving Swan-

son street from Catharine to Meade street, \$403 32.) This bill had been before the Controller for approval, which he had refused for the following reasons: that the bill called for repaving the street, when it had only been repaired, and upon examination the measurement largely exceeded the amount of work done. Also that the resolution authorizing the work reads as follows: "Provided there is a sufficient amount to the item for repaving to cover the cost after all other work ordered is completed," that a number of other streets were ordered to be repaved, previously to the one in question, and that of the cost of the work so ordered the Controller had no information. You Committee upon ascertaining these facts rejected the bill.

(Item 76. J. T. Vogdes & Co., for crossing stone. \$1,225 69.) Mr. Vogdes appeared before the committee to prove the two other claims, and when questioned about this bill under oath, stated that he knew nothing about it, that he had not rendered the bill, and that it did not belong to him. The bill could not be found, but it seemed there had been a bill rendered to the Highway Department for this amount, which had mysteriously disappeared, never having come into the hands of the Committee. {The Committee wishing to ascertain who composed the firm of J. T. Vogdes & Co., questioned Mr. Vogdes in regard thereto, but he refused positively to tell. When asked about this bill he stated as follows: "I can't say any thing about it. I have been paid for all the stone I furnished. I did not make out that bill. I was told there was a bill coming to me by Mr. Schofield. Leech also told me there was coming to me a bill, not paid for. Mr. Leech said I was interested in it. Mr. Leech bought all the stone that was furnished. My name was simply used, to buy the stone. Mr. Leech bought the stone in my name. I have never received any profit. I expect to get it from Mr. Leech. I have had no settlement. It was in June or July last, while he was a member of Council. I am not prepared to answer who J. T. Vogdes & Co. were. I do not want to answer it. I know who it is. I will not answer it. It will not criminate me. I do not know it will criminate any one else." Your Committee rejected this bill, as the party in whose name the bill is made out, deny all knowledge of it.

(Item 82. J. C. Leiper, for flag and gutter stone.

\$1,018 64. Item 309. J. C. Leiper, for crossing and gutter stone, \$184 00. Item 310. J. C. Leiper, for crossing and gutter stone, \$145 96.) Your committee gave these bills a thorough examination. Mr. Leiper was examined under oath as to his books, together with Mr. Patrick Shern. Mr. Leiper testified that Mr. Shern attended to his business altogether. That Mr. Shern bought and sold the stone. Also that he, Shern, owned the Yard on Second street, between Master and Phoenix streets, that the place formerly belonged to his, Leiper's, father, and that Mr. Shern bought the place, and since that time he, Leiper, has rented it from him. That all the money paid for the stone was paid by Mr. Shern, and that generally all the money received for stone sold to the city, was received by Mr. Shern. And Mr. Shern stated that the only interest he had over and above his salary, was in horses and carts he used in hauling the stone. Also that he bought the stone at the following prices, viz.: Ten inch stone at fifteen cents per foot, sixteen inch stone at twenty-seven cents, and twenty inch at thirty-seven cents.

That he charged the City for the same sizes of stone, in 1863, twenty-two cents, twenty-eight cents, and thirty-five cents, respectively, that they made nothing off the stone at those prices, that they charged the City the price paid to first purchaser and expense. That the expense was as follows:

For loading the stone from vessel to cart.....	1 cent.
For hauling from vessel to yard.....	3 “
For extra freight.....	2½ “
For hauling out of the yard to the place where the City used them.....	3 “
<hr/>	
Total expense.....	9½ cts.

So that the stone cost, viz.: ten inch, twenty-four and a half cents; sixteen inch, thirty-six and a half cents; and twenty inch, forty-six and a half cents; and he testifies that he furnished them at twenty-two, twenty-eight, and thirty-five cents, respectively. The difference between the cost of the stone and the price at which they were furnished to the City would be two and a half, eight and a half, and eleven and a half cents greater for the respective sizes, according

to Mr. Patrick Shern's own calculation, which would be a losing operation to him.

The Committee therefore came to the conclusion, after mature deliberation, that they would prefer that he should bring suit, and let the Court decide, whether under the Act of 1854, section 51, a member of the Highway Committee of Councils can lawfully furnish material to the city, even as agent for another party. The Committee are of the opinion that as agent, party, or owner, he is within the meaning of that act, and cannot so sell to the city.

(Item No. 101. Patrick Moore, for stone spawls on Elizabeth street, Frankford, and Bridge street, Whitehall, for \$339 60. Also, Item 158, for sixty-eight loads of spawls, for \$27 20.) These bills were carefully examined. Mr. Moore was present before the Committee and examined under oath, and all the evidence produced as to quantity was a book in lead pencil marks, kept by the carter, who was not before the Committee. Mr. Moore stated that he did not know how many loads were furnished from his own knowledge, that he depended on the carter, who furnished the number of loads hauled each night. Mr. Swope, the Supervisor of the Ward, stated that he made out Mr. Moore's bill, from the book above referred to, that he as Supervisor kept no account. He stated, on his first examination, that the stone was about six or eight inches deep on the road, he could not tell how many loads were deposited on the road, that it was not his business to keep the account of loads, that was deposited on the streets or roads, and that he took the account from Mr. Moore, who depended on what the carter told him. In the second examination Mr. Swope testified that he was mistaken on his first examination, that since then he had visited the road and gone over it, and that the depth of spawls on it was ten or twelve inches.

The Committee has discovered in numerous instances that no officer seems to think himself bound to see that the city gets the quantity of materials and labor charged and paid for; repeatedly they have been told by supervisors and other officers, when interrogated about such matters, that it was not their business. That they could not pretend to give the quantity. That they would have to be there all the time, &c. So that it appears that the city officers and the contractors relied in many cases upon the loose tally kept

by marks of lead pencil on loose sheets by carters, a class of men who are evidently interested in making the number of loads as many as possible. The Committee cannot too strongly deprecate the system of supervisors neglecting matters of this kind, and would here state that they believe the city is often made to pay for work and materials that were never done or furnished, and they are led to believe the supervisor entirely a superfluous office, decidedly more expensive than useful. They reject these bills of Patrick Moore as not properly proven as to quantity, and are not satisfied the amount of stone charged was ever furnished.

Item 116.	John C. Uhle, for earth deposited on Wagner street, between Fourth and Fifth streets, for.....	\$42 69
“ 134.	William Best, for rebuilding culvert on Oak lane, &c.....	95 50
“ 136.	Menander Wood, for lumber, &c.....	56 97
“ 297.	“ “ “ “ “	38 87
“ 157.	George Yeager, for watching bridge....	91 50

From evidence produced, these bills had all been previously paid, and should not have been before the Committee.

No. 175. John Sigeman, for smith-work, \$23 86. Mr. James McAdams, Supervisor of the Nineteenth Ward, testified that this bill belonged to him; that he furnished the money for it, and that Mr. Sigeman did the work in his (McAdams') shop, and that the money was due him. Your Committee are of opinion that, under the Consolidation Act, a party cannot hold the office of Supervisor and perform work and furnish materials to the City. They accordingly reject the bill.

Item 197.	H. Fow.....	\$33 75
“ 198.	“	31 25

These bills are contained in Item 324, of this bill, and which the Committee have reported upon; they therefore reject them here.

Item 215. Collins & Robb, for lumber, \$34 50. It was in evidence before the Committee that this bill had been paid.

Item 221.	Israel Roberts, for extra grading in Edward street.....	\$20 00
“ 295.	Israel Roberts, for paving intersections of Newbold street, &c.....	32 64

No. 221, was for paving the street, not grading; consequently, according to the Ordinance, there was no authority for the grading.

No. 295. The Ordinance authorizing the work to be done states explicitly that the City was to be at no expense; consequently, the City is not liable for the bill.

Item 219. Israel Roberts, for paving intersections, \$32 64, is a duplicate bill of Item 295, and is liable to the same objection.

Item 227, for advertising, \$1 60, W. W. Harding, is a duplicate of Item 188, which has been passed as correct, and ordered to be paid.

Item 298. Michael Barry, for paving sundry intersections, \$33. The Committee could find no Ordinance authorizing this work to be done, and consequently reject the item.

Item 300. West Philadelphia Passenger R. R. Company, for sixteen loads of cobble stone, \$24. It was in evidence before the Committee, by the Superintendent of the Road, that the stone actually belonged to the City, and had been taken up from Market street when the Company laid flagging along the line of their road, and they had actually sold to the City its own stone. The Committee could not see the propriety of paying for what actually belonged to the City.

Item 308. Lane Schofield, for gutter stone, \$41 88. This was for gutter stone furnished in front of property Eighteenth and Sansom streets, owned by Mr. John Welsh. This bill was rejected on the principle, that private individuals should pay for improvements in front of their own property, where the Department had given no orders to make the improvement.

Item 297. R. R. Schofield, for repaving tract of Hestonville, Mantua and Fairmount Passenger R. R. Company, on Lancaster avenue.....	\$231 83
“ 305. To R. R. Schofield, for paving over water pipe.....	533 40
“ 306. To R. R. Schofield, for paving over water pipe.....	511 80
“ 307. To R. R. Schofield, for paving over water pipe.....	543 00
“ 321. To R. R. Schofield, for paving over culverts.....	207 00

The Item 297 wants the approval of the Assistant Commissioner of Highways, who refuses to approve it, besides, according to the charter of the Railroad Company, they bind themselves to keep the streets over which their road passes in repair. The Items 305, 306, 307 and 321, want the approval of the Supervisor and Assistant Commissioner of Highways, who refuse to approve them. As it has been the custom of the Department to require the bills to be approved by the Supervisor and Assistant Commissioner, in whose district the work was done, your Committee have refused to pass them as correct under the circumstances. The late Chief Engineer of the Water Department, we were told, controlled this work, and we asked for his approval of the bills, and gave the claimant time to obtain it, but he failed to do so.

These are all the special cases that we have rejected in the bill as incorrect or as requiring explanation, as to the cause of striking them out, we are satisfied they should not be paid for the reasons already referred to. The remainder of the bills not reported in the annexed Ordinance, are those where the parties either neglected or refused, after every opportunity offered them, to appear before the Committee and substantiate them. The Committee having had no evidence before them, of their being correct, have come to the conclusion not to include them in the bill hereto annexed.

Your Committee would state a case that came under their notice in order to show how the City has been treated in this Department: There was a party who had a claim before your Committee against the City for \$301 50, who was examined under oath and testified that the correct amount of his bill was \$145 55; that he performed that amount of work for the City, but was told by the Supervisor that he would have to make out his bill for \$301 50 if he wished to obtain any money; that he would have to grease some one, and at his suggestion he made the bill for the greater amount; that the amount of \$145 55 was actually due him, and no more, the balance was to go to the Highway Committee, as he was informed; that his conscience had harrowed him so, that he had made up his mind to clear himself, and make a clean breast of it, and accordingly came before your Committee. The Committee were unable to obtain any direct testimony

as to parties concerned in this attempted fraud upon the City, on account of the decease of the Supervisor referred to.

The Committee merely refer to this matter in order, to show how loose matters were conducted in this department.

The report of the City Controller who had the bills before him for examination shows, that there was a balance of unexpended appropriation in nearly every instance, and the bills were kept back in the Department, by stating to the parties, when they presented their claims and demanded payment, that there was no appropriation to pay them, that it had been exhausted, when, in fact, from the statement of City Controller, there was a sufficient amount of appropriation unexpended, at the dates of the bills, to pay the claims in nearly every instance.

The Committee would further state, that they are led to believe, that the City has been defrauded, to a great extent, by the loose manner in which business has been conducted in this Department, as has been shown by the testimony already given in this report; there is no one to keep an account of the labor performed and materials furnished and they would call the attention of your Honorable Bodies to this growing evil and ask you to take some action thereon.

They submit the annexed Ordinance, which embraces all of the claims in the bill, which they have found to be correct, and ask its adoption.

Evidence taken before the Committee on Highway Deficiency Bill of 1862-3.

THOMAS ROUGH, *sworn*: Am Supervisor of the Second Ward. (Pay roll shown.) The amounts opposite each is in my own handwriting; I kept the names, roll and time, and they earned their money; it is not yet paid, and the bill is correct; I have no doubt of its correctness, it is my own handwriting and that is the time; the amount is four hundred and twenty-six dollars and twenty-five cents, is justly due to the parties.

HENRY HOOVER, *sworn*: (Bill presented.) The bills are correct; the names of parties employed, the number of days,

&c., are correct; the bills are not paid; the money is to go to the men and no one else; I keep a book account; the days, time, &c., are correct.

MATTHEW FARRELL, *sworn*: (The pay roll produced.) Is my roll; I employed the men, and the men were employed those days; some of the money is paid to me, as I furnished the men money; the alteration I made, it is in my handwriting; it is for hauling stone; I have a book account; it is correct; I have not the book with me; I did not think it necessary.

JOHN BRUNET, *sworn*: (Pay roll produced.) It is mine, made out by myself; the time and labor is correct, as also the amounts; I made the account myself; I have a copy of the bill.

Mr. MULLIN, *sworn*: (Pay roll produced.) It is mine; it truly represents the number of men employed; all the money is to go to the men; the account is correct; I keep a book account; it is correct; I have a copy at home.

JOHN DALY, *affirmed*: (Pay roll produced.) It is mine; I did not make it out myself; it was made out by my partner in business; it is correct; represents the number of days, and the business and labor performed; the men get the money; it represents the amount of days and time; I have a book account; I did not think it necessary to bring it.

JOSIAH WOOD, *sworn*: (Pay rolls produced.) They are both mine; I made them out; it is my handwriting; this is the time, amount and the number of men employed; Mr. Schofield put me to work and never told me to stop; I asked if I should send in a pay roll, and they told me there was no money, as the appropriation had been pretty much spent; the two years I was in, the street was in bad condition.

Q. How can you explain the overlapping each of the pay rolls?

A. This is for cleansing and removing ashes in December, nothing else, except cleansing inlets, viz., two persons, I have advanced some money on both pay rolls; on one I advanced \$50 or \$60? I have never charged any thing for advancing money, on no pretence whatever; I have a book account of the work; Mr. Schofield put me to work; the amount is for removing ashes in the Eleventh and Twelfth Wards; I have no objections to show the Committee my

book account; the men have received no money except what I advanced them; the Commissioner authorized me to put the men on, as the district was in very bad condition, the crossings, &c., particularly; I did not feel comfortable while I was keeping the men on; I will produce my book at the next meeting of the Committee with pleasure. This matter postponed for Mr. Wood to produce his book.

ANDREW ALEXANDER, *sworn*: (Pay roll produced.) They are mine—three papers produced; I made out the bills myself; they are correct as to time, labor and amounts; the laborers are to receive it all; I am not to receive any, or any other person; Franklin street was paved for resetting curb and Mr. Lynd of Select Council got Mr. Schofield to do the work, and my men were employed; the bills overlap each other when one bill goes beyond the other; Mr. Schofield ordered a number of men to clean the inlets; no it was for paving; the reason I made out two bills, one was for removing the ashes and the other was for paving: this was for Mr. Lynd; getting Mr. Schofield to pave; he asked me if it would cost \$100: I told him I did not know, but I would do it as cheap as possible; I put my bill in last August; I did not ask him why he did not pay it; those men have been laying out of their pay since July last.

Cross examined by Mr. Marcer. Q. Can you explain to me why Michael McIntee appears in two places. Can you explain why thirty-seven days are charged and there are only thirty-five days, between the 21st of November, 1863, and the 26th of December, 1863.

A. I have a book account, but it has been so long a time I might have made a mistake.

The matter postponed for Mr. Alexander to produce his books.

E. McCAFFEY, *sworn*: (Pay roll produced.) These are my pay rolls, two produced; I made them out myself; they are correct as to time, pay and labor; it all goes to the men on the roll; I never received a cent; the men were cut of their pay; none of this work was done on the forts; it could not have gone on the forts, as most of it was done after the 1st of July.

JOHN QUIN, *sworn*: (Pay rolls produced.) They are mine, in my own handwriting; they are the number of days, men employed and amount; one of them I gave a barrel of

flour, two tons of coal and a couple months' rent, which I have a receipt for.

WM. ALBERTSON, *sworn*: (Pay roll produced.) They are mine, in my own handwriting; it is correct as to the men, days and amounts; Mr. Schofield always told me to put the number of loads in, the men have had no money; I kept a regular book account; I have it at home; that is a transcript of the book at home.

JAMES McADAMS, *sworn*: (Pay roll produced.) It is in my young man's handwriting; they are correct as to days, amount and labor; it all belongs to the men; they have never been paid; I struck out the name of Michael Dougherty myself, I paid him myself; I struck it out because it was an oversight in the other pay roll; he had been writing for me; the bill is correct; I put that in Item 12; James Gormley worked for me, from November 1st to December 14th, and I then took him off and put him on paved streets; I just give the number of days they make; it is a correct transcript of my book.

JOHN HEISLY, *sworn*: (Pay roll produced.) They are mine, in my handwriting; I made both of them out; they truly represent the laborers, time and amount according to my duplicate; one is for cleansing streets, Item No. 3, and the other for paving; \$262.50 and \$41.37 are correct; I have a book; it is correct; both foreman and myself have a time book.

CHARLES LANNON, *sworn*: (Pay roll produced.) They are mine; they were signed by me and made out by my brother; they are correct as to men, days and price; they all worked the number of days; Peter Lannon is my brother; I put him to hauling; they are correct; I kept separate accounts with each of the men in a book, and that is a correct transcript.

F. D. MOWER, *sworn*: (Pay roll produced.) Two in number, one for November and one for October; they are mine; they correctly represent the number of laborers, days and prices; the price was \$1.25 per day; I have paid some of them; all the money belongs to the laborers; rolls for \$850.70; I swear that the bills are correct; I was authorized to keep them employed; the Commissioners of Highways, more particularly Mr. Morrison as he was my Commissioner; Mr. Morrison gave me orders to do it all; I have, I think, a book account; the foreman keeps a book; I have

seen it from the book and from him ; it is a corrent transcript ; I had thirty odd men on it ; it was about election time ; they worked and voted both.

M. WRIGHTER, *sworn* : (Pay rolls produced.) They are mine, (three pay rolls produced) ; the rolls overlap ; they were two different streets, one for paving Roberson street and the other for Green lane ; \$500 appropriated to grade Green lane—\$435 spent ; the paving and grading was not done by contract ; Charles McIlwaine worked on both streets ; I employed the men ; they are correct as to time, money and labor ; I cannot say it is customary to take a per centage from the men ; some of the men have received, as I paid them ; it is a correct copy of my book in every particular.

EDWARD SWOPE, *sworn* : (Pay roll produced.) It is mine ; it was for repairing the roads and bridges ; it is correct as to men, time, and amount ; I have a book account ; this is a copy of it ; I have advanced a small sum.

JAMES JONES, *sworn* : (Pay roll produced.) It is mine ; it correctly represents the men, wages and amounts ; I keep a book account ; I enter the men's time every night.

JOHN L. CULIN, *sworn* : (Pay roll produced.) It is mine ; it is correct as to men, time and amounts ; I keep an account of time ; there was very little of it done in December ; I knew there was no money, and I did as little as possible ; I done it under orders of the Department ; there is one little bill I paid out of my own pocket.

MILES BURK, *sworn* : (Pay roll produced.) It is mine ; made out by myself ; it is correct as to time, labor and amount ; I can swear as to the correctness of the whole bill ; it is from December 1st, to December 26th, for removing ashes and cleaning inlets ; I keep a book account ; it is a correct account. Charles O'Neil kept two horses and carts ; his men drove the horses and carts ; the work done was lifting ashes.

MICHAEL CUMMINGS, *sworn* : (Bill produced, \$97 50.) It is mine ; my daughter made out my books ; it is from my books ; I will swear to its correctness ; it was done under direction of Supervisors.

JOHN HEISLY having been *sworn* : Whenever the tools wanted sharpening I sent the men to him and he done it, and I am satisfied it is correct. John Shay's bill ; lays at point of death ; they were approved by Mr. Kelsh.

JOSIAH WOOD, *re-examined*: (His book produced.) One for cleaning ashes; it is my book of entries for each day. Name of Thomas Brown; how could he make thirty-two days from 1st to 26th of December, 1863? he had two carts part of the time; I put down two days when he had two carts. Pay roll. James Farrell charged one hundred and seven days, and on your book one hundred and one days at \$1 75 per day, six days on the other leaf makes one hundred and seven days, which was right.

ANDREW ALEXANDER, *re-examined*. Q. How can thirty-seven and a half days be made between 21st November to 26th December, '63, when there are only thirty-five days?

A. The party had two horses and carts.

Mr. BOCKIUS, *sworn*: Supervisor of Twenty-third Ward. (Pay roll produced.) They are mine; one bill is for November and the other for December; they correctly represent the days, work, and kind of labor performed, and their wages; they are correct; the money is justly owed. Messrs. Morrison & Schofield ordered the work done; I got no written orders from them.

Mr. SNYDER, *sworn*: I am Supervisor of the Twenty-third Ward. (Pay roll produced.) I made it out myself; it correctly represents the time, labor and amount. I have a book account; it is a correct copy of my book account; we do not work Sundays; sometimes different parties had two horses and carts on at the same time; when a party had two horses and carts I made it out the same day; when I put it down in the book account I placed it down two days; it is the way I always made it out; that was my orders; carts \$2 75 per day.

Comber & Co. Nos. 85 and 86. \$326 04, and \$691, and Item 311, \$671 09.

Mr. COMBER, *sworn*: (Bill, 85 for \$326 04.) I have no book; I have not got it with me. (Bill produced). It is mine; the materials were ordered by Messrs. Morrison and Kelsh; I had an order but gave it to Mr. Schofield by his direction; I have no book of original entries; I got the stone from the North river; my yard is at Twenty-second and Chestnut streets; I bought from John Maxwell, Donovan & Co.; these stone arrived by vessel. Mr. Schofield demanded the order and I gave it to him; there was not and is no person interested but my brother and myself; I have

given no one any thing; I would not give them a stone if I had thought my bills would not have passed.

Mr. DEHAN, *sworn*: (Item No. 80, \$248,) for Tramway stone furnished to Monterey street. Ordinance provides that the cost shall not exceed \$200; it was for intersections. Mr. Schofield gave me the contract; there was no consideration given either by me or by my brother; I graded Monterey street; I got \$200; it measured more than that; the reason that the bill was not passed was that I had not the work done, and of course could not put the bill in.

Cross-examined by Mr. Evans: I gave no person remuneration to get the job for me; I gave twenty-eight cents for the Tramway stone; I make nothing for the stone.

JOHN QUINN, *re-examined*: (Bill for \$37 50.) Correct as to men, time and amount; the men were employed and it is correct; not in the bill.

WM. FERRIS, *sworn*: (Item 51, \$11 72, blacksmithing; Item 34, \$4 98, blacksmithing; No. 171, \$12 30, blacksmithing; bills produced.) They are in my handwriting; I did the work; Mr. Daly ordered it; it is for repairing picks, crowbars, &c.; nobody interested but myself; I have a book account; it is a correct copy; I made the entries every day.

REUBEN DOLLARD, *sworn*: (Item 156, \$33 75.) Laboring work on Falls bridge. I worked for Mr. Landy; the work done; I got \$400 a year for lighting lamps, &c.; I was watchman at the bridge; I have three bills. Item 132, \$33 75; Item 138, \$33 75; three bills amounting to \$101 25.

GEORGE F. REILLY, *sworn*: (Executor of Daniel McKinny. Items 91, 95, 106, 111, 112, and 125 and 126; \$32 75, \$65 50, \$37 50, \$48 87, \$42 75, \$22 50, \$35 84, \$65 50.) I am one of the executors of Daniel McKinney. (Books produced.) They are correct; I know all about the matter; they (the stone) were at the market prices.

THOMAS CUNNINGHAM, *sworn*: (Item 75, \$403 32, repaving Swanson street.) Chief Commissioner of Highways ordered me to do the work; the order is at home; the work was measured after the gravel was put on; it was repaved, all except the gutters; I got the contract myself from the Chief Commissioner; I never paid any thing.

PATRICK CLARK, *sworn*: (Item 222, \$338 73). Paving intersections of Cedar street and Aramingo Canal; setting

curbstones, grading, &c.; Mr. Landy ordered me to do the work; I paid nobody anything.

J. T. VODGES, *sworn*: (J. T. Vogdes for filling in dirt. Item 27, for \$96, is correct. Item 76, J. T. Vodges & Co., for crossing stone, \$1,225 69.) Mr. Vodges said he knew nothing about this bill; that he had not rendered any bill: the bill could not be found after a search for the same.

MICHAEL MCINTEE, *sworn*: I worked for Mr. Alexander in July, and on until they stopped. I was paid up until November and December. There is three weeks in November and four weeks in December, I received money.

MR. ALEXANDER'S claim approved.

Committee in case of McNICHOL, difference of \$8 88, for 108% yards paving, and only 82 yards done.

Mr. Sellers paid me the bill, \$45 90, which he has charged the City; the same amount.

Commissioner of Highways report that parties only pay, when the Commissioners of Highways order the resetting of the curb, and not when it is done by private individuals.

MR. ROBERTS, *sworn*: I am Surveyor. I measured the matter of J. McNichol. I cannot tell the width of paving. I measured what I believed to be correct. The contractor paid me.

MR. LEIPER, *sworn*: (Bill shown.) My foreman made out the bill. I bought the stones from a man by the name of Maxwell. I bought and paid for those stones. I paid nobody anything. Mr. Shern was in my employ when I furnished those stones. I have the orders for the stones in my pocket. I keep a book account; I did not bring it with me. Mr. Shern is my foreman. These stones were delivered at Buttonwood Street Hall. I did not see the stones delivered. I am satisfied the stones were delivered, by the order and honesty of the men. I have an agent here to superintend the delivery. That agent is Mr. Patrick Shern. I receive the warrant and get the money for it. I think the charge is nearly what I sell to other persons. It may be more or less. You could buy those stone at the price charged in the bill of August, 1863.

(Order shown.) I got it from Mr. Shern. He procured this contract for me. Mr. Shern, as foreman, attends to all my business. I pay Mr. Shern a salary. I pay him no commissions. Mr. Shern has no interest in the bill. Mr.

Shern delivered the stone as my agent. He has been my foreman since 1848, and has no interest. I know Mr. Maxwell. I have bought stone from Mr. Maxwell. Mr. Shern buys from Mr. Maxwell for me. I have paid Mr. Maxwell frequently. I gave Mr. Shern directions to buy as much stone as he thought proper. I knew Mr. Shern was a member of Council and a member of Highway Committec. Mr. Shern has no interest. The salary is \$600 per annum. Mr. Shern attends to anything that interests me. When I first hired him it was to work; afterwards I gave him liberty to go where he pleases. I have sold the city a very small quantity; during 1863, I don't suppose I sold the City more than \$2,000 or \$3,000. I never paid Mr. Schofield a cent. I never paid Mr. Shern or the Highway Committec anything; all I want is to be paid for the stone I furnished the City. I cannot answer that I paid for the stone furnished to the City at 22 cents; I will bring my books for 1863. I buy the stone. I cannot tell whether those at 22 cents could be bought at 18 cents, or those at 28 cents at 25 cents. We deliver the stone on getting the order, and drop them down where they are to go, and take no receipt. I think the stone was sent to Mr. McEntee, and I charged it to City of Philadelphia. I think the reason the order was in the name of Shern was a clerical mistake. My books will show to whom the stone went. Mr. Shern made all the sales to the City of Philadelphia. I went to the Department to get the warrant generally; sometimes I gave an order, and went down and made oath that all the business was done by me; one order for 20 feet, and there is 60 feet on the bill. Also another bill, Item 82, for flag and gutter stones, for \$1,018.64; 32 feet, I have no order; no order for 40 feet.

MR. WELLS, *sworn*: (Wells & Klein, Item 61, \$16.) I furnished the brick; the bill is in my handwriting; I furnished 2,000; I only know that the Supervisor of the Seventeenth Ward ordered them.

MR. SMITH, *sworn*: (Peter Smith & Co., Item 128, \$116.)—I am a paver and laborer; no member of Council is interested in it; no member of Council or any one else.

MR. McADAMS, *sworn*: (Bill of J. Sigeman, smith-work, \$23.86.) I know that Mr. Sigeman done the work, and I approved of it; I had some personal interest in it; I paid him the bill; the work was done by my order, and for the

City of Philadelphia; I was really doing the work for the City; I paid him by the week; Mr. McAdams was Supervisor of the Nineteenth Ward, and employed Mr. Sigeman, and the work was done by me.

J. M. FISHER, *sworn*: (Items 28 and 107, \$188 75 and \$11 11. Book produced.) I keep the book account myself: it is my book of original entries: the items proved by day books, orders produced from J. Kelsh, H. Hoover and John Daly. Supervisor; they went to Gray's Ferry, except the keg of nails, which was sent to John Shay, Supervisor of First Ward; I have furnished to Highway Department; nobody has any interest in the bill except myself.

THOMAS TULLY, *sworn*: (\$3 50, Item 33.) I kept no account; it was in June, 1862; Mr. Huntington made out the bill; It was while Mr. Huntington was Supervisor of Eighteenth Ward.

JAMES W. FIRTH, *sworn*: (Item 37, \$286 15.) The bills are in my handwriting; nobody has any interest in the bills; I have not been paid anything on account of the bills; one bill is for Eighteenth Ward repairing, and the others for new tools; I have done all that work; I presented the bills to the Highway Department; neither the Commissioners or Supervisors have any interest in the bill.

DAVID MURTHA, *sworn*: (Thomas Murtha's bill. Item 49, \$30 75.) It is for gravel; I was Supervisor of the Nineteenth Ward; I can't say that I have no interest: I have a profit in the bill, as I was connected in the brick business with my father; there was no partnership papers.

CHARLES GARDNER, *sworn*: I was engaged by the City to haul the gravel on the streets; Mr. Morrison directed me to haul gravel; somewhere about fifty loads; to the best of my knowledge I think there was about forty or fifty loads: the City paid me \$2.50 a day; I can't tell what month it was hauled; I kept account and gave it to the Supervisor; the account I gave Mr. Murtha was correct.

Mr. MURTHA, *re-examined*: The bill is in my handwriting, and that is a correct copy of the paper given me by Mr. Gardner; I mean to say the amount was credited.

THOMAS DALY, *sworn*: (52 and 60. No. 52 for \$165 54. No. 60. \$114 75.) The bill is correct.

D. HICKEY, *sworn*: (Item 8, \$56 26.) I am blacksmith.

The bill is in my handwriting; Mr. Shay employed me. It is right.

W. SCATTERGOOD, *sworn*: (Item 62.) It was made out by Mr. Gwinner; they were measured by Mr. Gwinner; I hauled them from Poplar street wharf. It was for paving stone; \$37.50. Approved.

J. C. LEIPER, *re-examined*: I am in the stone business; I have a stone-yard on Second street between Master and Phoenix street. I reside in Delaware county. I do not know what the number is; it is a vacant lot on Second street, between Master and Phoenix streets; I did business since 1847; the place belonged to my father; it was sold out in 1857, and Mr. Shern bought the place; Mr. Shern is my foreman; he was never a partner of mine; he is my foreman; I purchased stone through Mr. Shern; I have been present when Mr. Shern bought them; I think his judgment is superior to mine; the stone is different from what I sell; I sell granite, and these are flag-stone. I have been selling stone to the City since 1846; about 1850 and since I have been furnishing this kind of stone. I never paid Mr. Maxwell any money; it has generally been done by Mr. Shern; frequently by note; I have no doubt Mr. Shern has paid Mr. Maxwell in his own checks as he keeps a bank account; I kept no bank account in Philadelphia for several years; Mr. Shern always charged me with the amount paid out and what he received; he has been my agent for several years. I am not aware Mr. Shern does business independent of me. All the stone that J. C. Leiper furnishes to the City is furnished and belongs to me, and not to Mr. Shern. My principal place of business is in Delaware county, and Mr. Shern does the business up Second street.

(Book produced.) This is the book Mr. Shern keeps up Second street; 16 feet of curb, do. 16 feet curb at 37 cents per foot amounts to \$11.90; book with bill 32 feet at 40, \$12.80; bill \$114.52, should be \$114.24.

Books are in the handwriting of Mr. Shern; also the bills.

Mr. SHERN, *sworn*: I kept the books; the entries were made the time they were delivered; October 9, 1864, bill: book October 8, 16 feet to Patrick McEntee at 28 cents per foot. I have another—56 feet of coping to Nicetown to a bridge 112 feet at 35 cents per foot, \$39.20; the bill says October 8th, book November 5th. Sometimes we fur-

nish the stone before the order is got. I have October 7th, 16 feet of crossing; also 186 feet 10 inches gutter-stone October 9th, at 22 cents per foot, \$40.96; August 5th, 1863, I have 500 feet 16 inches crossing at 28 cents, \$140; October 8th, 200 feet, 22 cents per foot. Sometimes we don't put the amounts down as we think the orders are sufficient; I was not very particular as I always kept the orders.

Cross-examined by Mr. MARCER: I manage the establishment up Second street; I pay the bills; sometimes when the notes come due I pay in my check. I buy and sell all the stone. I have a couple of horses and carts; I haul the stone; I get my day's wages and price of hauling. I have been with him since 1847, on 24th of June. I have a private bank account. I go when I please and come when I please. My boys take my place.

(Receipt Book.) This is my receipt book; I take all the receipts; I can explain the receipts in John C. Leiper's name. I pay every month; I keep the account; I purchase the stone from different parties; some from John Maxwell, Donovan & Sweeney, and sometimes from Mr. Maxwell's brother; I pay Mr. Maxwell for 10-inch gutter-stone 15 cents, 16-inch stone 27 cents, 20-inch 37 cents, in 1864. I charged City 22, 28 and 35 cents in 1863, 1 cent for loading, 3 cents for hauling, 2½ cents extra freight, hauling out of yard 3 cents. I have no interest except my salary, and in the horses and carts with which I hauled the stone. I get no percentage; I own the property; Mr. Leiper pays the ground rent.

W. A. BILGER, *sworn*: (Item 214, for \$188.) The carriages have been furnished; I have seen the book; they have been charged by my bookkeeper; none of these carriages have been furnished on Sunday.

HIRAM SWEET, *sworn*: (Item 300, West Philadelphia Passenger Railway Company \$24 for 16 loads of cobble-stone.) The Railroad Company put granite-blocks and took up the cobble-stone and carted them to depot, and sold these stone to the City to be used on Lancaster Pike; we have a few stone left on hand yet belonging to the City.

W. FINLETTER, *sworn*: (\$460 02.) It is about 400 feet long. I have intersections on both sides. I tore up the street from side to side with 1½ feet of the gutter.

NATHAN DAVIS, *sworn*: (Item 44, \$94.) I kept no account of the gravel; Mr. Schofield ordered me to furnish the gravel in the heap, the carter kept the account.

CHAS. GARDENER, *sworn*: I hauled the gravel on the street; I hauled it one time after another; I marked it down as I hauled; I gave the paper to the Supervisor: I hauled ninety-four loads, I believe.

Cross-examined by Mr. Marcer: I hauled some in Dauphin street; I hauled it off the heap; I put in the heap; Schofield told me to haul it, and whatever hauled off I was to be paid for it; I took it from my hole on Huntingdon street, to Amber street; this was my place to haul it; I told him to keep a particular account; he, Gardener, told me how many loads he hauled, and I made out the bill.

MR. DAVIS, *cross-examined*: I hauled all summer at different times; I hauled for him, Mr. Murtha, Bird, and others; I hauled one hundred and seven loads for Bird.

MR. DAVIS, *re-examined*: I am a carter by occupation; I have no evidence to show what days it was hauled; I made out the bill from the account Mr. Gardener kept; I do not know where the account is; I think the Supervisor kept a separate account.

MR. DAVIS, *sworn*: (Item 53, \$105 75): That bill is correct, and I furnished it as stated in the bill.

Item 59, \$5 25, delivered at that time; the gravel is better at \$1 00 than the 75 cents.

Johnson & Miller, (45, \$780; 64, \$19 03.)

SAMUEL MILLER, *sworn*: The bills are in my handwriting; Messrs. Morrison & Schofield instructed me; we can haul from forty to sixty feet in a cart load; we charge by the foot three cents a foot; \$19 03 paving intersection; we did the work; surveyor makes out the bill; nobody interested but me.

(John Rain, 47, \$231 73.)

SAMUEL MCCLAIN, foreman, *sworn*: (\$200, item 48.) I keep Mr. Kain's book; (Item 194, \$16 84,) John Kain; I did the work.

Bills \$91 25, hauling street dirt, approved; Miles Burke Supervisor.

It is the book account; it is for Shippen lane and Kates street, Spafford and Bedford. \$48 25; charged the City \$66 25 for three items.

JOS. COLLINS, *sworn*: (Item 81, \$15 40.) I bought the stone for Mr. McCloskey; it is what I paid him; I have had no profit.

MR. GATES, *sworn*: (James R. Gates & Co., 139, \$69 07, bill produced.) I furnished the lumber and delivered; it is my counting, and I made out the bill.

SAMUEL MEGARGEE, (153, \$63 12. No. 216, \$44 70.)

JOHN A. BRUNNER, *sworn*: The lumber was furnished by our teams and our firm. (Bills shown.) They are correct copies of book entries.

DANIEL HENON, *sworn*: (164, \$61 35.) Ninth and Moore streets; proved I did the work.

SAMUEL MILLER, *sworn*: (James Morrow, 225, \$45.) I got Mr. Morrow to do the hauling; I know Mr. Morrow hauled between one thousand and two thousand feet; I think about fifteen hundred feet were there.

MR. O'ROURKE, *sworn*: (Item 24½, Mather & O'Rourke, \$100.) I did work at the Harvy street culvert; I was paid all except for extra work; we did not take out one hundred perch. It was rock that could not be picked, and would not blow very well; I think we saved and gave away about twenty or thirty perches; I got either \$5 or \$7; this was all the sum; the surveyor said \$100 would pay it; I think I had \$17 or \$18 worth of powder.

MR. CUNNINGHAM, *sworn*: (Item 163, Cunningham & McNichol, \$19 09.) The work was done last fall at Twenty-fifth and Poplar streets; we furnished the materials and did the work; I made the bill out from number of men employed; I made the bills out from memory; I expect so, as it was a small bill; I know that we did the work; I don't think there were five hundred brick; I know we did the work.

(Item 323, J. McCloskey & Son, \$433 36.) I asked Mr. Keleh to approve the bill, and he said he would not sign it as he had no time to go out and look at the work; I gave the bill to Mr. Schofield and asked for flag stone, and he said the appropriation was exhausted, and I furnished it myself; I do not know the reason it was not signed; I supposed it was signed; I furnished some for other streets and got paid for it; I paid nothing to get the bills paid; this is the bill that was withheld by Mr. Schofield; I am one of the firm of J. McCloskey & Son; I keep the book accounts; we generally measure on the first of each month and enter them on

the first of the month; the stone are measured after they are laid on the streets.

MR. McCLAIN, *recalled*: (John Kain's bill, Item 47.) I am book keeper for Mr. Kain: \$231 73.

MR. THOS. DALY, *re-examined*: I am Surveyor of the First District: I never measured the work; it could not be measured now with any certainty, owing to the time elapsed since it was done, it is too much covered with dirt.

MR. CUNNINGHAM, *re-examined*: I am not a measurer; I am a paver and contractor; I measured the work because he said Mr. Daly had not time; Mr. Daly said if he had been asked he would have measured it; Mr. Kain spoke to me about it, but I did not do it on account of thinking it belonged to the Supervisor, I measured it with the tape line. length and breadth; I did the paving; the gravel was spread over the paving; Kain furnished the brick; Kain furnished all the materials; he furnished the gravel; I did the work at fifteen and seventeen cents a yard; a cart load of gravel will furnish about seventeen or eighteen square yards; Mr. Kain paid me; he allowed me all I measured; Mr. Kain employed me; I cannot tell whether it was by the day or yard; I think it was, to the best of my knowledge, by the yard; I was there but one day; I measured just where I saw the gravel; I am paver and contractor; I am foreman for myself; it took five days; my brother and Mr. Davis superintended the entire work in my absence; I had five or six men employed; I did not measure from curb to curb; I can swear positively that there is five hundred and eighty-one square yards of paving.

MR. DALY, *sworn*: (Bill of Thomas McCann, not in the bill for Christian street, \$510 18.) I measured it after it was covered with gravel: Christian street; I picked it out after it was covered; I measured two-thirds of the street: Fulton street, fourteen feet between the curb, three hundred and ninety-six feet length; Christian street took nearly one-half of Broad and Thirteenth streets: of Fulton, about twelve feet by twenty-four feet of Thirteenth street; of Fulton street, not more than eight or nine feet of the surface was paved.

Mr. Sperring stated his attention was called to go down and examine Christian street; it was covered with gravel: I kicked off the gravel and I came to the conclusion that

one-fourth of the surface was paved; and I found the old dirt below; I examined the street from Broad to Thirteenth street generally; the bill was not approved by either of the Commissioners; the bill never made its appearance before the Committee.

MICHAEL WARTMAN, *sworn*: (No. 88, \$15 for thirty loads of stone.) I had the bill made out; the Supervisor took the stone in my absence; they were hauled out to make a road in my premises on Domino lane, running from the pike to the Schuylkill; my wife and one of my men saw them take the stone.

MR. MORRISON, *re-examined*: The Supervisor told me about the stone; that he wanted some stone for a road; Mr. Wartman was not at home and I told him to haul them away, and settle for them afterwards; I don't know that I would have sold them at all if I had been home; it would just pay me for hauling them out; Arthur McKeenan was the Supervisor at the time.

JESSE DYER, *sworn*: (Item 89, \$726.) Those bills are in my handwriting; I did the work; (Item 104, \$12 42); no one interested but myself.

GEORGE SHINGLE, *sworn*: (Item 90, \$17 55.) It is in the name of Jacob F. Derr; the bill is correct, and I know the work was done and it has not been paid.

PATRICK MOORE, *sworn*: (Item 101, \$339 60.) I have a book account; it is at home; the Supervisor made out the bill; Mr. Swope; stone on Elizabeth street, Frankford, and Bridge street, at Whitehall; I did the work on order of Messrs. Schofield and Morrison; nobody interested; I paid nothing for the job; I got an order by end of month from Schofield and Morrison to go on with the work; eight hundred and forty-nine loads of stone at forty cents per load; the Supervisor hauled the stone.

EDWARD SWOPE, Supervisor, *sworn*: I made out the bill for Mr. Moore; I know the stones were hauled on the two streets: I made it out from his books; I kept no account; Mr. Moore's men gave the account every night; I took the account from Mr. Moore's book; it was about five hundred yards—about fifteen hundred feet; they required a great deal of stone: the street was macadamized; I judge it was from six to eight inches deep; I think it is a forty feet street; about twenty feet cartway; I can't say how many stones went to Frank-

ford, or how many went to Whitehall; I do not know how many stones went to either street.

Mr. MORRISON, *re-examined*: I do not know how many stone went there; I think they got all the stone in the bill; we approved the bill from what the Supervisor says; the evidence is upon what the Supervisor says: I know the work was done, but I do not know how many loads were furnished.

Mr. SWOPE, *examined*: I took the account from the book.

PHINEAS ATHERSON, *sworn*: (\$177.) I furnished all the stone; it was used by the City; it is a copy of my book account; it was not furnished all in one day; the reason of the difference in the price is the difference in the quality of the stone; the reason is, those put on load are fifty cents, and those by the perch are seventy-five cents; the stone was small; they were not exactly what you call spawls; this is for the stone delivered; we hauled them about one-half mile; it is for stone and hauling together; I made out the bill myself from my books; there are only three items entered on my books; I have not been paid on the bill, anything.

JOSEPH LADLY, *sworn*: (105, \$51 75.) I think Mr. Brooks made out the bill; I gave Mr. Brooks my bill—sixty perches; I furnished, at eighty cents a perch; it was furnished for Duy's lane; it was over a mile; I have not been paid anything on the bill; it is the first job I ever done and it is the last.

JOHN GILFEATHER, *sworn*: (Item 110, \$141 96 for stone.) I did the work, and I had the men, horses, carts, &c., employed.

EDWARD WHITE, *sworn*: (Item 119, \$39.) I furnished stone; they were building stone; I merely kept a mark of each load; Mr. Snyder is the Supervisor.

——— SNYDER, *sworn*: Those stone were delivered on the road; Comly's for a drain; I seen them on the road; I did not measure them.

GEORGE W. LEECH, *sworn*: (Item 120, \$26 25.) I keep the book and done the work.

GEORGE SICHLER, *sworn*: (Item 135, \$33 50.) The bill shown; it is my son's bill; the work was done by Mr. Hart, on contract for the City; Mr. Hart got paid for the labor by the day.

F. V. SNYDER, *sworn*: I worked at repaving the bridges; I am a farmer on a small scale; I have no book account; I

done it for Morrison and Kelch; I have not been paid; it goes to me; the bill is in my handwriting; I kept it in a paper in my pocket book; Mr. Snyder, the Supervisor, has no interest in it; I bought the stone and lime; I did all the mason work myself.

SAMUEL BESSON, *sworn*: (No. 174, \$187 50.) Bill for two hundred and fifty perches of stone; I quarried the stone; they were measured; Enoch Rex measured them; I hauled them myself; they were put in the wall, and after they were put in they were measured; Enoch Rex measured them; Shingle helped to measure them; they were used on the side of a road; I think I gave the bill to Shingle in June or July; I keep no book account.

J. T. VOGDES & Co., *sworn*: I am a builder and contractor, (\$156 62); no one was to get anything; I am a house carpenter; I lumped the job at \$125; it cost me pretty near that amount; I have not been paid on account of the work.

Item 76. I cannot give any information on the bill; I cannot say anything about it; I have been paid for all the stone I furnished; I furnished two or three vessel loads; I did not make that bill; I don't know anything about it; I did not keep any books; I was told that there was a bill coming to me by Mr. Schofield; Leech also told me there was a bill, not paid for, coming to me; Mr. Leech said I was interested in it; Mr. Leech bought all the stone that was furnished; my name was simply used to buy the stone; Mr. Leech bought the stone in my name; I have never received any profit; I expect to get it from Mr. Leech; I have had no settlement; it was in June or July, while he was a member of Council; James Thomas composed the firm of J. T. Vogdes & Co.

Item 76. I am not prepared to answer the question, who is J. T. Vogdes & Co., in Item No. 76; I do not want to answer it; I know who it is; it will not criminate me; I do not know that it will criminate any one else; Mr. Leech is not interested on Forty-first or Forty-second street.

JAMES QUINN, *sworn*: (\$37 50.) I made out the bill; this was for cutting off connection on Germantown road, Culvert, &c.; I presented the bill before but it was lost; that is the duplicate of the bill that was lost.

SAMUEL H. COLLINS, *sworn*: (Item 155, \$301 50.) I

have a copy of my bill; I did work at Armat street, Germantown: this bill I now hand you is a copy of work done; I charged nothing here but what the men done; \$145 55, is work done by my men, and charged nothing for myself; the bill of \$301 50, is in my handwriting and presented by me; I will tell why: I will say that before I undertook this work I said I did not want to work for the city; the reply made to me was, I would have to grease some one to get it; the impression was some of the Highway Committee; I made out bill for \$145 55, and I was told it would have to be made out another way, and I took the bill and made out the one for \$301 50: I was over-persuaded I presented the bill for \$145 55 to Mr. Brooks; it was Mr. Brooks who said the bill would not do; I paid nothing to Mr. Brooks; I supposed I was to pay him something; he is dead; I never saw the Commissioner in relation to the bill. Mr. Brooks died last Spring; he was Supervisor of the Twenty-second Ward: I did not present the bill to Mr. Morrison, he approved the bill without seeing me or inquiring for me. Mr. Brooks said nothing to me, only that I would have to grease the parties, and I took it that it meant all of the parties. Mr. Brooks said to me, you charge for these men; some belonged to him and some to me; I never had any conversation with Mr. Morrison; I had no talk with Mr. Schofield.

T. WILLARD GEORGE, *sworn*: I had that bill in my possession with others, to the number of two hundred and fifty bills; I made the list out from the bill; I remember the bill when I made out the Highway Deficiency Bill; I counted the bills, it was about two hundred and fifty bills; together with the schedule: I either took it or left it at Andrew Zane's office; I do not know who left the bill at the office; it was left to make out the deficiency bill, I prepared it and left it with Andrew Zane, Jr.; somebody came to me in the Select Chamber and asked me if I knew anything about it. Mr. Zane stopped in at the office and asked me if it was among the bills left at my office. I told him what I said to you; I never saw the bills after they left Mr. Zane's office; I have taken other bills to Mr. Zane to add to the list; I have no doubt that I left it at Mr. Zane's office.

A. STEWART, *sworn*: I never to my knowledge saw anything of J. T. Vogdes' bill; I could not have lost it if in my possession; no person except Mr. Miller ever asked me for

the bill; I have looked several times for the bill and could not find it; I am satisfied it never was in my possession.

JAMES ZIMMERMAN, *sworn*: I never knew anything of the bill of Mr. J. T. Vogdes; no one knew anything about the bill but myself and Mr. Stewart; no one borrowed the bill; I am positive nobody knew they were there but Mr. Stewart and myself.

JOSHUA CONLY, *sworn*: (Item 87, \$347 50): bill shown: it is in my handwriting; I do not know who put that date on it; I make it seven hundred and four perches; they were common building stone; I presented my bill in February and March; I never saw the bill since I presented it; I do not know who cut the date out or inserted it: that is a fair price: I would not have made out the bill for more than I furnished; it foots up \$347 50.

PATRICK MOORE, *sworn*: (Item 101, \$339 60). I put the entry down as I furnished the stone; 14th September, '63, 17 loads; 15th, 15th, 17 loads; on 17th, 19 loads; on 17th, 20 loads; on 17th, 18, 13, 8, 18, 18, 19, 18, 19, 3, 16, 16, 16, 13, 17, 15, 15, 14, 21, 19, 20, 17, 20, 19, 17, 17, 26, 18, 12, 30, 20, 20, 20, 20, 26, 25, 25, 25, 25, 15, 7 loads; I made the entries every day; I opened September 14th, 1863, and every day of hauling I put the loads down; Mr. Swope made the bill out; it was about fifteen perches from the quarry, some of it a mile; it was forty cents a perch; it was for the stone; I suppose the hauling was paid for; I had nothing to do with the hauling; I rented the quarry and I sold the stone to the city; I kept the account myself; the men came in every night and kept the account; the Supervisor employed the men.

EDWARD SWOPE, *sworn*: I know Patrick Moore furnished spawls on Elizabeth street and Bridge street; I never kept the account; I do not know whether the city received eight hundred and forty-nine perches or not; I am a blacksmith by trade; I should suppose eight hundred and forty-nine perches on it; I think the depth of stone was ten or twelve inches and not five or six inches; It was a very bad road, and a great deal of complaint made about it; he prepared about three hundred yards on Elizabeth and two hundred yards on Bridge street; the loads were good one-horse loads; it was my duty to see good loads and not my business to keep

the account of number of loads. Mr. Moore said it was so, and I took his word.

Mr. MOORE, *re-examined*: Mr. Morrison and Mr. Schofield gave the order; I employed the carters; they got paid by the day; I saw some stone delivered at Elizabeth street and none at Bridge street; I charged all the stone to the city; it is my handwriting; my object in keeping the account of Russell was that I wished to get my board; the account in the book I do not know whether he worked a day, week, or month for the city. I sell stone to others; I keep stone sold to others in another book; I charge forty cents to other persons, the same as the city; next to me they charged sixty-two cents; I charged forty cents a load and not delivered; there is no person interested in this bill; the carters keep the account and return to me at night; I am not always at the quarry; that book has all the charges against the city of Philadelphia; (Item 158, \$27 20); I cannot show any account in my book; Mr. Buckius got the stone; it was about the same time of the large freshet I furnished the stone; it was near the time I furnished the other; they were delivered between Harrowgate and Turnpike road; it was in September, I believe; they were furnished in September; I could not tell what time they were furnished; but they were furnished; the bill was presented for stone and spawl both; I charge \$2 00 per load of stone; I furnished spawl to Mr. Bockius; he hauled them himself; I furnished ten load of stone for \$20; I was not paid for them; the spawls I do not know; the bill is for both stone and spawls. Mr. Bockius always made my bills; I was not present when he made them out; the reason I know the bill is mine is, Mr. Bockius made out the bill; my brother helped me to load them; I went to Mr. Zane; I never brought suit; I never have been paid anything on account of the book.

EDWARD SWOPE, *re-examined*: I made the bill out from a book, (book shown); I think it is the book; I took a bill to him and made it out; (book shown;) I believe that is the book.

JOSEPH LADLEY, *sworn*: (Item 105.) I bought the stone and sold them to Thomas Brooks; (book produced;) it is in my handwriting; I made the account when the materials were furnished; I paid forty cents for stone from Job Haines and I sold the city at eighty cents; about a month

after I sold the city at eighty cents; I hauled them; it is included in the price; monthly I hauled them; delivered the stone at that price; forty loads; I would charge forty cents a perch for hauling and forty cents for stone; I hauled a perch and a half a load; I bought the stone and sold the city for getting the hauling; I could haul eight loads a day; I hauled some two horse teams and others with one horse; I was not to give Mr. Brooks any of the money. Mr. Brooks, I guess was dead before the bill came to the office. The stone was on Haines street when I purchased; I took the stone on the road; \$3 75 flag stone; I hauled from Armat stret to Duey's lane.

SAMUEL H. COLLINS, *re-examined*: I saw the stone; it was ordinary building stone; I sold the same kind of stone at forty-five cents a load; I never pay that amount for it; I charged thirty-seven and forty cents a load, sometimes forty-five cents; I saw the men delivering the stone; the price is reasonable.

FREDERICK COTERRIER, *sworn*: (Page 11, opposite 262, \$16 13, and upon Geo. Emerch, Item 152, \$100 50 cents.) The entry was made in September, 1863; the bill was made from the book; September 16th, 1863, 1st and 10th September, 1863, 13th September, 1863, 19th September, 1863; I was employed to do the work by the job; I got Mike Arnold to make out the bill; Mr. Mower advanced me more than one half of the bill for materials.

ANDREW ZANE, JR., *sworn*: I had a number of bills in my hands, and among them J. T. Vogdes & Co., was in my hands until I handed them to Mr. Stewart; a number of them wanted the approval of Supervisors, &c., and they were handed to various Committees, and I cannot account for the bill not being found; a number of the bills were out of my possession; I cannot say which of them; I have had three Commissioners at one time in my office, Mr. Schofield came to me and told me he did not want me to report the bills of Highway Deficiency Bill as there was something wrong; some of these bills were passed out of my possession by authority of the Committee.

JAMES J. MARTIN, *sworn*: (Item 190, Martin & Randall, stationery, \$276 74. Bill shown). It is in my handwriting; I have a book; (Produced.) The things were ordered by messenger; Mr. Hemphill, on order of Mr. Schofield; all

those goods went to the Highway Department; they are low prices.

ISRAEL ROBERTS, *sworn*: (Item 221, \$20.) I am paver by occupation; I graded Edwin street; the resolution is paving; I finished the paving last summer. (No. 295, \$32 60.) The reasons assigned they had no money; they said there was no money; I graded the street for the accommodation of the property owners; in getting the contract I do not think I had agreed to pave the intersections; I never had a contract where the intersections were included; Ordinance of Councils says City to be at no expense whatever.

LAWRENCE LAYER, *sworn*: (Item 145, \$99, building bridge on Fall's road.) I know the work was done under my supervision, by order of Mr. Morrison; I cannot say that all the stone was furnished; I am butcher by trade; I was Supervisor at the time.

JOHN A. BROWN, *sworn*: (Item 322, John A. Brown, \$26 60.) I am quarryman by occupation; I furnished spawls; I have a book; I have not it with me; I furnished one hundred and thirty-three loads at twenty cents, \$26.60; the spawls are worth sixty cents a load; I sold them very cheap; they were one horse loads.

SYLVESTER KEYSER, *affirmed*: (224, \$58 52.) I am in lumber business. (Bill shown.) It is my handwriting; it is a correct copy of my books; the lumber went to City of Philadelphia.

CUNNINGHAM & McNICHOL: (Item 163, \$19 09.) I am a paver; I have a book; I don't put matters like that in it; I had several pavers and rammers on the street; I had on the inlet, Twenty-fifth and Poplar streets; I don't know; not two or three more; I had three laborers one and a half days each; I don't know, only what Dan. McNichol told me.

R. R. SCHOFIELD, *sworn*: (Items 305, 306, 307 and 321.) There is no one else interested but me; I am a stonecutter by trade; I got the contract for paving over water pipe from Chief Commissioner of Highways; the appropriation was exhausted; I did not make out the bills until I wanted money; those bills were made out by my clerk; the bills never went before board; they were approved by Mr. Cassin and signed by the Chief Commissioner of Highways; the bills never went before the Committee on Highways; I gave the bills to my brother, and he told me Mr. Zane had

them; Mr. Zane told me they wanted approval of Supervisor and Commissioner; I commenced to pave about 1st of April and ended the 2d of June, 1863; I presented them whenever I wanted money; whenever I made out a bill I took it to Mr. Cassin for inspection, and when he approved it I took it to the Controller, and brought it back and he drew the warrant.

G. W. SCHOFIELD, *sworn*: (Item 305. Bill shown.) I have seen that bill before; this work is done under the supervision of the Highway Department, although I know very little about it; the course pursued was, that when a bill came down certified by the Chief Engineer of the Department, it was approved; the Highways know nothing about the bill; I have not approved of the bill; I do not know whether I approved of any of those bills; I have no way of making out whether the work was done; it never has been the case that the Commissioner approves these bills; while I was in office there were some of my brother's bills paid; I approved the bills; it was paving over the water pipe: (No. 306, paving over water pipe.) I have seen all the bills that Richard had that were certified by Mr. Cassin; I never paid any attention to them; the bills do not require the sanction of the Supervisor or Chief Commissioner of Highways; the bills paving over water pipe, the Commissioners, viz. Assistants, had nothing to do with it.

(307.) There is an appropriation to pay for the work, viz. \$5000; the bills run from June to December: the Item was not exhausted in June; it ran through some time; these bills came in one at a time; there was one bill dated in June; there was some difficulty with Mr. Cassin; they were measured several times; the Highway Department keeps no books when bills are presented; I know nothing about the bill only through certificate of Mr. Cassin; they have been paid through Engineer of Water Department.

(Item 321.) I know these bills. This work was ordered by the Department; the paving is all over the culverts and drains; I can't say that I gave any particular order for any job; the supervisor gave orders, but in most cases we gave the order; I was never asked about approving this bill; I do not know if Mr. Morrison was ever asked; I have no knowledge of Mr. Morrison refusing to approve these bills; the Commissioners never have approved of them; If you go to the Controller's Department you will find the custom;

never since consolidation the custom of the Commissioner to sign upon approval of the Supervisor; the Highway Department have no knowledge by the Supervisor, and measuring of the bill in reference to paving over culverts.

(No. 297.) I never saw this bill; I know the work was done: I ordered it done, myself, it was done by the party; I thought the bill was a warrant; I remember the work being done, and certified by the surveyor; the Company were notified one hundred times if notified once; the Company were insolvent; we could not get their license; I know something about Mr. Kelch refusing to approve of this bill; I think he was; that bill is work done and certified by the surveyor of the district, Mr. Smedley.

(On item 76 J. T. Vogdes & Co. \$1225 69.) I know the same was furnished; the bill came to me certified by Mr. Morrison, the man of the yard; I do not think I approved; Mr. Morrison approved of the bill; there is some bills I approved that if I had it to do over again, I would not do it; when an order is given and stone delivered, it is certified by the keeper of the yard; it was purchased for the City; I do not know who composed the firm of J. T. Vogdes & Co.; that bill came to the Highway Department certified to by Mr. Calloway and Jonathan Morrison; I know that J. T. Vogdes had an order to buy stone; I never gave an order to Isaac Leech to furnish stone; he had no right; Mr. Leech never solicited an order; I know Mr. Leech and Mr. Morrison were intimate; I know Mr. Vogdes got orders; I know they, Messrs. Leech and Vogdes had many transactions out of Councils; I do not know if he was in partnership with Mr. Leech; I know Mr. Shern furnished stone; I know I gave Mr. Shern orders for stone; I always gave the order to Mr. Shern, the agent of John C. Leiper; I did give Shern orders as agent for Leiper; the Commissioners gave orders for stone that I knew nothing about; I know there is bills that are not correct; Mr. Vogdes sold two boat loads to the City about \$1500; the books at the Highway Department will show the amount of stone furnished the City; I never signed warrants for \$5000 to the City; I cannot tell the amount; the keeper of the yard measured the stone and certified to the bills; I knew of the firm of J. T. Vogdes & Co. before I went into office; Mr. Leech never suggested the name of J. T. Vogdes & Co. for furnishing stone; he did about some

other work ; I never asked Mr. Leech to suggest to me some person to furnish stone to the City of Philadelphia ; I certainly had no idea there was some \$5000 furnished by J. T. Vogles & Co. ; I cannot keep account in my mind the amount any individual furnished, drawing warrants for \$200,000 ; Mr. Maxwell, of New York, I do not know ; he never called upon me in regard to stone ; I never remember of seeing Mr. Maxwell, I never remember such a man ; don't know him ; I know Mr. Grant ; I never heard tell of E. B. Bigelow & Co., of New York. Daniel McNichols ; resetting curb and paving gutters ; it was not the custom to pay for resetting curb and paving gutters ; Mr. Kelsh was right when he said so ; the custom was to furnish the gutter stone : it was not the custom of the Department to order it done or pay it ; I never directed him to do this work ; it was not customary to pay for it ; the claim of Mr. McNichols for gravel is correct.

MR. DALY *re-examined* : sworn : (John Kain's bill.) Mr. Kain called on me last Friday and I told him I could not see how I could ; I went this morning, the gutter was relaid from Thirteenth to Broad street except the north side, there was seventy-five or eighty feet not laid or touched ; I can see it plainer on this street than I supposed ; it is covered to the middle of the street the new paving is cut down ; I do not know if there is any gravel under it or not ; Mr. Kain did not know I was going out ; I measured the street between the curb, it is fourteen feet ; all the gutter was taken up. except fifty-eight feet had not been taken up ; I do not know how many brick it would take ; it would take about four bricks to the foot ; the street is in a very bad condition now : I cannot tell whether it was a good job or not ; I am a judge of this kind of work ; it is not a first rate job ; it is not possible for a man to say it is a good job now ; it has been done over a year ; I never was asked to measure the work ; I suppose it was done by the Supervisor ; it was a poor job ; Mr. Kain never asked me to measure the work ; it is usual to measure work done by contract.

APPENDIX No. 115.

To the Select and Common
Councils of the City of Philadelphia.

GENTLEMEN:—Your Committee to whom was referred the Highway deficiency bill of 1862 and 1863, would respectfully report, they have been at some expense for Clerk, Messenger and advertising, and procuring the attendance of those having claims in the bill. They therefore submit the annexed Ordinance to pay the same and ask its adoption.

RESOLUTION

Directing the City Controller to make certain transfers in the appropriation to the Receiver of Taxes.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Controller is hereby authorized to make the following transfers in the appropriation to the Receiver of Taxes, approved January 4, 1864, to wit:

From item 4, Advertising Delinquents, to item 5, Blank Books and Stationery, the sum of six hundred dollars; to item 6, Printing Bill and Notices, the sum of two hundred dollars; and to item 7, the sum of three hundred and twenty-five dollars.

APPENDIX No. 123.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report three ordinances: one making the annual appropriation to the Commissioners of the Sinking Fund for the year 1865; another entitled "An Ordinance to pay the funded debt maturing in 1864;" and an ordinance to make

an appropriation to pay the interest on the funded debt of the City falling due January 1, 1865; and ask their adoption.

WM. LOUGHLIN,	JOSHUA SPERING,
H. W. GRAY,	A. L. HODGSON,
JOSEPH F. MARCER,	HENRY C. HARRISON.

AN ORDINANCE

To make an appropriation to pay the funded debt of the City of Philadelphia, maturing during the year one thousand eight hundred and sixty-five.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of four hundred and ninety-two thousand, eight hundred and thirty dollars and forty seven cents, (\$492,830 47,) be and the same is hereby appropriated to the Commissioners of the Sinking Fund, for the purpose of paying, from time to time, as the same may be claimed, the funded debt of the City maturing during the year one thousand eight hundred and sixty-five.

SECT. 2. RESOLUTION

To authorize the paving of Carpenter street, from Gray's Ferry road, westward, about one hundred and twenty-eight feet.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief Commissioner of Highways be and he is hereby authorized and directed to enter into a contract with a competent paver or pavers, who shall be selected by a majority of the owners of property owning a majority of feet fronting on Carpenter street, from Gray's Ferry's road, westward, about one hundred and twenty-eight feet, for the paving thereof; the conditions of

said contract shall be, that the contractors shall collect the cost of said paving from the owners of property fronting on said street, and enter into an obligation to the City to keep said street in good order for two years after said paving is finished, the City to be at no cost for grading the same.

APPENDIX No. 128.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance respectfully report, as committed, the bill entitled "An Ordinance making an appropriation for the payment of the increased salaries of the Secretaries of the several Boards of Directors of the Public Schools," &c., and recommend its passage. The Act of Assembly referred to in the bill makes this obligatory upon Councils.

AN ORDINANCE

Making an appropriation for the payment of the increased salaries of the Secretaries of the several Boards of Directors of the Public Schools in the First School District of Pennsylvania.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That the sum of one thousand two hundred and fifty dollars (\$1,250) be and is hereby appropriated for the payment of the increased salaries of the Secretaries of the several Boards of Directors of the Public Schools in the First School District of Pennsylvania for the present year, (1864,) as provided by the Act of General Assembly approved the fourth day of May, A.D. 1864, entitled "An Act to provide for the payment of salaries of the Secretaries of the Sectional Boards of School Directors in the City of Philadelphia," and warrants for the payment thereof shall be drawn by the Board

of Controllers of Public Schools in conformity with existing ordinances.

APPENDIX No. 129.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance, to whom were referred the estimates of the City Treasurer for the ensuing year, respectfully report that they have carefully examined them, and find them correct. They therefore recommend the passage of the annexed ordinance, making the usual appropriations to that department for the year 1865.

AN ORDINANCE

To make an appropriation to the Department of City Treasurer for the year
1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of sixty thousand, four hundred and ninety-nine dollars and forty-eight cents be and the same is hereby appropriated to the Department of the City Treasurer for the year eighteen hundred and sixty five, as follows:

Item 1. For the salary of the City Treasurer, twenty-five hundred dollars.

Item 2. For salary of Chief Clerk, Paying Teller, Stock Clerk, Transfer Clerk, and Warrant Clerk, six thousand three hundred dollars.

Item 3. For salaries of Miscellaneous Clerks and Messenger, twenty-eight hundred dollars.

Item 4. For Books, Printing and Stationery, twenty-five hundred dollars.

Item 5. For Advertising, one hundred dollars.

Item 6. For Fuel, Stamps required by Act of Congress, office and other expenses, nineteen hundred dollars.

Item 7. For interest on endorsed warrants paid by the City Treasurer during the year 1864, in pursuance to the provisions of "An Ordinance to provide for the payment of interest on warrants," approved March 1st, 1861, forty-four thousand three hundred and ninety-nine dollars and forty-eight cents.

Warrants shall be drawn by the City Treasurer.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance, to whom were referred the estimates of the Commissioner of Markets, Wharves and Landings, for the year 1865, respectfully report that they have examined and revised the same, and have made such reductions therefrom as a judicious economy seems to require. The item for "Cleansing Markets," \$3,800, has been stricken out entirely, as this work clearly belongs to the Department for Cleansing the Streets.

The Committee recommend the passage of the annexed bill, making the proper appropriations to the Department of Markets, &c, for the ensuing year.

A P P E N D I X N o . 1 3 6 .

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Gas reports that having understood from well founded rumor, that a proposition was pending before the Board of Trustees of the Gas Works to make a contract for forty thousand tons of coal, at the price of eleven dollars per ton, to be delivered on and after July, 1865, the expiration of existing contracts, without the usual and legal advertisements for proposals, your Committee felt it to be their duty to address the Trustees on the subject, stating their views of the objectionable character of the transaction, a copy of the same is annexed marked "A."

Your Committee regret to be compelled to state that their communication to the Board was disregarded, and that the

Board resolved to enter into a contract, a copy of their resolutions is annexed, marked "B."

The Board of Trustees not only disregarded the objections of your Committee, but it appears that they also acted in opposition to the written opinion of the City Solicitor, who decided that the proposed contract was contrary to law. A copy of his opinion is annexed, marked "C."

Your Committee is also informed that the measure was pressed through the Board, with unusual speed by a bare majority of votes. Your Committee is of opinion that the subject demands immediate and searching investigation by Councils. The Consolidation Act requires Councils to establish and regulate the departments of the City. The Gas department is expressly mentioned in the Act. Councils accordingly in March, 1855, passed an ordinance, entitled "An Ordinance for the regulation of the Department of Gas." The trustees, therefore, constitute by Act of Assembly and by ordinance of Councils, the Department of Gas. The Act of Assembly, referred to by the City Solicitor, passed April 1856, one year after the ordinance of 1855, expressly forbids any department of the City to make contracts for *supplies*, without advertising for proposals, and requiring security for the faithful performance of the contract.

Your Committee deem it to be their duty also to call the attention of Councils to the important subject of the rights and duties of their Committee. In the present case the action of your Committee has been ignored by the Trustees, and it becomes Councils to vindicate or abandon their rights. The fifth section of the Consolidation Act which enacts that the City Department shall be established and regulated by Councils, also enacts, as follows; "and through the Mayor, *and proper Committees*, the said Councils *shall maintain a supervision of each department, whether corporate or otherwise*, and over the Inspectors of the prison, for the exposure and conviction of all evils and abuses, and for that purpose may require the production, and inspect all books and papers, and the attendance of witnesses by subpoena and examine them under oath or affirmation." This salutary enactment is an important check upon the various departments, without the *right of supervision by proper Committees*, the action of the department would be freed from all official inspection. In the present instance, your Committee felt that an evil

and an abuse was in contemplation, and the communication should have been met by respectful attention, and an invitation to a conference.

It is a mistake to suppose, as your Committee must believe the majority of the trustees did, that the trustees are outside of the supervision of Councils. The Supreme Court has only decided at the instance of bondholders, that Councils cannot take the trust into their own hands and that the number of Trustees cannot be increased, nothing more. They have not decided that the trustees are free from the restraints and control to which all persons in public trusts are wisely subjected.

Your Committee recommend the immediate adoption of the following resolutions :

RESOLUTION

Relative to a contract for the purchase of 40,000 tons of Coal by the Trustees of the Philadelphia Gas Works.

Resolved, That a Committee of Three be appointed to investigate the subject of the proposed contract of coal, mentioned in this report, with power to examine persons and papers and report to Councils.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be directed to proceed by bill of injunction to prevent the execution of said contract.

SAMUEL J. CRESWELL,
Chairman of Gas Committee.

F. P. NICHOLSON,
R. H. GRATZ,

JOHN ECKSTEIN,

WM. M. UHLER,
THOS. H. GILL,

GEO. F. OMERLY,
to bring the report before Council.

Dec. 15th, 1864.

“A.”

Whereas, The Committee on Gas have learned that it is proposed by the Trustees of the Philadelphia Gas Works to make a contract for coal, the deliveries of which will not commence until July, 1865, (after the contracts for the present current year are filled,) and whereas the proposed contract is intended to be made without inviting competition by advertising or otherwise, and whereas it is brought to the

knowledge of this Committee, that several mines on the line of the Pennsylvania Central Railroad are now being opened and developed by responsible parties, therefore it is

Resolved, By the Committee on Gas that they respectfully recommend to the Trustees of the Philadelphia Gas Works not to consummate the contract as proposed, that should it be deemed to the advantage of the Trust to make a contract so far in advance of the time of delivery, it would be proper to advertise the same so that competition may be had and justice done to those who are now developing the coal resources of our State.

(Signed)

SAMUEL J. CRESWELL,	GEORGE F. OMERLY,
Chairman of Gas Committee.	
JOHN ECKSTEIN,	R. H. GRATZ,
H. C. ORAM,	WM. M. UHLER,
JAMES G. PEALE.	

“B.”

Resolved, That the Chief Engineer under the direction of the Special Committee on Coal be directed to contract with Wm. B. Hays for thirty thousand tons of coal, on the terms named in this communication. To be expressly understood in the terms of the contract, that if any reduction should occur in the price of transportation named, \$4 75 per ton of two thousand pounds, the Trust is to have all the benefit of said reduction, the coal to be furnished to be equal to the sample furnished to the Chief Engineer for test, and Wm. B. Hays to build the requisite number of cars to carry the coal to market.

“C.”

To EDWARD H. TROTTER, Esq.,

My dear Sir:—I have received and carefully considered your letter of to-day, in which you ask my opinion as to “the power of the Trustees of the Gas Works to purchase a large proportion of the coal to be consumed next year, without previous public advertisement.”

The Councils of Philadelphia by the 5th section of the

ordinance of March 21st, 1835, authorized the Trustees to purchase materials, make contracts, and employ such agents as to the Trustees should seem expedient to carry out the intent of the ordinance, and this power was continued by the ordinance of March 20, 1855, which placed the Gas Works of the districts under the same trust.

The 27th section of the Act of May 13th, 1856, (P. L. 563) enacts, that hereafter all goods, merchandize and other articles of any kind, and labor and service required for the City of Philadelphia, *in any department thereof*, shall be purchased or contracted for, only in such manner as shall be prescribed by ordinance, and for that purpose the Councils are required to direct by ordinance the manner and time of making the yearly estimates by the several departments * * and of receiving sealed proposals for such supplies, * * which proposals shall be preceded by advertisement, &c.

I am of the opinion that this law clearly embraces the management of the Gas Works, although there is a prevalent opinion that they are not one of the departments of the city as ordinarily understood.

Councils are also required, by the law I have quoted, to direct the manner of receiving proposals, I am not aware that the Councils have passed any such ordinance, but I can see no good reason because of this omission for disobeying the clear mandate of the law contained in these words, viz.: "which proposals shall be preceded by advertisement."

Nor can I recognize the honesty of the argument that because the law is frequently violated, therefore it is to be still further disobeyed.

Many articles are purchased by the departments in small quantities, and from the nature of the want it might be impossible to advertise in all cases.

This the law does not require. The great supplies, however, which are needed in large quantities, should be open to the competition of every dealer in the market. Besides this it should not be lost sight of that your Board are Trustees. The word implies that they are to do the best and utmost for the benefit of the trust committed to their care which the nature of each particular case may admit of. I do not see how any agent would be justified in making a large contract for the supply perhaps of thousands of tons of a particular article involving the outlay of a sum which

to many would be a large fortune, without opening wide the door for honorable business competition.

Your Board have great reason to be proud of the reputation they have acquired for fidelity to this sterling principle of right.

Very respectfully and truly yours,
(Signed) F. CARROLL BREWSTER,
City Solicitor.

To the Select and Common Councils
of the City of Philadelphia.

The Select Committee to whom were referred the petitions of storekeepers and others, asking that the tenth and seventeenth sections of the ordinance relating to nuisances, and certain remonstrances against such repeal, respectfully report that they have given the subject a full and patient consideration, and have heard the petitioners and remonstrants in support of their respective views. The Committee feel constrained to recommend the repeal of the sections referred to, and ask to be discharged from the further consideration of the subject.

APPENDIX No. 136.

To the Select and Common Councils
of the City of Philadelphia.

The undersigned, members of the Select Committee to whom was referred the subject of repealing the tenth and seventeenth sections of the "Ordinance relating to Nuisances," respectfully report their dissent from the decision of the majority of the Committee. They cannot perceive

the propriety or necessity of permitting any trade or business being carried on in the public streets, nor do they believe that it adds to the beauty of the City, or the convenience of the public at large, to see flaunting signs and merchandize projected into the highways so as to obstruct the view and the travel of the people. They believe that the public highways are common property, and should be protected from private invasion, except in cases of emergency or extreme necessity, which the undersigned have failed to perceive in the petitions for the repeal of the sections referred to. They, therefore, report against such repeal.

APPENDIX No. 140.

To the President and Members of the
Common Council of the City of Philadelphia.

GENTLEMEN:—The unusually low tides in the Schuylkill, in the early part of last week, enabled the Department to inspect the foundations of the Fairmount dam. The building of this dam was commenced in 1819, and finished in 1821. It was rebuilt from low water up in 1842 and '43, about four hundred and fifty feet of the overfall of the dam is in deep water, from fourteen to nineteen feet below low tide; this part is sustained on crib work of timber filled with stone. The dam is constructed in the most substantial manner, and reflects credit upon its builder and designer, Ariel Cooley, who sacrificed his life in constructing it, and the failure of this crib reflects no discredit upon his part of the work.

The timber below water are not decayed, but the constant action of the water has loosened them, and in several cases actually worn them out.

It was found upon inspection that the front of one of these cribs had been washed out, leaving thirty-two feet in length by from ten to fifteen feet in depth of the overfall of the dam without any support. At my request, Mr. Smith, the engineer of the Schuylkill Navigation Company, examined this defective part of the dam; he joined with me in the opinion that no time should be lost in strengthening it. I therefore made arrangements to commence the work at once without waiting for authority from Councils, believing the matter of such vital importance that you would sanction my proceeding.

To strengthen and repair this part of the dam a crib of heavy timber work is being constructed, fifty feet long by twenty-five feet wide, and of sufficient depth (fourteen feet) to bring it up to low tide, this will be sunk and filled with stone immediately in front of place occupied by the crib which has been in part washed out, and the face of the dam will then be opened and strengthened with new timber and again filled with stone.

It is impossible to form a reliable estimate of the cost of the work, from its nature and inclement season of the year

in which we are forced to do it. Arrangements have been made with Messrs. Neveling & Baisley, the parties now constructing the wharf for the Department at the Kensington works, who are building the crib. The necessary bolts and iron work are being prepared at the City shop; preparations for fixing the crib, preparing a place for it, and the collecting stone is being done by the hands at Fairmount.

The entire cost of the work will not probably exceed ten thousand dollars.

The Department would recommend a line of cribs, similar to the one now constructing, placed across the entire length of the deep water, and an apron placed upon them, as there are other weak places on the foundation of the dam, but none which appear in imminent danger; such crib work, however, would prevent any of the old work being washed out, and the foundations would be preserved from injury.

It is to be regretted that no appropriations were made, and the repair of the dam commenced when the attention of Councils was called to the subject in 1860. The crib work above recommended, stretching across the deep water, should be constructed at once.

Yours respectfully,

HENRY R. BIRKINBINE,
Chief Engineer.

APPENDIX No. 148.

AN ORDINANCE

To make an Appropriation for the Payment of Bounties to Volunteers.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That there shall be paid to each person who shall be mustered into the service of the United States, and credited to the quota of the city for the ensuing draft, the sum of one hundred dollars for one year, of two hundred and twenty-five dollars for two years, and of four hundred dollars for three years, and the president of each branch of Councils is hereby authorized to appoint each two citizens, and the Mayor is hereby authorized to

appoint one citizen, who shall constitute a commission to examine the claims for bounty, and if correct, to certify the same to the Mayor, who is hereby authorized to draw the warrant for the payment of the bounty: *Provided, however,* That no such warrant shall be drawn until a proper officer shall certify that the person to whom the said bounty shall be payable has been mustered into the service of the United States. Said commission may employ such clerks and such rooms, and purchase such materials as shall be required for the performance of the duty herein imposed upon them, and shall have the power to adjust all unfinished matters arising under "An Ordinance to make an appropriation for the payment of bounty to Volunteers under the next call of the President of the United States," approved December 12, 1863, and of the Supplements thereto, and shall have charge of all the books, papers, vouchers, rolls, etc., in the custody and possession of the commission appointed under said ordinance.

SEC. 2. That no bounty shall be paid hereunder to the credit of Wards whose quota shall be full.

SEC. 3. That the sum of one million of dollars is hereby appropriated to execute the provisions of this ordinance. Said sum to be expended from a loan hereafter to be created.

APPENDIX No. 149.

To the President and Members of the Select
and Common Council of the City of Philadelphia.

The undersigned, members of the Finance Committee, ask leave to present the following communication on "the Ordinance to Encourage Enlistments," referred to said committee for consideration.

This ordinance so referred to the Finance Committee provides for the appropriation of one million of dollars by the City of Philadelphia, for the purpose of giving bounties to volunteer soldiers, and thereby secure the quota of troops demanded by the General Government without subjecting the loyalty of our city to the disgrace of a "draft" or "conscription."

In order to show the wisdom of this policy, it is only necessary to review the history of the past four years, when the cry of the last man and the last dollar to suppress the rebellion was raised by those who claimed by words to be the only loyal men in our city, the true friends of the Union in this Chamber, satisfied themselves to vote for the means to effect this purpose. Since then a change has occurred, it would seem inexplicable, unless the fear the last dollar is unable to obtain the last man is the reason.

The undersigned do not believe in such false economy, or in the assumed fact, that either the money or the men is exhausted. Our loyal citizens are as ready now, to save a draft as they ever were, and will cheerfully pay for their personal exemption. The bounty policy has heretofore answered all that was desired or expected from it. Since April, 1861, 70,000 men have enlisted by the bounty policy from Philadelphia in the military or naval service. 3,500 were only secured by a draft under the conscription law passed in 1863,—these figures prove that bounties are effective, and conscription a failure. Our citizens are opposed to the French plan of forcing them to fight, and this is proved by the almost unanimous public opinion in favor of obtaining volunteers by bounties.

Massachusetts has an agent in the border States to secure negro soldiers, and they receive large bounties. Will the people of Philadelphia put their loyalty in comparison with the freedmen of border States, and consent to be conscripted when these freedmen are obtained by bounties?

The undersigned agree that at the present time the city is in excess over all drafts prior to December, 1864, 3,500 men. The draft for 300,000 men now ordered, will require from this city 7,000 men, thus leaving a deficiency to be made up by bounties or conscription of only 3,500 men.

The undersigned do not believe that the last man is to be found in this number, or that if this Ordinance is passed it will contain the last dollar, and therefore they are willing to save our city from the disgrace of a conscription. Public opinion demands it, the loyal sentiments of our city demands it: the statement herein made of the number of men secured by bounties is the justification for the continuance of this system.

The undersigned therefore present the following Ordinance, and ask its consideration and adoption.

W. LOUGHLIN,
THOS. H. GILL.

APPENDIX No. 150.

To the Select and Common Councils
of the City of Philadelphia.

The Finance Committee, to whom was referred the annexed " Ordinance to make a further appropriation to encourage enlistments in the Military and Naval service of the United States," respectfully report back the same, with a recommendation that it do not pass.

Many considerations have occurred to bring your Committee to this conclusion. The state of the City finances, and the vast sums of money already spent by it to spare the citizens from a draft, the very small results obtained from this great expenditure, your Committee having been informed by gentlemen of the Bounty Fund Commission, who attended their meeting at which this subject was considered, that they have for some time thought the greater part of the City's money paid in bounties was wasted, and not more than one in four of the persons receiving the bounty was retained in the service of the United States. the consequent demoralization of a large portion of our population, who were tempted by the large amounts of money to become bounty jumpers and deserters, the conviction that a better class of men will be obtained by the actual enforcement of the draft, and the belief that the City's money will be better expended in support of the families of those who may be drafted. All these considerations unite in producing the conviction to which your Committee have arrived. They, therefore, ask to be discharged from the further consideration of the subject.

Respectfully submitted,

AN ORDINANCE

To make further appropriation to encourage enlistments in the Military and Naval service of the United States.

SECTION 1. *The Select and Common Councils of the City of Philadelphia, do ordain*, That the further sum of one million of dollars be and the same is hereby appropriated for the same use and purposes as the balance of the several appropriations specified and recited in "An Ordinance to encourage further enlistments in the Military and Naval service of the United States," approved November 4, 1864, and shall be expended in the same manner.

APPENDIX No. 151.

AN ORDINANCE

Providing for the Extinguishment of Fires in the City of Philadelphia.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of the City be and he is hereby authorized and requested to enter into a contract with a competent person or persons, corporation or corporations, who shall give the necessary security, for the extinguishment of Fires in the City, and the care and management of the Fire Department employed for that purpose, at a cost not exceeding the sum of seventy-five thousand dollars annually, and the Mayor is hereby further authorized and requested to adopt such rules, and prescribe and enforce such conditions, as he may deem necessary and proper to insure a just and equal distribution of Steam Fire Engines, Hose Companies, and other fire apparatus, among the several Wards and Districts of the City, and the prompt and efficient use of the same.

SEC. 2. That the Mayor of the City, the Chief of Police, and the Fire Marshal, shall constitute a Board, to be called the Fire Commissioners of the City of Philadelphia, who shall have full power to direct and manage the Fire Department, and to make all needful rules and regulations for the government of the same, subject only to the terms of

the contract authorized to be made by the first section hereof.

SEC. 3. That the sum of seventy-five thousand dollars be and the same is hereby appropriated to carry out the provisions of this Ordinance, and warrants therefor shall be drawn by the Mayor.

The Committee on Finance to whom were referred the estimates of the City Controller for the expenses of that Department for the ensuing year, respectfully report, that they have carefully examined the same. An Act of Assembly passed at the last session of the Legislature, dispenses with the publication of the Controller's annual report in newspapers, and relieves the City from a large and useless expense. With this exception, and increase of salaries already provided for by Ordinance, and a slight reduction in the item of stationery, the estimates are the same as formerly

made. The Committee submit the annexed Ordinance, making an appropriation to the Department for 1865, and recommend its passage.

Item 1. For Salaries of City Controller and Chief Clerk, five thousand one hundred dollars.

2. For Salaries of nine Assistant Clerks and Messenger, nine thousand six hundred and twenty-five dollars.

3. For Salaries of four Auditing Clerks, four thousand dollars.

General Expenses.

4. For Books and Stationery, one thousand dollars.

5. For Printing Annual Statement of the Controller, in pamphlet form, for the year 1864, one thousand dollars.

6. For Cleansing and Care of Office, two hundred dollars.

7. For Incidental Expenses and Fuel, three hundred and fifty dollars.

SEC. 2. And the Warrants shall be drawn by the City Controller.

APPENDIX No. 154.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance respectfully report, that they have examined the estimates of the Department of Street Cleaning for the year 1865, and recommend the passage of the annexed ordinance, making an appropriation to meet the expenses of that Department for the ensuing year.

The Committee have made but slight reductions in these estimates; and, from the able and economical manner in which the Department has been administered since it was created, the Committee are disposed to look with favor upon the estimates, and to yield their confidence to the integrity of the gentleman by whom they were prepared.

The Department is yet an experiment; but, if it shall be administered in the future as it has been in the past, it will no doubt prove a success, and entitle itself to the approbation of Councils and the public.

AN ORDINANCE

To make an appropriation to the Department of Street Cleaning for the year 1865.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of one hundred and seventeen thousand dollars be and the same is hereby appropriated to the Department of Street Cleaning for the year 1865, as follows:

Item 1. For salaries of Chief Inspector of Streets, and of the Clerk of the Department, two thousand five hundred dollars.

Item 2. For rent of office, light and fuel, five hundred dollars.

Item 3. For books, stationery, printing, and incidental expenses, one thousand dollars.

Item 4. For purchase of railway tickets and expense of keeping horse and wagon for use of the Chief Inspector, three hundred and fifty dollars.

Item 5. For purchasing and repairing street-cleaning and inlet tools, one thousand two hundred and fifty dollars.

Item 6. For rental of wharves and dumping grounds, three thousand dollars.

Item 7. For pay of laborers employed upon the streets, inlets, wharves and dumping grounds, and for the use of machinery in cleansing the streets, thirty-five thousand dollars.

Item 8. For pay of carts employed for removing dirt, ashes, offal, &c., seventy thousand dollars.

Item 9. For cleansing Market Houses, three thousand four hundred dollars.

SECT. 2. And warrants for the same shall be drawn by the Chief Inspector of Streets.

A P P E N D I X N o . 1 5 5 .

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance respectfully report the annexed "Ordinance to make an appropriation to the Clerks of Councils for the year 1865," and recommend its passage.

The amount of the appropriations is larger than it was for 1864, because of the advance in the price of paper, which has risen from \$3.50 or \$4.00 a ream, to \$7.00 and \$8.00 a ream, while all other articles of stationery have advanced in an equal ratio. An increase has also been made, by ordinance, on the salaries of the clerks and messengers, which is provided for in the present bill. The cost of printing and binding the journals and appendices of Councils has also advanced, in consequence of the rise in the price of labor and materials. The prices of printing and advertising are regulated by the rules of the trade, and are, of course, subject to such advances or reductions as the conditions of the

trade justify. The Committee are satisfied that the amount named in the bill is not more than may be required by the actual wants of Councils.

AN ORDINANCE

To make an appropriation to the Clerks of Councils for the year 1865:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of thirty-one thousand five hundred and seventy-four dollars and fifty cents be, and the same is hereby appropriated to the Clerks of Councils, for the expenses of the year 1865, as follows:

Item 1. For salaries of Clerks and Messengers, eight thousand and fifty dollars.

Item 2. For printing Journals and other documents, ten thousand dollars.

Item 3. For binding Journals and other documents, three thousand two hundred dollars.

Item 4. For advertising ordinances, resolutions and notices, the same not to be done in more than two newspapers, nor more than one time in each, six thousand dollars.

Item 5. For stationery, seventeen hundred and fifty dollars.

Item 6. For carriage hire, eight hundred dollars.

Item 7. For incidentals, twelve hundred dollars: *Provided*, That no warrant shall be drawn on this item to defray the expenses of any committee of Councils.

Item 8. For compensation of doorkeeper, two cleansers, and for making fires, five hundred and seventy-four dollars and fifty cents.

SECT. 2. And the warrants shall be drawn by the Clerks of Councils.

APPENDIX No. 156.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance respectfully report the annexed "Ordinance to make an appropriation to the Inspectors of the County Prison for the year 1865," and recommend its passage.

The Committee have carefully examined the estimates of the expenses of the County Prisons for the ensuing year, and were gratified to observe that the calculations for supplies were based upon a close and economical estimate of the wants of the Department, under a judicious administration of its affairs. The Committee have been called upon to make but one reduction upon these estimates—a prospective increase of salaries—which do not appear to be warranted by the claims of the officers, or the condition of the finances of the City.

APPENDIX No. 157.

To the Select and Common Councils
of the City of Philadelphia.

The Committee on Finance, to whom was referred the petition of the Assessors of this City, asking an additional appropriation to compensate them for extra services during

the present year, in making the military assessments, and the extra assessment for November, respectfully report :

That they have considered the subject, and are satisfied that some additional remuneration to these officers is merited. They claimed one hundred and fifty dollars each for those services, but the Committee believe that half that sum would be a fair compensation, and they therefore report an ordinance to pay that amount, and recommend its passage.

AN ORDINANCE

To make an appropriation to pay Assessors for extra services.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of six thousand two hundred dollars be and the same is hereby appropriated to the City Commissioners, for the purpose of paying to each of sixty-two assessors the sum of one hundred dollars, for extra services rendered by them during the present year, in making the military assessments, and the extra assessment required by law previous to the November election.

SECT. 2. And warrants for the same shall be drawn by the City Commissioners.

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future.

2. The second part of the paper discusses the role of the government in the development of the United States. It is argued that the government has played a crucial role in the development of the country, and that its actions have been guided by a set of principles that have been passed down from generation to generation.

3. The third part of the paper discusses the role of the individual in the development of the United States. It is argued that the individual has played a crucial role in the development of the country, and that his actions have been guided by a set of principles that have been passed down from generation to generation.
